Thanks David,

No, I do not have a case number. The owner of the property sent out a letter describing the intent to build three houses on the property. It sounds like he has not submitted that request to the County as of yet to subdivide the property. Is parcel number 048-076-080 and the 2007 LLA just one lot at this time?

Thanks,

Kevin

David,

I am contacting you to see if we could set up a brief meeting to understand the status of the proposed lot line adjustment (into three lots) and development of parcel number 048-076-080. I am at 681 Hermosa (APN 048-075-050) and am a direct neighbor to the aforementioned lot. I have also copied Ravi Ganesan (650 Miramar Drive//048-074-110) who is also interested in understanding where the proposed lot line adjustment and development stands from the counties perspective. If you could give us a couple options as to date and time to meet, we will do what we can to accommodate one of the times you provide us. I can also be reached at 650-766-0570.

Regards,

Kevin Ryan
