You'll Do

1) Answer Questions

The pulse survey will ask you to answer 1 question about your experience as a county employee which could be yes/no, multiple choice, ranked (1-10), or free response.

Your responses are key to driving improvements in the County.

2) Send Cheers

Recognize and celebrate someone who went above and beyond or did a great job.

If someone helped complete a tough project, brought in coffee, or anything you think deserves recognition, give them a cheer.

3) Give Suggestions

Tell leadership your bright ideas to make things better with actionable suggestions.

Ideas to improve processes are more valuable, and likely to be responded to, than complaints about particular individuals.
