Hi Camille,

I was going to install after meeting with Tay on 6/18 at 9:00 AM. If all goes well, I would start on the following 6/19. I am thinking that we would be done on 9, 10 & 11 two days after that. I will give some definite times after Tay meeting.

Thanks,
Noel

Hi Noel,

As we discussed last week, we will need to do an Erosion and Tree Protection inspection after the measures are installed and prior to the issuance of BLD permits for Lots 9-11. Do you know when these can be installed? If so, please send 3 dates/times that work for you after installation has occurred.

Thanks!
