Subject: Presentation of the San Mateo County Housing Element Update 2023-2031 by San Mateo County Planning – Information Only

Summary

San Mateo County is currently in the process of updating the County's Housing Element. The Housing Element is a required component of the County's General Plan and must be updated every eight years. Each city in the County is also updating their respective Housing Element Plans as well. The updated Housing Element will include assessments of the unincorporated County's housing need over the next eight years, policies and programs to address that need, and identification of available locations for housing development.

Will Gibson, a Planner with the San Mateo County Planning and Building Department, will be presenting an overview of the draft County Housing Element Update 2023-2031 to the LAFCo Commission.
