Hi Angela,

The site poster and demonstration of scale (DOS) have the following issues:

- 1. The picture should be taken from a public street, per the poster instructions.
- 2. The bottom part of the notice is not visible.
- 3. The demonstration of scale needs shall be posted with the site poster, per the DOS policies.
- 4. DOS should be to scale, represents all sides of the project along with immediately adjacent structures, per the DOS policies..

Please inform the applicant that incompliance with the DOS and poster policies may result in continuance.

Thank you, Glen

Hi Glen,

Does the location of the poster work? Or should I ask them to relocate it?

Thanks,

Angela

*Here is why I include my pronouns: It's important to get pronouns correct to support belonging and respect in the workplace for everyone, inclusive of our LGBTQ+ communities. Pronouns are words used to refer to people and are often gendered (for example, she/her, he/him, or they/them). We cannot assume we can tell the correct pronoun for a person. As an ally, an easy way to normalize the use of self-identified pronouns is to include them in your email signature. If cisgender individuals step up to normalize the inclusion of pronouns, it will be more affirming for transgender and gender diverse people to share pronouns. Will you join me, in solidarity, to include your pronouns in your email signature?
