Hi Vivian,

I have sent the City of East Palo Alto some follow up questions and hope to hear back in the next week or so. The RFQ for sewer services should be out by the end of the month.

I had two addition questions that I would like your feedback on in the report:

- In your view, is the majority of the proposed upgrades in the Sierra West Report (Oct. 31, 2022) in response to development projects in the City or in response to existing deficiencies in the sewer system for current customers?
- Based on the Sierra West Report (Oct. 31, 2022), how would you classify the overall condition of the sewer system?

Thank you,

Rob
