Planned Race-neutral Measures
The County intends to use the following Race Neutral measures to assist in meeting the Statewide DBE goals:

1. Providing information on contracting procedures and specific contract opportunities (e.g., utilizing our website to distribute DBE program information and contract opportunities).
2. Ensuring the distribution of the DBE directory through print or electronic means to potential prime contractors (e.g., making reference to the DBE directory in the project specification and on the San Mateo County website).
3. Arranging solicitation, times for the presentation of bids, quantities, specifications, and delivery schedule in ways that facilitate DBE and other small business participation within guidelines of County policy and State bidding requirements (e.g., unbundling large contracts to make them more accessible to small businesses and encouraging prime contractors to subcontract portions of work that they might otherwise perform with their own forces.)

Prompt Pay
49 CFR 26.29(b) requires one of three methods be used in federal-aid contracts to ensure prompt and full payment of any retainage kept by the prime contractor or subcontractor to a subcontractor.

Please see the attachment - The County will opt to use Method #3 to ensure prompt and full payment of any retainage.

Prompt Pay Enforcement Mechanism
49 CFR 26.29(d) requires providing appropriate means to enforce prompt payment. These means may include appropriate penalties for failure to comply with the terms and conditions of the contract. The means may also provide that any delay or postponement of payment among the parties may take place only for good cause with the Local Agency’s prior written approval.

The following wording is included in our federal-aid project specifications to enforce prompt payment:

"A prime contractor or subcontractor shall pay any subcontractor not later than 7 days of receipt of each progress payment in accordance with the provisions in Section 7108.5 of the California Business and Professions Code concerning prompt payment to subcontractors. The 7 days

Method 1: No retainage will be held by the agency from progress payments due to the prime contractor. Prime contractors and subcontractors are prohibited from holding retainage from subcontractors. Any delay or postponement of payment may take place only for good cause and with the agency’s prior written approval. Any violation of these provisions shall subject the violating contractor or subcontractor to the penalties, sanctions, and other remedies specified in Section 7108.5 of the California Business and Professions Code and Section 10262 of the California Public Contract Code for construction contracts, and Section 3321 of the California Civil Code for consultant contracts. This requirement shall not be construed to limit or impair any contractual, administrative or judicial remedies, otherwise available to the contractor or subcontractor in the event of a dispute involving late payment or nonpayment by the contractor, deficient subcontractor performance and/or noncompliance by a subcontractor. This clause applies to both DBE and non-DBE subcontractors.

Method 3: The agency shall hold retainage from the prime contractor and shall make prompt and regular incremental acceptances of portions, as determined by the agency of the contract work and pay retainage to the prime contractor based on these acceptances. The prime contractor or subcontractor shall return all monies withheld in retention from all subcontractors within seven (7) days for construction contracts and fifteen (15) days for consultant contracts after receiving payment for work satisfactorily completed and accepted including incremental acceptances of portions of the contract work by the agency. Any delay or postponement of payment may take place only for good cause and with the agency’s prior written approval.
