THE MSL PROGRAM

The UC Law SF Master of Studies in Law (MSL) is a program designed for leaders and passionate professionals who want to bring a knowledge of the law to their fields and careers, without becoming practicing lawyers. Specifically tailored to your professional needs, the MSL program allows you to specialize in your area of focus while gaining a fundamental understanding of legal reasoning and doctrine, whether pursued full-time (1 year) or part-time (up to 4 years).

Professionals in an array of fields increasingly work within a regulatory framework, interact with the legal system, and need to understand the law to best support their clients. After earning your MSL degree, you will be equipped with the critical thinking and reasoning skills necessary to think like a lawyer and make a greater impact in your industry.
