San Mateo County Domestic Violence Council

Point of Order re: Meeting Minutes for October 10, 2024

The Brown Act requires public participation and transparency in meetings. Violations to this public transparency have been occurring on a frequent basis, as a pattern of practice, and has been escalating.

- 1) Deputy Counsel Caiti Busch has been receiving public records requests for copies of the Zoom meeting videos, so she knows the public wants these.
- 2) With malice of forethought, Caiti Busch admitted via email, that she made the decision not to record the October 10, 2024 Domestic Violence Council zoom meeting
- 3) Per a Public Records Request we saw an email between Caiti Busch and Tanya Beat where they discussed the AI was recording every speaker as "Tanya Beat" because it could not distinguish the callers. This means that without hand written notes, the public record is compromised
- 4) Most importantly, The Domestic Violence Council has not been recording in the meeting minutes, verbatim, what the public speakers have said, therefore this is an INTENTIONAL censoring of the public record and a VIOLATION OF THE BROWN ACT.
- 5) We the People Demand a cease and desist to this behavior
- 6) I am attaching two personal recordings, via the youtube link, for the public record to be transcribed into the meeting minutes of the October 10, 2024 Domestic Violence Council, that We the People, Demand be reflected in the public record:

Public Comment Item 7: Multi-Disciplinary teams

Link to the public comments to be reflected in the meeting Minutes.

- 7) Additionally, The Public Record must reflect the following comments:

Item 6: Family Justice Center Update

Public Comment: Rhonda Reyna opposed any new family justice center costing the Taxpayers of California to fund a one stop shop child trafficking center. The Sheriff's Office and The District Attorney's Office need to be cleaned up of bad actors perpetrating child trafficking under color of law. The family court is violating protected rights of The People and kidnapping children under color of law and that must stop.

Supervisor Noelia Corzo interjected Rhonda's public comment directing her to make all comments to her and not to Adam Ely, who was the presenter. (Per the Brown Act a public discussion is required)

Public Comment Item 8: Action to Appoint new DV Awareness lead

Renata Demello asked if Rhonda Reyna could be appointed to that position stating that Rhonda is very knowledgeable and would be a good candidate.

Supervisor Noelia Corzo said "no".
