*For remote access, please refer to the public participation instructions.*

## Juvenile Justice Coordinating Council DJJ Realignment Subcommittee Meeting

**February 20, 2025 / 12:00-2:00pm**

**222 Paul Scannell Drive, San Mateo, CA 94402  
Chief's Conference Room, 2<sup>nd</sup> Floor**

### MEETING AGENDA

<b>I. Introductions – Roll Call</b>	Chief John T. Keene
<b>II. Public comment on issues not on agenda.</b>	Chief John T. Keene
<b>III. Discuss Juvenile Justice Realignment Block Grant Plan for 2025.</b>	Kim Gillette, Applied Survey Research
<b>IV. Adjournment</b>	Chief John T. Keene

### MEETINGS ARE ACCESSIBLE TO PEOPLE WITH DISABILITIES.

Individuals who need special assistance or a disability-related modification or accommodation (including auxiliary aids or services) to participate in this meeting, or who have a disability and wish to request an alternative format for the agenda, meeting notice, agenda packet or other writings that may be distributed at the meeting, should contact Tony Burchyns at least 72 hours before the meeting at (650) 444-1540 or [tburchyns@smcgov.org](mailto:tburchyns@smcgov.org). Notification in advance of the meeting will enable the county to make reasonable arrangements to ensure accessibility to this meeting and the materials related to it. Attendees to this meeting are reminded that other attendees may be sensitive to various chemical-based products.

**If you wish to speak to the Committee, please fill out a speaker's slip.** If you have anything that you wish distributed to the Committee and included in the official record, please send an email before the meeting to [tburchyns@smcgov.org](mailto:tburchyns@smcgov.org) or hand it to Tony Burchyns, who will distribute the information to the committee members.

## Instructions for Public Comment During Videoconference Meetings

If you wish to speak to the Commission during public comment, you may raise your hand using Zoom with the Reactions button at the bottom of your screen or indicate that you would like to speak if you are attending in person.

During videoconference meetings of the JJCC, members of the public may address the JJCC as follows:

### Written Comments:

Written public comments may be emailed in advance of the meeting. Please read the following instructions carefully:

1. Your written comment should be emailed to [tburchyns@smcgov.org](mailto:tburchyns@smcgov.org).
2. Your e-mail should include the specific agenda item on which you are commenting or note that your comment concerns an item that is not on the agenda.
3. Members of the public are limited to one comment per agenda item.
4. The length of the emailed comment should be commensurate with the two minutes customarily allowed for verbal comments, which is approximately 250-300 words.
5. If your emailed comment is received at least 24 hours prior to the meeting, it will be provided to the JJCC members and made publicly available on the JJCC website along with the agenda. We cannot guarantee that emails received less than 24-hours before the meeting will be read during the meeting, but such emails will still be included in the administrative record of the meeting.

### Spoken Comments:

Spoken public comments will be accepted during the meeting through Zoom via videoconference or telephone. Please read the following instructions carefully:

1. The JJCC meeting may be accessed through Zoom online or via telephone.
2. You may download the Zoom client or connect to the meeting using an internet browser. If using your browser, make sure you are using a current, up-to-date browser: Chrome 30+, Firefox 27+, Microsoft Edge 12+, Safari 7+. Certain functionality may be disabled in older browsers including Internet Explorer.
3. You will be asked to enter an email address and name. We request that you identify yourself by name as this will be visible online and will be used to notify you that it is your turn to speak.
4. When called, please limit your remarks to the time limit allotted.

# JUVENILE JUSTICE REALIGNMENT BLOCK GRANT ANNUAL PLAN

## MAIN CONTACT FOR PLAN

**Date:** April 30, 2025

**County Name:** San Mateo

**Contact Name:** John T. Keene, Chief Probation Officer

**Telephone Number:** 650-312-5520

**E-mail Address:** jkeene@smcgov.org

## BACKGROUND AND INSTRUCTIONS:

Welfare & Institutions Code Section(s) 1990-1995 establish the Juvenile Justice Realignment Block Grant program for the purpose of providing county-based care, custody, and supervision of youth who are realigned from the state Division of Juvenile Justice or who would otherwise be eligible for commitment to the Division of Juvenile Justice prior to its closure. Section 1995 was amended by Assembly Bill 505 (Ting, Chapter 528, Statutes of 2023.) This template has been updated to reflect those amendments which will be in effect on January 1, 2024. All citations are to the law as amended. The statutory language can be found [here](#).

To be eligible for funding allocations associated with this grant program, counties shall create a subcommittee of the multiagency juvenile justice coordinating council to develop a plan describing the facilities, programs, placements, services, supervision, and reentry strategies that are needed to provide appropriate rehabilitative services for realigned youth. (Welf. & Inst. Code § 1995(a).)

County plans are to be submitted to the Office of Youth and Community Restoration in accordance with Welf. & Inst. Code §1995. OYCR may request revisions as necessary or request completion of the required planning process prior to final acceptance of the plan. (Welf. & Inst. Code § 1995 (f).) Plans will be posted to the Office of Youth and Community Restoration website. (Welf. & Inst. Code § 1995(g).)

There are nine sections to the plan:

- Part 1: Subcommittee Composition
- Part 2: Target Population
- Part 3: Programs and Services
- Part 4: Juvenile Justice Realignment Block Grant Funds
- Part 5: Facility Plan
- Part 6: Retaining the Target Population in the Juvenile Justice System
- Part 7: Regional Efforts
- Part 8: Data
- Part 9: Other Updates

**PART 1: SUBCOMMITTEE COMPOSITION AND PROCESS (WELF. & INST. CODE §§ 1995 (B) AND (C))**

List the subcommittee members, agency affiliation where applicable, and contact information:

*Describe the process used to determine whether to select a co-chair for your subcommittee (Welf. & Inst. Code § 1995(b)):*

The San Mateo County DJJ Realignment Subcommittee voted not to select a co-chair.

*Provide the dates of the last two meetings that the subcommittee convened to discuss your county's JJRBG plan:*

Meeting Date 1: **TBD** Meeting Date 2: **TBD**

*Additional meeting dates of the subcommittee, if applicable:*

**TBD**

*Date that the subcommittee approved the plan by a majority vote.*

**TBD**

*Describe how the plan was developed, including the review and participation of the subcommittee community members as defined in Welf. & Inst. Code § 1995(b):*

The table below describes the process and timeline the County used to develop its 2024 plan.

Date	Activity
January 2025	Probation prepared an updated draft of San Mateo County's Juvenile Justice Realignment Block Grant Plan with revised data, program information, and revisions for 2025.
February 20, 2025	<b>Subcommittee Meeting #1</b> – The Juvenile Justice Coordinating Council's DJJ Realignment Subcommittee met to review and discuss the draft plan.

February/March 2025	Subcommittee members provided written feedback on the draft plan. Probation compiled the feedback and developed a final draft.
Early April 2025	<b>Subcommittee Meeting #2</b> – Subcommittee met to review and adopt the plan.
April 2025	Probation Dept. submits plan to OYCR.

DRAFT

**PART 2: TARGET POPULATION (WELF. & INST. CODE § 1995(D)(1))**

Briefly describe the County’s realignment target population supported by the block grant.

The “target population” is defined as “youth who were eligible for commitment to the Division of Juvenile Justice prior to its closure and shall further be defined as persons who are adjudicated to be a ward of the juvenile court based on an offense described in subdivision (b) of Section 707 or an offense described in Section 290.008 of the Penal Code.” (Welf. & Inst. Code § 1990(b))

**2020-2024 Target Population Data**

To understand the target population for the grant program, the San Mateo County Probation Department compiled data from the past five calendar years (2020-2024) on persons who were 1) eligible for commitment to the Division of Juvenile Justice prior to its closure, and/or 2) adjudicated to be a ward of the juvenile court based on a 707(b) and/or 290.008 offense. The key findings are summarized below.

- There were 89 adjudications for 707(b) and/or 290.008 crimes in the County between Jan. 1, 2020, and Dec. 31, 2024 – an average of 17 per year.
- The cases fall into the following categories based on the most serious adjudicated offense: Assault (44), robbery (32), homicide (4), attempted homicide (3), and sex offenses (6).
- 92% of defendants identified as male; 8% as female.
- 64% of defendants identified as Hispanic or Latino; 18% Black; 6% Native Hawaiian or Pacific Islander; 6% other race; 4% White; and 2% Asian.
- Average age upon adjudication: 16 years old.
- Placements (post-disposition): Youth Services Center-Juvenile Hall (36); community supervision (13); electronic monitoring (18); transferred to home county (8); still awaiting disposition as of Dec. 31, 2024 (7); Secure Youth Treatment Facility (4); Margaret J. Kemp Camp for Girls (1); Residential treatment program (1); Division of Juvenile Justice (1).
- As of Dec. 31, 2024, four individuals adjudicated in San Mateo County have been placed into the County’s Secure Youth Treatment Facility.
- As of Dec. 31, 2024, one individual adjudicated in another county has been placed into San Mateo County’s Secure Youth Treatment Facility after the case was transferred here pending disposition.

To help put the target population demographic data into context, the tables below show the estimated child population (ages 0-17) of San Mateo County by race/ethnicity and age group and gender in 2021.

Child Population, by Race/Ethnicity		
White	55,543	35.30%
Hispanic/Latino	49,428	31.40%
Asian	35,768	22.70%
Multiracial	11,116	7.10%
Black	2,887	1.80%
Native Hawaiian/Pacific Islander	2,238	1.40%
American Indian/Alaska Native	296	0.20%

Child Population, by Age and Gender			
Age Group	Female	Male	Total
Ages 0-2	10,715	11,669	22,384
Ages 3-5	13,138	12,468	25,606
Ages 6-10	22,308	23,292	45,600
Ages 11-13	13,549	14,262	27,811
Ages 14-17	17,484	18,391	35,875
Total	77,194	80,082	157,276

	Male	12	Black or African American	Transferred Out

## PART 3: PROGRAMS AND SERVICES (WELF. & INST. CODE §1995(D)(2))

*Provide a description of the facilities, programs, placements, services and service providers, supervision, and other responses that will be provided to the target population. Describe any progress on this element since May 1, 2024, at the end of your response (Welf. & Inst. Code §1995(D)(2) and (d)(8)):*

Below is a description of facilities, services and programs, and service providers supporting the target population in San Mateo County, whether placed on community supervision (with or without electronic monitoring), in non-secure-track detention, or secure-track detention.

### **Youth Services Center-Juvenile Hall**

Juvenile justice-involved minors and nonminors subject to secure confinement in San Mateo County are housed at the Youth Services Center-Juvenile Hall (juvenile hall) – which also serves as the County’s Secure Youth Treatment Facility. The juvenile hall opened in 2006 with a capacity for 180 youth – although its average daily population was just 28 in fiscal year 2023-24. Its campus consists of an admissions unit, seven living units (two of which are in use regularly), a family visitation room, a multi-sensory de-escalation room, a kitchen, a multipurpose room that houses career technical education learning labs, a health and dental clinic, a fully accredited school, a gym, multiple gardens, a chicken coop, and an outdoor recreation area.

### **Therapeutic Detention Model**

The County’s detention practice historically has included the use of a therapeutic detention model. This model combines the philosophy of secure detention with comprehensive resources that aid in the individual’s rehabilitation and successful reentry. These resources include health and dental services, mental health and substance abuse treatment, the County’s Court Schools Program, and evidence-based programs focussing on cognitive skills, job readiness training, domestic violence prevention, yoga and creative arts, mindfulness training, and more. Resources are provided in partnership with county agencies (e.g., Health, Behavioral Health and Recovery Services, the San Mateo County Office of Education, and the San Mateo County Community College District) and various community-based organizations.

### **Secure Track (SOARR)**

In 2021, the County established a secure track program called the Success and Opportunities Aspiring Readiness for Reentry (SOARR) program for system-involved minors and nonminors who previously would have been DJJ eligible. In 2022, the County released a request for proposals for programs and services to support both the juvenile hall and the SOARR program, with an emphasis on long-term, transition-aged youth. The process led to 12 contracts with seven community-based organizations in fiscal year 2023-24, including a music program, enhanced case management, enhanced re-entry and employment supports, writing and magazine-publishing, mindfulness meditation classes, job-readiness training, and a computer skills class, among other programs (***the table below displays more information on programming***). Some of these services specifically include supports for transition-aged youth, such as Fresh Lifeline for Youth’s law and career/education-related workshops and in-custody case management and coaching for the secure track population. In addition, Fresh Lifelines for Youth is leading a design process to build out additional services it may provide for SOARR minors and nonminors facing long-term commitments inside the juvenile hall. Although the County did not receive viable responses to every area of need identified in its request for proposals, we remain committed to filling these gaps as needed through other procurement processes. For example, this fiscal year (2024-25), the County opened new contracts with Community Overcoming Relationship Abuse and Addiction Education Society, Inc. to provide healthy relationships workshops and drug and alcohol prevention classes, respectively, to the target population. Other services that could potentially be added in the future may include vocational training, parenting programs, and gang intervention services, among others.

### Programs inside the Juvenile Hall

Minors and nonminors housed at the juvenile hall can participate in many programming options, ranging from job-readiness and life coaching sessions to yoga and fine arts classes. These programs are provided through a combination of probation staff, community-based organizations, and volunteers, and are largely available to all minors/nonminors in the facility.

The table below displays programs offered at the juvenile hall by community-based organizations in fiscal year 2024-25.

Community Based Organization	Program Description	Funding Source(s)
Fresh Lifelines for Youth	Weekly law-related education and career and education-focused workshops, plus in-custody case management and coaching, and ongoing planning process to build out future Secure Youth Treatment Facility services.	Juvenile Justice Realignment Block Grant & Youthful Offender Block Grant
The Beat Within (A member of Intersection for the Arts)	Weekly creative and literary arts programming, enabling transition-aged youth to develop pro-social skills including positive self-esteem building, positive social interactions and positive relationship building with instructors.	Juvenile Justice Realignment Block Grant & Youthful Offender Block Grant
The Art of Yoga Project	Weekly yoga and creative arts classes.	Youthful Offender Block Grant
Mind Body Awareness Project	Weekly mindfulness meditation workshops and one-on-one coaching.	Juvenile Justice Realignment Block Grant & Youthful Offender Block Grant
Success Centers	Weekly job-readiness and life skills workshops and computer literacy training classes.	Juvenile Justice Realignment Block Grant & Youthful Offender Block Grant
YMCA	Emotional regulation and other group programs. Weekly, depending on availability of participants or instructors.	Youthful Offender Block Grant
Therapeutic Beat Making, LLC	A weekly program led by Elliot Gann, Psy.D., that uses hip hop and electronic music production (beat making) and DJ'ing as therapeutic and educational interventions to help participants to express themselves and gain new skills.	Youthful Offender Block Grant
University of California Cooperative Extension	The Healthy Living Ambassador's Cooking Program provides weekly education, skill building and career training around nutrition, healthy cooking, and food safety. Participants gain skills to cook for themselves and others through culturally relevant and personally meaningful recipes. Participants also gain career skills, including the opportunity to earn a food handler's license, which enables them to work in commercial kitchens.	Youthful Offender Block Grant
Airballin' (De Andre Drake)	Weekly art and/or airbrushing classes promoting creative therapeutic outlets.	Juvenile Facility Improvement Funding

Prison Education Project	Prison Education Project provides weekly academic, cognitive, life skills, and career development programming.	Outside (non-County) funding
Alcoholics Anonymous	Provides participants with a group of principles to help expel the obsession to drink and enable them to become happy and whole. Provided by National AA organization. Services vary based on the availability of volunteers.	Outside (non-County) funding
Community Overcoming Relationship Abuse	<b>Added in FY 24-25</b> – Provides healthy relationships workshops and mental health groups tailored for different age groups, including transitional aged youth, as well as workgroups for the parents of incarcerated minors/nonminors.	Probation Department Funding
Addiction Education Society, Inc.	<b>Added in FY 24-25</b> – Provides a drug and alcohol addiction-prevention class called “Neuroscience of Addiction.”	Juvenile Justice Realignment Block Grant

In addition to the contracted services shown in the table above, the juvenile hall offers several programs led by probation staff, partner agencies, or volunteers. The table below displays programs facilitated by staff or volunteers as of fiscal year 2024-25.

Program Name	Description
Career Technical Education	The Career Technical Education Program offered through the San Mateo County Office of Education engages minors/nonminors with real-world technology and problem-based, hands-on learning.
WhyTry	A social and emotional learning program that is used in education and therapeutic environments including trauma informed care and in areas that practice restorative justice.
Chicken Coop	Minors/nonminors work with staff to maintain the chicken coop at the juvenile hall.
Book Club	Forum to discover new books, increase literacy and focus on literary critique.
Omega Program	Staff-led speaker series where outside speakers and credible messengers speak to minors/nonminors about changing behaviors and eradicating violence in the community.
Garden Program	Horticultural training in creating onsite gardens.
Essay Program	Critical thinking and creative writing.
Large Muscle Activity	All minors/nonminors are provided the opportunity to participate in large muscle activity (i.e., structured sports, physical activities) seven days a week for at least an hour each day.
Phoenix Re-Entry Program	The mission of the Phoenix Re-Entry Program is to prepare each minor/nonminor to demonstrate a positive influence on their communities upon their return. The goal of the Phoenix Re-Entry Program is to provide the individuals we serve with the necessary tools to be successful and productive in their respective communities.
Life Skills	Resume writing and interview skills, DMV preparation, hygiene, and other life skills taught by staff.
Bible Study (volunteer-led)	Voluntary Bible study group for youth inside the juvenile hall.
Religious Services (volunteer-led)	Voluntary religious services, if requested, for youth inside the juvenile hall.

### Tablets in the Juvenile Hall

In fiscal year 2023-24, the County began issuing tablet computers to minors and nonminors inside the juvenile hall. The tablets allow learners to access educational and entertainment content as well as connect with friends and families through a voice calling app to improve the chances of a successful re-entry. Educational programs include financial literacy, basic work skills, high school equivalency programs, college preparation, substance abuse treatment, work skills and OSHA certifications, cognitive behavioral therapy, and more. The entertainment library features a rotating, curated selection of movies, radio stations, TED Talks, and audiobooks. As of now, residents have access to the tablets during non-school hours. Educational programs are accessible whenever the tablets are in use. Entertainment is available on weekday afternoons and evenings and most of the day on weekends. The County is partnering with Orijin, PBC in this project.

### Secondary Education, College Preparation

The San Mateo County Office of Education provides a student-centered, standards-based curriculum for students inside the juvenile hall. This curriculum is augmented through a unique and innovative partnership with the San Mateo County Community College District through Project Change which provides students with opportunities to develop college and career readiness skills, complete California's high school requirements for graduation, and pursue college-level courses for college credit. Through Project Change, students have access to in-person classes at the juvenile hall as well as asynchronous classes online. Office of Education staff also provide counseling support for graduates seeking college degrees, including those seeking four-year degrees through programs such as Project Rebound at San Francisco State University. The Office of Education's college counselor also participates in monthly multi-disciplinary team meetings with secure track students.

The juvenile hall further supports the educational goals of minors and nonminors in the target population by providing dedicated computer terminals and access to technology on the secure track/long-term housing unit that enables students to conduct research and complete college courses while outside of school, based on guidelines provided by the Board of State and Community Corrections<sup>1</sup>.

### Programs Outside of the Juvenile Hall

The County contracts with four community-based organizations to provide programs for minors and nonminors outside of the juvenile hall who are awaiting adjudication or have been placed on community supervision (i.e., placed on probation in the community).

Organization	Program Description	Funding Source(s)
Fresh Lifelines for Youth	Law and Leadership Program designed to offer life-skills education focusing on asset building and cognitive-behavioral change followed by intensive case management.	Juvenile Justice Crime Prevention Act
Star-Vista	Insights Drug and Alcohol Recovery Program, and Victim Impact Awareness Program.	Juvenile Justice Crime Prevention Act

<sup>1</sup> San Mateo is in the process of working with BSCC to accommodate increased opportunities for youth to have programming outside of the facility.

Success Centers	Job-readiness training, job placement, on the job training, worksite development, and career advisor services.	Juvenile Justice Crime Prevention Act
YMCA	Victim Impact Awareness Program, Sexual Violence Prevention Program.	Juvenile Justice Crime Prevention Act

**Behavioral Health and Recovery Services**

The juvenile hall offers trauma-informed, culturally competent behavioral health services to justice-involved minors and nonminors inside the juvenile hall as well as in the community. Behavioral Health and Recovery Services (BHRS), a division of the San Mateo County Health System, provides individual, group, and family therapy, court-ordered mental health evaluations, psychotropic medication management, and providing resources and support to families with children in the juvenile justice system. Clinicians coordinate crisis response and short-term interventions for individuals detained in the juvenile hall on a daily basis. This includes clients experiencing acute psychiatric and/or psychosocial crises. The Youth Services Center BHRS team also coordinates crisis response for after-hours, weekends, and holidays through an After-Hours On-Call Clinician rotation.

In FY 2023-24, BHRS clinicians provided behavioral health services to **XXX** of the 194 unduplicated minors and nonminors housed at the juvenile hall, including **XX** who also received psychiatry services. Frequency of service is dependent on individual need.

Clinicians provide therapy services using a variety of evidence-based modalities, such as eye movement desensitization reprocessing, motivational interviewing, art therapy, attachment therapy, cognitive behavioral therapy, dialectical behavioral therapy, internal family systems, structural family therapy, and acceptance and commitment therapy. Clinicians collaborate with probation staff and community-based organizations and participate in multi-disciplinary meetings to help meet treatment needs of minors and nonminors in the juvenile justice system.

Last year, the Probation Department collaborated with BHRS to create and fund an Alcohol and Other Drugs Case Manager position which will be embedded within the BHRS clinical team. The position will provide substance abuse prevention, intervention, and rehab services to minors and nonminors at the juvenile hall.

Key responsibilities will include:

- 1) **Specialized Services:** Provide specialized alcohol and other drug services tailored to the unique needs of justice-involved minors and nonminors. Services will be culturally responsive, gender-responsive, and trauma-informed. This involves assessing and addressing substance abuse issues within the context of their broader challenges.
- 2) **Therapeutic Interventions:** Conduct Co-occurring group therapy, individual therapy, and family therapy sessions to address the multifaceted needs of the clients. These sessions aim to provide a supportive environment for addressing substance abuse, trauma, and behavioral issues.
- 3) **Case management:** Offer comprehensive case management services to ensure continuity of care and support for justice-involved youth and young adults. This includes coordinating with various agencies and professionals involved in the minor/nonminor’s life to ensure holistic support.
- 4) **Multidisciplinary Team (MDT) Collaboration:** Actively participate in Multidisciplinary Team meetings and other collaborative efforts to ensure coordinated care and alignment of services with the needs of the minors and nonminors. This involves sharing insights, providing updates, and contributing to the development of comprehensive treatment plans. These treatment plans will also include comprehensive re-entry planning as clinically appropriate.

- 5) Relationship Building: Foster constructive working relationships with justice-involved youth and young adults and collaborate closely with multiple agencies involved in their care. This entails effective communication, advocacy, and coordination to facilitate clients' access to necessary services and support systems.
- 6) Referral and Networking: Facilitate referrals to external agencies and resources as needed, ensuring that minors and nonminors receive the continuum of care required for their rehabilitation and well-being. This involves staying updated on available resources and networking with relevant stakeholders to expand support options.

The table below summarizes the services provided by Behavioral Health and Recovery Services as of fiscal year 2024-25.

Behavioral Health Service	Description
Neurosequential Model of Therapeutics	Clinicians gather information through assessments to identify problems, key strengths, and the application of interventions in a way that helps families, educators, therapists, and others best meet the needs of in-custody minors and nonminors.
Intake and Screening	The BHRS clinical team provides initial screening and assessment of minors and nonminors arrested anywhere within San Mateo County on first-time offenses, or those who commit new crimes more than six months after the termination of their last probation. Additionally, the team assesses minors and nonminors with out-of-custody matters to determine eligibility for diversion programs and/or to develop treatment plans that include community referrals and probation supervision. The team screens and assesses for past and current juvenile justice, behavioral health, and social services issues or concerns. The team also identifies problem areas related to school attendance, behavior or academic performance, and substance use/abuse.
Individual Therapy/Counseling Services	Individual therapy is offered upon intake to all minors and nonminors detained at the juvenile hall. Additionally, referrals may come from the court, probation, correctional health, Office of Education, parents, community-based providers, or minors and nonminors who self-refer. In compliance with state regulations, minors and nonminors who have behavioral health services included in an Individualized Education Program or are prescribed psychotropic medications are routinely provided therapeutic services.
Case Management Services	Staff support minors and nonminors and families with linkages to resources to help with re-entry into the community, which may include linkage to SUD treatment services
Intensive Care Coordination	Targeted case management that facilitates assessment of, care planning for and coordination of services, including urgent services, for Medi-Cal beneficiaries with intensive needs.
Family Therapy	Clinicians provide family therapy to adolescents returning home from juvenile hall and out-of-home placements, in addition to minors and nonminors detained at the juvenile hall. Clinicians are equipped to provide culturally and linguistically responsive services to this diverse population which includes a significant number of families from Mexico and Central America. Clinicians collaborate with probation staff and community-based service providers to provide effective case management, crisis intervention, and family support within a family-focused, best-practices model.

24/7 Crisis Support	Clinicians coordinate crisis response and short-term interventions for minors and nonminors detained in the Juvenile Hall. This includes minors and nonminors experiencing acute psychiatric and/or psychosocial crises. The BHRS team also coordinates crisis response for after-hours, weekends, and holidays through an After-Hours On-Call Clinician rotation.
Group Therapy	Group therapy is provided with a focus on behavioral health concerns, such as depression, anxiety, posttraumatic stress disorder, body image issues, emotional regulation, self-esteem, grief, intimate partner violence, and substance use. The structure of the group may be psychoeducational, skills development, a support group or an interpersonal processing group. Clinicians provide therapeutic interventions using a trauma-focused lens and therapeutic activities such as multimedia, gardening, drumming, running, art, and music to promote healing and positive change.
Family Partner Services	A Behavioral Health and Recovery Services Family Partner staff member assists parents of minors and nonminors involved with the juvenile justice system navigate court and legal processes. The Family Partner can help connect families to other agencies that provide housing, food, immigration, and other services, and provide insights to probation staff for more effective case management.
Psychotropic Medication Management	A psychiatrist provide psychotropic medication management for the minors and nonminors inside the juvenile hall. The referrals are either generated by correctional health staff, clinicians, parents, or self-referrals. The psychiatrist also work closely with clinicians to ensure continuity of care upon a client's release from the juvenile hall.
Court Ordered Psychological or Psychiatric Evaluation	The staff psychologist and psychiatrist are responsible for completion of court-ordered psychological or medication evaluations. These evaluations help determine optimal treatment planning or placement options for minors and nonminors.
Consultation and Education	Questions, issues, concerns related to concerns about the behavioral health needs or status of minors and nonminors are provided to staff members representing Juvenile Institutions, Juvenile Probation, Correctional Health, and County Office of Education

### County Social Services

The San Mateo County Children and Family Services agency works with probation staff to provide services to justice-involved minors and nonminors in the child welfare system. These services include:

Social Service	Description
The Independent Living Program	Provides training, services, and benefits to assist current and former foster youth ages 14 to 20 in achieving self-sufficiency prior to, and after leaving, the foster care system.
Foster Youth Education and Employment Services Program	Provides education- and employment-related case management services to current San Mateo County dependent youth. Participating youth will receive secondary and post-secondary education support, job-readiness training, career development and other supportive services.
Intensive Case Management	Intensive case management will be provided by the youth's social worker and a Commercial Sexual Exploitation of Children social worker who provides secondary support.
Transition-Aged Youth Summit	Serves as a leadership opportunity for youth advocacy and youth-led training for our community.
California Youth Connection	A youth advocacy group that drives policy at the state level and focuses on key foster youth priorities from a legislative perspective

Transitional Housing and Aftercare	Includes case management services and support for young adults ages 18 to 25 who have aged out of the child welfare system.
------------------------------------	---

**Progress Update**

Since May 1, 2024, the County has made progress in the following areas related to programs and services:

- Higher Education:** Of note, the SOARR Program saw its first college graduate in August 2024, a young man who earned his associate degree online in psychology and plans to transfer to a four-year university later this year. Meanwhile, two other secure track nonminors – and another in custody awaiting possible secure track placement – are on track to earn associate degrees this academic year. Their achievements highlight their hard work as well as a strong partnership between the Probation Department and the County Office of Education to provide college counseling, financial aid assistance, and other supports.
- Community Overcoming Relationship Abuse:** The Probation Department has partnered with Community Overcoming Relationship Abuse, a San Mateo County-based nonprofit, to implement healthy relationships workshops and mental health groups tailored for different age groups, including transition aged youth, as well as workgroups for the parents of incarcerated minors and nonminors. The program is available to a range of youth in the juvenile hall, including those in the target population.
- Addiction Education Society:** For fiscal year 2024-25, the Probation Department partnered with Addiction Education Society, a San Mateo County-based nonprofit, to provide an addiction prevention program to minors and nonminors at the juvenile hall, including those in the target population.
- Alcohol and Other Disorder Case Manager:** The Probation Department has collaborated with BHRS to create and fund an Alcohol and Other Disorder Case Manager position which will be embedded within the BHRS clinical team. The position will provide substance abuse prevention, intervention, and rehab services to minors and nonminors at the juvenile hall, including those in the target population.
- Fresh Lifelines for Youth:** This year, Fresh Lifelines for Youth expanded its case management, career exploration, and reentry services for the secure track unit. The enhanced partnership with the County allows Fresh Lifelines for Youth to allocate two full-time case managers to the secure track population to support day-to-day issues that arise, build social and emotional learning skills, provide career readiness and life skills, establish credible messenger opportunities, and support step-down opportunities.

Describe how the County plans to apply grant funds to address the mental health, sex offender treatment, or related behavioral or trauma-based needs of the target population. Describe any progress on this element since May 1, 2024, at the end of your response: (Welf. & Inst. Code §1995(d)(3)(A) and (d)(8))

As of this fiscal year, San Mateo County is using grant funds to fund contracts with four community-based organizations whose programs help to meet the mental health and behavioral or trauma-based needs of the target population, with an emphasis on Secure Youth Treatment Facility residents.

The contracts are described in the table below and were awarded through a multi-year planning process that involved:

- 1) Stakeholder workshops in 2021 in conjunction with the Juvenile Justice Coordinating Council to identify service gaps for anticipated Secure Youth Treatment Facility placements.
- 2) A request for proposals released in 2022 to fill those gaps.
- 3) Three-year contracts awarded to four nonprofits to in June 2023. (**See below**)

Selected Grantees	Funded Programs	Funding Source
Fresh Lifelines for Youth, Inc.	Weekly law-related education and career and education-focused workshops, plus in-custody case management and coaching, and ongoing planning process to build out future Secure Youth Treatment Facility services.	Juvenile Justice Realignment Block Grant
The Beat Within (A member of Intersection for the Arts)	Weekly creative and literary arts programming, enabling transition-aged youth to develop pro-social skills including positive self-esteem building, positive social interactions and positive relationship building with instructors.	Juvenile Justice Realignment Block Grant
Mind Body Awareness Project	Weekly mindfulness meditation workshops and one-on-one coaching.	Juvenile Justice Realignment Block Grant
Success Centers	Weekly job-readiness training and life skills workshops, career advising services, and Code on Point computer training classes.	Juvenile Justice Realignment Block Grant
Addiction Education Society, Inc.	Six-week drug and alcohol addiction prevention class, "Neuroscience of Addiction."	Juvenile Justice Realignment Block Grant

In addition to the Juvenile Justice Realignment Block Grant-funded programs shown in the table above, the County is using Youthful Offender Block Grant and Juvenile Facility Improvement funding to fund contracts with community-based organizations to help meet the mental health and behavioral or trauma-based needs of youth inside the juvenile hall, including but not limited to the target population, as shown in the table below.

Community Based Organization	Program Description	Funding Source
------------------------------	---------------------	----------------

The Art of Yoga Project	Yoga and creative arts classes.	Youthful Offender Block Grant
YMCA	Sexual Violence Prevention and other group counseling programs.	Youthful Offender Block Grant
Therapeutic Beat Making, LLC	A program led by Elliot Gann, Psy.D., that uses hip hop and electronic music production (beat making) and DJ'ing as therapeutic and educational interventions to help youth to express themselves and gain new skills.	Youthful Offender Block Grant
Airballin' (De Andre Drake)	Art and airbrushing classes for youth at the juvenile hall, promoting creative therapeutic outlets.	Juvenile Facility Improvement Funding
Community Overcoming Relationship Abuse	Healthy relationships workshops and mental health groups tailored for different age groups, including transition-aged youth, as well as workgroups for the parents of incarcerated youth.	Probation Department Funding

### Progress Update

Since May 1, 2024, the County has made progress in the following areas related to mental health, sex offender treatment, or related behavioral or trauma-based needs of the target population:

- Alcohol and Other Disorder Case Manager:** The Probation Department has collaborated with County Mental Health to create and fund an Alcohol and Other Disorder Case Manager position which will be embedded within the Behavioral Health and Recovery Services clinical team at the juvenile hall. The position will provide substance abuse prevention, intervention, and rehab services to minors and non-minors at the juvenile hall, including those in the target population. *(See page 14)*
- Community Overcoming Relationship Abuse:** The Probation Department has partnered with Community Overcoming Relationship Abuse, a San Mateo County-based nonprofit, to implement healthy relationships workshops and mental health groups tailored for different age groups, including transition-aged youth, as well as workgroups for the parents of incarcerated youth. The program is available to a range of minors and non-minors in the juvenile hall, including those in the target population.
- Addiction Education Society:** For fiscal year 2024-25, the Probation Department partnered with Addiction Education Society, a San Mateo County-based nonprofit, to provide an addiction prevention program to minors and non-minors at the juvenile hall, including those in the target population.

Moving forward, the County will continue to explore opportunities to expand services to meet the mental health and behavioral or trauma-based needs of the target population, with an emphasis on further developing its secure track program.

*Describe how the County plans to apply grant funds to address support programs or services that promote healthy adolescent development for the target population. Describe any progress on this element since May 1, 2024, at the end of your response: (Welf. & Inst. Code §1995(d)(3)(B) and (d)(8))*

In June 2023, San Mateo County used grant funds to award contracts to four community-based organizations whose programs promote healthy adolescent development. These programs are shown in the table below.

Selected Grantees	Funded Programs	Funding Source
Fresh Lifelines for Youth, Inc.	Weekly law-related education and career and education-focused workshops, plus in-custody case management and coaching, and ongoing planning process to build out future Secure Youth Treatment Facility services.	Juvenile Justice Realignment Block Grant
The Beat Within (A member of Intersection for the Arts)	Weekly creative and literary arts programming, enabling transition-aged youth to develop pro-social skills including positive self-esteem building, positive social interactions and positive relationship building with instructors.	Juvenile Justice Realignment Block Grant
Mind Body Awareness Project	Weekly mindfulness meditation workshops and one-on-one coaching.	Juvenile Justice Realignment Block Grant
Success Centers	Weekly job-readiness training and life skills workshops, career advising services, and Code on Point computer training classes.	Juvenile Justice Realignment Block Grant

In addition to the programs in the table above, the County is using Youthful Offender Block Grant and Juvenile Hall Improvement funding from the state to help promote healthy adolescent development through the educational and vocational programs shown in the table below.

Service Provider	Funded Programs	Funding Source
University of California Cooperative Extension	The Healthy Living Ambassador's Cooking Program provides education, skill building and career training around nutrition, healthy cooking, and food safety. Participants gain skills to cook for themselves and others through culturally relevant and personally meaningful recipes. Participants also gain career skills, including the opportunity to earn a food handler's license, which enables them to work in commercial kitchens.	Youthful Offender Block Grant
Paxton/Patterson	Hands-on, technology-driven learning labs and career technical education curriculum focusing on teaching electrical skills, plumbing, painting, HVAC, carpentry, dentistry, emergency medical technician, and energy and power skills.	Juvenile Facility Improvement Funding

	Probation to partner with Office of Education to facilitate the labs.	
Orijin/American Prison Data Systems, PBC	Computer tablets with preprogrammed software to allow learners to participate in self-paced educational programs ranging from career exploration to college prep to substance abuse treatment. The tablets also provide access to movies, radio stations and a video calling app that allows users to connect virtually with family and friends to increase the chances of a successful rehabilitation.	Juvenile Facility Improvement Funding

**Progress Update**

Since May 1, 2024, the County has made progress in the following areas related to the healthy adolescent development of the target population:

- **Mural Project 2025:** This fiscal year, professional artists from the community were selected through a request for proposals process to lead a youth mural-making project in the juvenile hall visiting room promoting healing, change, and family reunification. The project fostered collaboration, creativity, and a sense of pride. The Probation Department used facility improvement funds to fund the project which was spearheaded by the San Mateo County Office of Arts and Culture.

**(add photo?)**

Moving forward, the County will continue to explore opportunities to expand services that promote the healthy adolescent development of the target population, with an emphasis on further developing the County’s secure-track program. This may include adding services that grow with minors and non-minors over the years, support healthy relationships and social-emotional learning skills within and beyond the institution, and allow and support young people to practice decision-making, learning from failure, and managing autonomy.

*Describe how the County plans to apply grant funds to address family engagement in programs for the target population. Describe any progress on this element since May 1, 2024, at the end of your response: Welf. & Inst. Code §1995(d)(3)(C) and (d)(8)*

San Mateo County continues to explore ways to apply grant funds to address family engagement in programs for the target population after unfortunately receiving no proposals for parenting or family therapy programs in our fiscal year 2022-23 request for proposals process. The County is interested in rebuilding programs that strengthen family connections such as the “Parent Project” and “Staying Connected with your Teen” as well as expanding programs for minors and non-minors in custody who are already parents themselves.

At the same time, the County continues to support existing partnerships and services that indirectly address family engagement. For example, through the County’s partnership with Fresh Lifelines for Youth, young people develop social emotional learning skills to better interact with people in their lives, often family. When

family members are supportive, Fresh Lifelines for Youth helps them understand how their children may need their guidance, advocacy, or support to navigate justice, educational, healthcare, and other systems.

Existing programs and activities that address family engagement for the target population include the following:

- Family Nights inside the juvenile hall.
- Family therapy.
- Home Passes for minors and non-minors enrolled in the Phoenix Re-Entry Program.
- Visits have been expanded to include extended family and supportive, positive adults.
- Video calling via tablet computers for minors and non-minors inside the juvenile hall.

*Describe how the County plans to apply grant funds to address reentry, including planning and linkages to support employment, housing, and continuing education for the target population. Describe any progress on this element since May 1, 2024, at the end of your response: (Welf. & Inst. Code §1995(d)(3)(D) and (d)(8))*

### **Fresh Lifelines for Youth**

San Mateo County is using grant funds to partner with Fresh Lifelines for Youth to provide re-entry case management and career navigation workshops for the target population, with an emphasis on secure-track minors and non-minors. This year, Fresh Lifelines for Youth expanded its services to include an average of three workshops per month in our facility, including law-related education and career and education-focused workshops, and twice-weekly one-on-one case management in addition to meetings with school counselors and other partners. Fresh Lifelines for Youth also provides up to eight pro-social community activities annually for young people receiving re-entry case management services to further enforce pro-social attitudes, behaviors, and healthy activities with peers.

### **Success Centers**

In addition, the County is using grant funds to partner with Success Centers to provide job-readiness training, computer literacy classes and “employment spotlights” for young people inside the juvenile hall, also with an emphasis on secure-track detainees. The County will continue to explore partnership opportunities with Success Centers’ community-based services, including the Green Construction Program, a 16-week program based in San Francisco that integrates construction training with life skills training, academics, career coaching, and job placement services.

### **Workforce Development Initiative**

In 2024, San Mateo County – with the Office of Education serving as lead agency – was one of nine counties awarded grant funding through the Office of Youth and Community Restoration to participate in a workforce development program. The goal of the program is to link justice-involved minors/nonminors (ages 16 to 25) who have mental and physical impairments to educational and vocational services designed to lead toward employment and career opportunities. San Mateo County looks forward to further developing this exciting opportunity to provide enhanced re-entry planning and linkages to support employment for minors and nonminors inside the juvenile hall.

*Describe how the County plans to apply grant funds to address evidence-based, promising, trauma- informed and culturally responsive programs or services for the target population. Describe any progress on this element since May 1, 2024, at the end of your response: (Welf. & Inst. Code §1995(d)(3)(E) and (d)(8))*

For several years, the San Mateo County Probation Department has prioritized using evidence-based practices among its contracted service providers. The Department works with its contracted programs evaluator, Applied

Survey Research, to verify programs as “evidence-based” or as “promising practices.” The table below details the practices reported by Juvenile Justice Realignment Block Grant-funded service providers.

Grantee	Practice	Rating
<b>Fresh Lifelines for Youth</b>	Law Related Education	Although not a nationally recognized evidence-based or promising practice on its own, the program incorporates the evidence-based practice of Cognitive Behavioral Therapy.
	Social-Emotional Learning	The practice of Social-Emotional Learning was rated effective in reducing students’ conduct problems and emotional stress.
	Trauma-Informed Care	The trauma-informed approach is evidence-based practice according to the Substance Abuse and Mental Health Services Administration.
	Motivational Interviewing	This is an evidence-based practice according to the Center for Evidence-Based Practices. Elsewhere it is rated as research-based for children in mental health treatment.
	Critical Time Intervention	The intervention is rated as evidence-based practice according to the Evidence-Based Practice Center.
	Harm Reduction	Although not rated as evidence-based, it is recognized as an effective intervention for alcohol and substance abuse according to the Substance Abuse and Mental Health Services Administration.
<b>Mind Body Awareness Project</b>	Trauma-Informed Practice	The trauma-informed approach is an evidence-based practice according to the Substance Abuse and Mental Health Services Administration.
	Mindfulness-Based Interventions	Evidence-based model according to empirical evidence
	Empathy-Building Exercises	Emerging practice not yet rated for evidence based.
	Emotional Intelligence	Although not recognized as evidence-based or a promising practice on its own, many promising programs for adolescents feature increasing emotional intelligence, according to the California Evidence-Based Clearinghouse for Child Welfare.
	Communication Skills	Although not recognized as evidence-based or promising practice on its own, many promising programs for anger reduction feature increasing communication skill according to the Substance Abuse and Mental Health Services Administration.
<b>Success Centers</b>	Growth Mindset	This is a research-based practice based upon empirical evidence.
	Job-Readiness Training	This training is not yet rated but is informed by employment and training-related programs that are research-based or promising.

	Life-Skills Training	This training is not yet rated but is informed by skill-building training and curricula that are research-based or promising.
	Microsoft Digital Literacy Class	This training is not yet rated.
	Motivational Interviewing	This is an evidence-based practice according to the Center for Evidence-Based Practices.

*Describe whether and how the County plans to apply grant funds to include services or programs for the target population that are provided by nongovernmental or community-based providers. Describe any progress on this element since May 1, 2023, at the end of your response: (Welf. & Inst. Code §1995(d)(3)(F) and (d)(8))*

As of fiscal year 2024-25, San Mateo County is using grant funds to support contracts with five community-based organizations, as summarized below.

Selected Grantees	Funded Programs
Fresh Lifelines for Youth, Inc.	Weekly law-related education and career and education-focused workshops, plus in-custody case management and coaching, and ongoing planning process to build out future Secure Youth Treatment Facility services.
The Beat Within (A member of Intersection for the Arts)	Weekly creative and literary arts programming, enabling transition-aged youth to develop pro-social skills including positive self-esteem building, positive social interactions and positive relationship building with instructors.
Mind Body Awareness Project	Weekly mindfulness meditation workshops and one-on-one coaching.
Success Centers	Weekly job-readiness training and life skills workshops, career advising services, and Code on Point computer training classes.
Addiction Education Society, Inc.	Provides six-week drug and alcohol addiction prevention class, "Neuroscience of Addiction."

## PART 5: FACILITY PLAN (WELF & INST. CODE § 1995(D)(4))

*Provide a detailed facility plan indicating which facilities will be used to house or confine the target population at varying levels of offense severity and treatment need, and improvements to accommodate long-term commitments. Facility information shall also include information on how the facilities will ensure the safety and protection of youth having different ages, genders, special needs, and other relevant characteristics. Describe any progress on this element since May 1, 2024, at the end of your response: (Welf. & Inst. Code (d)(8))*

### **Confinement of Minors/Nonminors in the Target Population**

San Mateo County operates one secure juvenile detention facility, the Youth Services Center-Juvenile Hall, which houses the County's secure track program. The facility also contains a less restrictive program based on the therapeutic detention model described in Part 4, as well as the Phoenix Reentry Program through which non-secure track juvenile hall detainees may qualify to receive services in the community or earn home passes to spend time with family prior to their release.

Physical improvements to the juvenile hall to accommodate long-term commitments include the addition of new furniture, career-technical education learning labs, computer tablets, an enhanced barber shop space, an incentives unit, a multisensory de-escalation room, computer stations for college-aged students, new kitchen equipment to allow for a culinary arts program, and additional security cameras to help ensure the safety of youth and staff.

### **Safety, Protection of Youth**

As of fiscal year 2024-25, the juvenile hall operates three housing units to help ensure the safety and protection of minors and nonminors requiring different housing and program settings. In general, housing assignments are based on the following criteria, among others:

- Age
- Maturity
- Sophistication
- Charges and offense history
- Emotional stability
- Program needs
- Case status (e.g., pre- or post-disposition)
- Public safety considerations
- Medical/mental health considerations
- Physical disabilities
- Gender identity

Housing assignments are reviewed regularly and modified as needed to ensure residents receive the most appropriate and least restrictive housing assignments possible.

**PART 6: RETAINING THE TARGET POPULATION IN THE JUVENILE JUSTICE SYSTEM (WELF & INST. CODE § 1995(D)(5))**

*Describe how the plan will incentivize or facilitate the retention of the target population within the jurisdiction and rehabilitative foundation of the juvenile justice system, in lieu of transfer to the adult criminal justice system. Describe any progress on this element since May 1, 2024, at the end of your response: (Welf. & Inst. Code (d)(8))*

San Mateo County remains committed to housing youthful offenders closer to their families and communities to improve re-entry outcomes. By continually evaluating and improving evidence-based programs and services within our secure track program to improve offender outcomes and meet public safety goals, the County aims to provide a powerful incentive to the juvenile court to retain as much of the target population as possible within the juvenile justice system in lieu of being transferred to the adult criminal justice system.

**PART 7: REGIONAL EFFORT (WELF & INST. CODE § 1995(D)(6))**

*Describe any regional agreements or arrangements supported by the County's block grant allocation. Describe any progress on this element since May 1, 2024, at the end of your response: (Welf. & Inst. Code (d)(8))*

There are no regional agreements or arrangements supported by the San Mateo County's block grant allocation at this time.

**PART 8: DATA (WELF & INST. CODE § 1995(D)(7))**

*Describe how data will be collected on youth served by the block grant. Describe any progress on this element since May 1, 2023, at the end of your response:*

The San Mateo County Probation Department will collect data on youth served by the block grant through its case management system, services providers, and staff resources at the juvenile hall. A management analyst is assigned to oversee this data collection in coordination with the department's contracted programs evaluator, Applied Survey Research, to ensure accuracy, thoroughness, and meaningful reporting. The management analyst will track the size and demographics of the target population, including offense data, age, gender, race/ethnicity, and placements. In addition, the management analyst will work with Applied Survey Research and service providers to collect data on outcome measures for programs supported by block grant funds. The County intends to collect outcome measure data quarterly and report it annually to the Juvenile Justice Coordinating Council.

*Describe outcome measures that will be utilized to measure or determine the results of programs and interventions supported by block grant funds. Describe any progress on this element since May 1, 2024, at the end of your response:*

As part of its request for proposals process in fiscal year 2022-23, the San Mateo County Probation Department worked with selected community-based organizations to create outcome measures for programs supported by block grant funds. The table below describes those measures.

Grantee	Performance Measures
<p><b>Fresh Lifelines for Youth</b></p> <p>Weekly law-related education and career and education-focused workshops, plus in-custody case management and coaching, and ongoing planning process to build out future Secure Youth Treatment Facility services.</p>	Participants who report they have more confidence to deal with negative peer pressure. (Target: 80%)
	Participants who report that they are less likely to commit crimes and more likely to make healthy choices. (Target: 75%)
	Participants who report that they have hope for the future and want to make positive changes. (Target: 80%)
	Participants will enroll and complete case management and achieve at least one goal from their service plans. (Target: 100%)
<p><b>The Beat Within (A member of Intersection for the Arts)</b></p> <p>Weekly creative and literary arts programming, enabling transition-aged youth to develop pro-social skills including positive self-esteem building, positive social interactions and positive relationship building with instructors.</p>	Percentage of participants who report increased self-esteem through with Beat Within weekly workshops. (Target: 87%)
	Percentage of participants who report developing positive relationships with adult role models through Beat Within weekly workshops. (Target: 87%)
	Number of times the Beat Within Magazine is distributed at the facility each year. (Target: 25)
<p><b>Mind Body Awareness Project</b></p> <p>Weekly mindfulness meditation workshops and one-on-one coaching.</p>	Percent of participants who reported improved emotional regulation, self-control, and stress reduction. (Target: 80%)
	Percent of staff who report improved general behavior in the hall. (Target: 80%)
	Percent of participants who report greater self-esteem, self-compassion, and empathy. (Target: 80%)
<p><b>Success Centers</b></p> <p>Weekly job-readiness training and life skills workshops, career advising services, and Code on Point computer training classes.</p>	JRT/Life Skills participants will report enhanced knowledge about job readiness and life skills. (Target: 80%)
	Career Advising participants will report increased knowledge about achieving career goals. (Target: 80%)
	Code on Point participants will report increased knowledge about computer literacy and coding. (Target: 80%)

In addition, the County is tracking the following outcomes for Secure Youth Treatment Facility detainees:

- Progress Review Hearing results
- Education outcomes (secondary and post-secondary)
- Vocational program completion
- Incidents in the juvenile hall
- Step-downs to less restrictive programs
- Discharges to community supervision
- Violations and/or returns to Secure Youth Treatment Facility
- Recidivism/new law violations

## PART 9: OTHER UPDATES: DESCRIBE ANY PROGRESS ON ELEMENTS SINCE MAY 1, 2023: (WELF. & INST. CODE (D)(8))

*Provide a description of progress made regarding any plan elements and any objectives and outcomes in the prior year's plan, to the extent that they have not already been described above.*

With only five individual youths having been committed to the County's secure track program as of this fiscal year (FY 2024-25), the County has faced some start-up challenges in finding viable partnerships through its competitive bidding process to build scalable programs. The County will continue to explore solutions, including regional and state initiatives, to develop linkages to housing, employment, and education services and fill other service gaps for secure track minors and nonminors to receive the programs and services they need.

Despite these early challenges, the County has made progress in the following areas, *discussed in more detail in Part 3:*

- **Request for Proposals, New Programs:** In June 2023, the County awarded its first series of contracts secured by Juvenile Justice Realignment Block Grant funds to community-based organizations, following an RFP process.
- **Higher Education:** The County's secure track program saw its first college graduate in August 2024, with two more expected this school year. The success of these students highlights the County's commitment to providing college counseling, financial aid assistance, and other supports to juvenile hall minors and nonminors wishing to pursue education after high school.
- **Career Technical Education:** The Career Technical Education Program offered through the San Mateo County Office of Education engages minors/nonminors with real-world technology and problem-based, hands-on learning.
- **Healthy Living Ambassador's Cooking Program:** Probation has partnered with University of California Cooperative Extension to implement a culinary arts program inside the juvenile hall.
- **Tablets for the Juvenile Hall:** Probation has partnered with Orijin, PBC to provide tablet computers to minors and nonminors inside the juvenile hall.
- **Community Overcoming Relationship Abuse:** The Probation Department has partnered with Community Overcoming Relationship Abuse, a San Mateo County-based nonprofit, to implement healthy relationships workshops and mental health groups tailored for different age groups, including transition aged youth, as well as workgroups for the parents of incarcerated minors and nonminors.
- **Addiction Education Society:** For fiscal year 2024-25, the Probation Department partnered with Addiction Education Society, a San Mateo County-based nonprofit, to provide an addiction prevention program to minors and nonminors at the juvenile hall, including those in the target population.
- **Alcohol and Other Disorder Case Manager:** The Probation Department has collaborated with BHRS to create and fund an Alcohol and Other Disorder Case Manager position which will be embedded

within the BHRS clinical team. The position will provide substance abuse prevention, intervention, and rehab services to minors and nonminors at the juvenile hall, including those in the target population.

- **Expansion of Services through Fresh Lifelines for Youth:** This year, Fresh Lifelines for Youth is expanding its case management, career exploration, and reentry services for secure track minors and nonminors. The enhanced partnership with the County allows Fresh Lifelines for Youth to allocate two full-time case managers to the secure track population to support day-to-day issues that arise, build social and emotional learning skills, provide career readiness and life skills, establish credible messenger opportunities, and support step-down opportunities.
- **Mural Project 2025:** This year, professional artists from the community led a youth mural-making project at the juvenile hall, fostering collaboration, creativity, and a sense of pride. The Probation Department partnered with the San Mateo County Office of Arts and Culture and used facility improvement funds to fund the project.

As we continue to make progress in implementing these and other projects, the County looks forward to updating its plan in the future with the benefit of new knowledge, experience, and data regarding challenges, opportunities, and areas of need for the target population.
