The public may also request a digital copy of the IS/MND by contacting Julie Casagrande at (650) 599-1457 or by email at DPW_CEQA_Comments@smcgov.org

The IS/MND has been prepared in accordance with the California Environmental Quality Act (CEQA) and the State CEQA Guidelines.

Project Name: Wurr Road, Pescadero Creek Road, and Cloverdale Road Culvert Repairs Project

Project Sponsor and CEQA Lead Agency: County of San Mateo Department of Public Works, 555 County Center, 5th Floor, Redwood City, CA 94063; phone (650) 599-1457.

Project Description: The County of San Mateo Department of Public Works (County) is proposing a series of actions to repair culverts and construct site improvements to improve water quality and maintain proper roadway drainage conveyance along Wurr Road, Pescadero Creek Road, and Cloverdale Road near the communities of Pescadero and Loma Mar in unincorporated San Mateo County, California. The Project would include improvements such as new headwalls, and rock inlet protection and energy dissipation, installation of three new culverts, and replacement or upsizing of seven culverts along Wurr Road and Pescadero Creek Road. In addition, restoration work is proposed at the Cloverdale Road site. Proposed restoration activities will restore and enhance habitat for sensitive and common species and improve fish passage by demolishing the existing weir structures and concrete channel, restoring the channel and banks, and removing accumulated sediment.

Project Location: The Project is located in unincorporated San Mateo County near the Town of Pescadero and Loma Mar along three distinct roadway segments of Wurr Road, Pescadero Creek Road, and Cloverdale Road.

Public Review and Comment Period: In accordance with the time limits provided for by state law, the public review period will extend from **November 6, 2025**, to **December 5, 2025**. Comments must be received by **December 5, 2025**. Comments may be sent in hard copy or via email to:
