To: Agricultural advisory committee.

I will be at the meeting on Monday, November 10th, to answer any questions you may have.

I have always been a good neighbor, and I believe the concerns that have been raised are unfounded and without merit. I have consistently operated within the established standards and regulations.

In terms of events, we generally do not know the exact number in advance, as bookings typically occur about three weeks ahead. Over the course of a year, including family gatherings such as birthdays, Thanksgiving, Christmas, Easter, weekly card nights with friends, my father's funeral, horse vaulting and training sessions, and paid off-site events, we host approximately 90 events annually.

Most events range from 12 to 50 attendees, with a maximum capacity of 300. Events always conclude by 10:00 p.m., and we strictly enforce this cutoff time. Many companies choose to bus in their employees, but our property can accommodate up to 300 vehicles if needed.

This is also my home, and I take great pride in maintaining the property. Concerns about trash are baseless, as we always have a cleanup crew during and after each event. In addition, family members assist with security to ensure every event is safe and orderly.

Thank you for your time and the opportunity to address these matters.

Sincerely,

Kevin Palmer
