Dear Agricultural Advisory Committee Members,

I write to you in support of staff's recommendation, for approval of the Long Branch Ranch Agritourism event permit at your meeting this evening.

The San Mateo County Coast's economy is suffering. As we work to strengthen agriculture on the Coast, it is imperative we have successful agritourism businesses raising the profile of our farmers and ranchers on the Coast, bringing much needed tax dollars to the local economy, as well as championing the Coast's heritage, culture and brand, to new groups of consumers and visitors and to the Coast.

Long Branch Ranch is a thriving treasured Coastside asset that not only serves to support the local economy of the Coastside, but also Coastside residents through the many ways it gives back to local non-profits.

Thank you for your thoughtful attention to this matter this evening.

With kind regards,

Ray Mueller

San Mateo County Supervisor, 3rd District
