Methodology

Average Caseloads: Based on monthly point-in-time data during the report period.

Race/Ethnicity, Gender, and City: Point-in-time data for youth on open cases on the last business day of each month.

Releases from Juvenile Hall: Data is based on daily releases during the reporting period. Excludes "weekenders" (i.e., youth order to serve time over a series of weekends).

Average Length of Stay (ALOS): ALOS is calculated by averaging the days in custody or on EMP/CAM for youth released during the period. The median length of stay is the middle value when all stays are arranged in order. Excludes "weekenders."

Average Daily Population: Based on daily 6 am counts.

Offense Level: Based on monthly point-in-time data during the report period.
