Hello Camille and Jonathan,

Hope you're well and thank you for sharing.

There is a minor change we'd like to make by adding a second **side-window** to the fence side of the garage next to the already approved side-window. Can we make this update to the plan and share with you ahead of the BDR meeting?

1. Add side-window to garage (Image Below in **Red**), next to the already approved side-window. Also **enlarge** the garage window heights by 1ft (4.6x3.6 instead of 4.6x2)
2. **Enlarge** bath #3 Skylight length by 1ft (22x36 instead of 24x24).
3. **Remove** Living Room Skylights & Primary Bath Shower Skylight

Best Regards,

Hi Faris,

I just remembered that many of the pages of this PDF were cut off. Can you fix this problem and re-send today by 3pm? This is the set the BDR will review right?
