Montara, CA 94037

Dear Ms. Casal:

This letter is regarding your encroachment permit application dated May 18, 2021 to relocate driveway access, on State Highway 04-SM-84, Post Mile 10.8, in the City of Woodside.

The following comments must be satisfactorily addressed before a permit can be issued:

Hydraulics

1. Confirm the existing driveway will be removed.
2. Provide the profile of the new pipe crossing the driveway.
3. Provide drainage calculation for the proposed driveway and the existing cross-culvert under Route 84 next to the proposed driveway. Post-construction flow to the cross-culvert should match pre-construction flow.

Landscape

4. The oak tree removals will require 1:1 mitigation. Require planting 17 *Quercus agrifolia* (coast live oak) in D-pot or 1-gallon size and provide irrigation until they are established. Provide planting and irrigation plans for review.
5. The newly graded areas will require erosion control treatment. Provide an erosion control plan for review.

Please respond to all review comments and revise the plans and specifications as necessary. You may e-mail the plans for our review. Please direct all questions and inquiries regarding your application status to David Lau at (510) 506-6162 or email at david.c.lau@dot.ca.gov.

If no response is received within ten (10) days from the date of this letter, your encroachment permit application may be cancelled.

Sincerely,

Farhad Farid Mohajer

FRED FARID, P.E.
Acting District Permit Engineer
Office of Encroachment Permits
Caltrans District 4
