Re: Letter of Support for the Guadalupe Canyon Parkway Class IV Project

Dear Members of the Commission,

On behalf of [Stakeholder Name], I am writing to express strong support for the County of San Mateo's One Bay Area Grant funding application for the Guadalupe Canyon Parkway Class IV Project (Project).

The Project extent includes Guadalupe Canyon Parkway between Price Street to the west and Bayshore Parkway to the east. The Project will construct improvements including traffic safety calming measures, pedestrian infrastructure for safety and comfort, and bicycling infrastructure for comfort and connectivity.

The benefits of the Project will also be regionally shared with Daly City and the surrounding Bay Area, as Guadalupe Canyon Parkway provides connectivity to and from the major employment centers on the bayside of San Bruno Mountain State Park.

The Project concept is a local priority, having been identified in the Daly City Community-Based Transportation Plan and Unincorporated San Mateo County Active Transportation Plan

The Project will deliver meaningful community benefits by improving conditions for individuals, commuters, families and the John F Kennedy Elementary School community walking, bicycling, and recreating along Guadalupe Canyon Parkway. By closing infrastructure gaps and implementing traffic calming and accessibility improvements, the Project will enhance safety and connectivity for all users.

[Organization Name] strongly supports this funding request and respectfully encourages funding of the Guadalupe Canyon Parkway Class IV Project.

Sincerely,

[Signature]
