

General Assistance Program Fact Sheet

General Assistance Overview & Program Administration	The General Assistance (GA) program is a Safety-Net program that is administered by our Human Services Agency that provides temporary financial support. The program is funded by the county and is intended to provide short-term cash assistance to low-income individuals who are residents of San Mateo County. Individuals who qualify for ongoing assistance receive benefits each month via an Electronic Benefits Transfer (EBT) card, direct deposit or direct payments for housing and utilities to help pay for housing, food, and other necessary expenses.
General Assistance Eligibility	Eligibility requirements include: • Age • County Residency • Identification, Social Security Number • Citizenship or permanent residency • Income • Property • Employable or Unemployable factors • Application for other potential income and resources
I am not a U.S. Citizen. Am I eligible for General Assistance?	You may be eligible if you are a <i>qualified</i> immigrant. This may include lawful permanent residents (those who hold a 'green card'), those with refugee, asylum applicants or asylum status, conditional entrants, people granted withholding of deportation or removal, Cuban/Haitian entrants. • Your immigration status is only used to check whether you are eligible for General Assistance. • Immigrants with sponsors may qualify for General Assistance, depending on sponsors income and resources. • If you are <i>not</i> eligible for General Assistance, you may be eligible for CAPI benefits if you are a Legal Permanent Resident (LPR) and are aged, blind, or disabled.
Work Requirement	All employable General Assistance (GA) clients, unless meeting an exception, must be available for full-time employment, attend our Vocational Rehabilitation Services (VRS) Work Center orientation and assigned work hours at the Employment Services Work Center, and cooperate with all VRS Work center requirements. Time Limits	A recipient in an employable status can only receive 6 months of cash aid from the General Assistance program within a 12-month period. - Unemployable/disabled General Assistance recipients will not be subject to time limits. These recipients will continue to be required to provide a medical certification form from the doctor declaring disability and if the disability is expected to last 6 months or longer, the recipient will be required to apply for Supplemental Security Income (SSI). - Other counties have different time limit rules. If you received General Assistance Aid in another county - or if you plan to move to another county - you must contact that county to find out about its time limit requirements.
