Subject: Monday Oct 19th meeting

Dear A.A.C. County Liasons and A.A.C. Chair, I am a member of the public and I am writing this for public comment and sending it to you before 5 PM on Friday Oct. 16th, so that it can be read during public comment at the A.A.C. Meeting Monday Oct. 19th. My family began farming in the Half Moon Bay Area in the 1860s. I see that there is a pop up stand on Highway 1 on the CalTrans right away put up at the former Bay Cities Nursery. This is an illegal pop up stand. It sticks out so much that Just the other day someone driving had to swerve so much to not hit it that they almost got into a wreck. Please put a stop to these. Wherever is doing this and others like it, is ignoring the law. Any illegal pop up should be enforced and it is not right to ban a blind eye to it.
