General Public Comment for 9/3/25 Independent Civilian Advisory Commission meeting

In the summer of 2024 I came upon an Instagram account with the user name "thepeopleschamp_619". Based on several metrics, I strongly believe the account belongs to the past commissioner of the Independent Civilian Advisory Commission, Marco Durazo.

There were no family pictures on the account from what I saw. Only degrading and vile images of women, people with disabilities, and more. Due to the nature of the posts, I did not believe that Marco Durazo was an appropriate representative for the Independent Civilian Advisory Commission and thus reached out to Stanley Roberts who is a CARE Representative on the Commission. When he was not able to help me I reached out to David Pine who was my District 1 Supervisor at the time. Mr. Pine advised me that Chief Deputy County Council David Silverman was looking into the matter. Unfortunately, Mr. Silberman basically blew me off, saying "I am not promising you a response."

Finally, after I called Supervisor Speier out at a January 2025 Board of Supervisors meeting for her claim to champion women's rights, I received an email on January 17, 2025 from Mr. Silberman stating that "Mr. Durazo made the decision to step off the board.." (See attachment 1). Thus, the matter was closed as far as I was concerned.

But during Commission Liaison Comments at the April 2nd meeting, Kalimah Salahuddin announced that per the bylaws of the Commission, Mr. Durazo was removed for missing 3 meetings in a row. This is not the truth. (See 2:35:40 mark of Independent Civilian Advisory Commission on the Sheriff's Office, April 2, 2025 6:30pm - YouTube). A public records request confirmed that his attendance record does **not** show 3 consecutive absences when I was told that he resigned in January. (See attachment 2). You can also check the Commission's meeting minutes for verification.

When Ms. Salahuddin did not tell the truth about why he was no longer on the Commission, I felt like I had been violated and when I brought up her falsehood during the July 2nd meeting, she sat silently. She didn't correct the record, clarify her statement, or take much needed accountability.

Let me be clear: this isn't about Mr. Durazo. This is about the integrity of the Civilian Advisory Commission. A false public statement was made by the Chair in what looks like an attempt to protect Mr. Durazo and hurt me (I've been informed that he is telling people that I lied about this issue). Ms. Salahuddin failed to correct her statement when confronted. This

makes me question her true motive for being on the commission which is supposed to bring accountability and transparency.

I'm asking for Ms. Salahuddin to be removed from the Commission immediately. And if someone else fed her that false information, the public deserves to know who. This Commission cannot claim to stand for oversight and justice while tolerating deceit from within.

For your reference, Attachment 3 lists the metrics of why I believe this Instagram account belongs to Mr. Durazo as well as a few of the vile posts.
And as attachment 4 is an email exchange I had with Kalimah which shows that she is either really stupid and/or lying.
Your anticipated cooperation is appreciated,

Grace Xuereb

It is not 6:00 pm and I just looked at the written comments attached to tonight's agenda. Why wasn't my complete written comment, include the attachments which are referenced in the email included in the Commission packet? This is a blatant violation of my First Amendment right and thus I demand that this error is corrected immediately.

Supervisor Speier's Office asked me to reach out to you and inform you that Mr. Durazo made the decision to step off the board of the Independent Civilian Advisory Commission on the Sheriff's Office.

Best,

David

Marco

I see you are on this thread. Thank you for sharing your opinions.
I would actually like to follow you on Instagram since you are on a County commission but want to make sure I have the right account. Is this you?

[redacted]—(That is not your real name). What you just did is libelous. You went on my feed where I have posts of my kids and family and told people it was 'child porn.' You have never asked me directly instead you have emailed candidates running for office and other public forums trying to slander my reputation. If you continue to engage in this I will have no other option but to file a police report. I had to make my account private because you are were taking screen shots of my kids photos. Your real name, I think is 'Grace Xuereb.' Or is that one of the identities you assume online to harass people during election season? I advise you to tread lightly because what you are doing is criminal.

You asked if the account is mine. Then told others that there was 'child porn' on there. I have the email. The profile pic was of daughter. You need serious help. I think you are a trained lawyer. You have committed both libel and slander. You should know better. I refuse to engage further with a person like you that stalks peoples social media feeds then uses images of their family to weaponize your crusade against candidates from a town you don't even live in.

BTW. My social media feeds include my wife, mom, and members of my family... you are being vague about what you 'discovered' as a way to infer that there is obscene material on there. You are twisted and I will pursue civil and criminal charges against you.

Hello, - Is Kalimah lying or stupid or corrupt? To act like she is in charge

I apologize for my response in the meeting. You have repeatedly called me names and called my character into questions based on issues I have no knowledge of.

I was told that he planned to resign. Nothing written was submitted to me so in my opinion he was still a member. Per our bylaws you can be removed if you miss a certain amount of meetings. That was my only issue. Again I have ZERO knowledge about any issues you have with Mr Durazo or posts on social media. When I made my announcement he had missed that required number of meetings. So I announced his removal simply to start the process of getting a replacement. That's it.

- see attachment 1 - he resigned on Jan 17, 2025

If you want to continue to speak out on this issue that is your right. I remain confused on why I am the focus of you're ire.

Regards,

Kalimah

Where are the bylaws

- Kalimah is NOT in charge of his replacement - Speier is and had started the process.

2. If someone gave you that information who was it?

3. Why haven't your corrected the record since he had not missed 3 meetings in a row when he resigned in January?

4. Why did you laugh at me for asking for accountability and truth?

5. Who was responsible for putting my written comment online?

6. Why wasn't my entire comment posted?

7. Why is my entire comment still not posted?

Please do not fool yourself. I am not going away until I have answers and accountability. Your attention to this matter is appreciated.
