County of San Mateo

To the Citizens of San Mateo County:

The County of San Mateo's Adopted Budget for Fiscal Year 2010-11 was compiled in accordance with the County Budget Act (sections 29000 through 29144 of the Government Code), and is herewith presented. For planning purposes, the budget for Fiscal Year 2010-11 was prepared at the revenue and expenditure object level and is presented in the budget unit summaries for each County department, but is not included in the Controller's schedules.

This budget was adopted by the Board of Supervisors following a public hearing on September 28, 2010 to consider changes to the Recommended Budget, which was published on May 28, 2010 and tentatively adopted by the Board of Supervisors on June 23, 2010. The Adopted Budget sets forth the appropriations (spending limits) for the provision of services by County departments and the estimated financing sources by which the spending plan will be funded. California law requires that the County's budget must balance, that is, appropriations cannot exceed available financing sources.

This document also includes June and September budget revisions, final Fund Balance adjustments, and updated performance measure summary tables.

Shown separately in the Controller's Schedules are the managerial budgets for the County's enterprise funds, internal service funds and special districts.

SHARED VISION 2025

Our Shared Vision for 2025 is for a healthy, prosperous, livable, environmentally conscious and collaborative community.

Healthy Community

Our neighborhoods are safe and provide residents with access to quality health care and seamless services.

Prosperous Community

Our economic strategy fosters innovation in all sectors, creates jobs, builds community and educational opportunities for all residents.

Livable Community

Our growth occurs near transit, promotes affordable, livable connected communities.

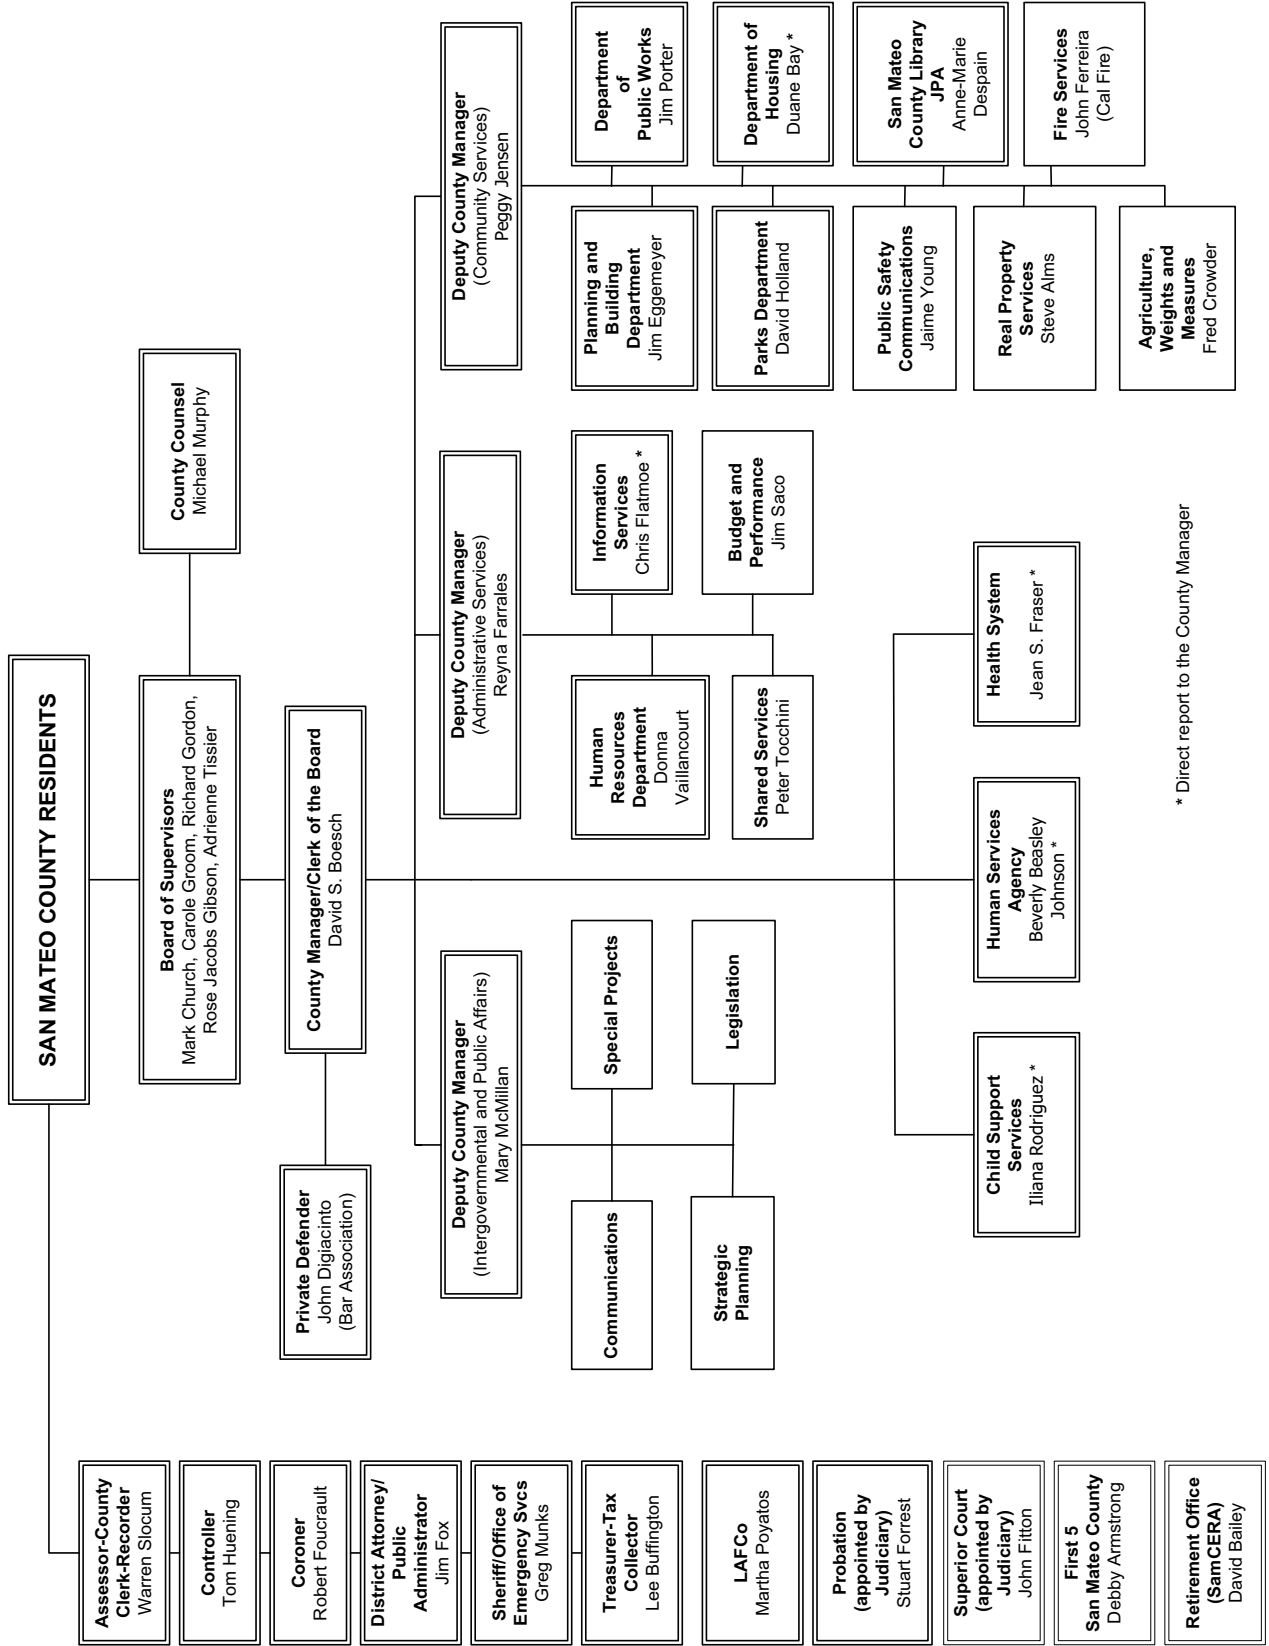

Environmentally Conscious Community

Our natural resources are preserved through environmental stewardship, reducing our carbon emissions, and using energy, water and land more efficiently.

Collaborative Community

Our leaders forge partnerships, promote regional solutions, with informed and engaged residents, and approach issues with fiscal accountability and concern for future impacts.

* Direct report to the County Manager

COUNTY OF SAN MATEO FUND STRUCTURE

General Fund

The *General Fund* is used to account for all revenues and expenditures necessary to carry out basic governmental activities of the County that are not accounted for through other funds. For the County, the General Fund includes such activities as general government, public protection, public ways and facilities, health and sanitation, public assistance, education, and recreation services.

Special Revenue and Trust Funds

Special Revenue Funds are used to account for revenues that are restricted by law or administrative action and expenditures for specified purposes.

The *Emergency Medical Services Fund* was established under Senate Bill 12/612 to provide financial assistance for individuals. This fund is financed by a special assessment imposed on court fines, forfeitures and traffic school fees, and used to pay physicians for uncompensated emergency care and hospitals providing disproportionate emergency and trauma care.

The *IHSS Public Authority Fund* provides for consumer assistance in finding qualified In-Home Supportive Services (IHSS) personnel, and training as well as support for providers and recipients of IHSS via the maintenance of a registry and referral system. This fund is primarily financed by state grants.

The *County Fire Protection Fund* provides for fire protection services to both cities and unincorporated areas in the County. Revenues are derived from property taxes on all parcels within the County's fire protection districts.

The *Road Fund* provides for planning, design, construction, maintenance, and administration of the County's transportation activities. Revenues primarily come from the County's share of state highway user taxes and federal grants.

The *County Half-Cent Transportation Fund* accounts for a ½ cent sales tax revenue approved by the voters of San Mateo County in 1988. This fund is restricted for transportation programs sponsored by other County departments and outside agencies.

The *Road Improvement Fund* accounts for mitigation fees imposed on building permits to finance road improvement in the County.

The *Solid Waste Fund* previously accounted for revenues derived from management and operation of the Ox Mountain landfill. The contract with the landfill operator expired on December 31, 2009 and tipping fee revenues from that agreement have been replaced with a newly implemented AB 939 Waste Diversion Fee, which will be accounted for in the Waste Management Fund. Remaining reserves in the Solid Waste Fund will be used to close and monitor County-owned landfills in Pescadero and Half Moon Bay until such time that the funds are exhausted.

The *Waste Management Fund* accounts for revenues from the newly implemented AB 939 Waste Diversion Fee as well as Garbage Collection Administration Fees. The new AB 939 Fee, which is derived from landfill disposal in the unincorporated lands of the County, will be used to prepare and implement a countywide integrated waste management plan. This Fee will also fund eligible Solid Waste Management and Diversion programs, and Household Hazardous Waste and state-mandated Local Enforcement Agency programs administered by Environment Health.

The *County Library Fund* is governed by the Board of the San Mateo Joint Powers Authority (JPA). The Board has twelve members, one representative from each of the eleven cities and one from the County Board of Supervisors. The JPA is primarily financed by property taxes and provides library services to eleven cities and all unincorporated areas of the County.

Other Special Revenue Funds include:

- *Fish and Game*
- *Off-Highway Vehicle License Fees*

Capital Project Funds

Capital Project Funds are used to account for financial resources to be used for the acquisition of land or acquisition and construction of major facilities other than those financed by the proprietary funds.

The *Parks Acquisition Fund* is used for the acquisition of land for the County Parks System and the development of County park facilities. Revenue in this fund originally came from a one-time sale of land at San Bruno Mountain. Current revenues come from grants and interest earnings.

The *Accumulated Capital Outlay Fund* accounts for appropriations for County capital improvement and facilities maintenance projects. Revenues are derived from selling the County real property and interest earnings.

The *Courthouse Temporary Construction Fund* was established to support construction, rehabilitation, lease and financing courtrooms. For every \$10.00 of all criminal and traffic fines, bail and imposed penalties, a \$2.25 penalty assessment is added to the fines and placed into this fund. A penalty assessment \$1.50 is put into this fund for every parking offense paid. The County's Probation Department also deposits \$1.00 into this fund for every \$10.00 in fines collected pursuant to Government Code 76004.

The *Criminal Justice Temporary Construction Fund* was established to finance construction, reconstruction, expansion, improvements, operation, or maintenance of criminal justice facilities. Sources of revenue for this fund are identical to the Courthouse Temporary Construction Fund above.

The *Capital Projects Fund* was established to centrally budget capital improvement projects in the County.

Debt Service Fund

Debt Service Fund is used to account for accumulation of resources for, and payment of, principal and interest on the County's general long-term debt. The Fund was established to centrally budget all County debt service payments. Amounts are transferred into this fund from the various funding sources before payments are made.

Enterprise Funds

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is to have the costs of providing goods or services (including depreciation and amortization) to the general public be financed primarily through user charges on a continuing basis; or where the County has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

The *San Mateo Medical Center (SMMC) Fund* accounts for the hospital and clinical services provided to county residents. SMMC's revenues are principally fees for patient services, payments from Federal and State programs such as Medicare, Medi-Cal, interfund revenue, realignment revenues and subsidies from the General Fund.

The *Airports Fund* was established to provide for operations and maintenance of the San Carlos and Half Moon Bay aviation facilities. Revenues are derived from facility rental and federal aid.

The *Coyote Point Marina Fund* provides and maintains a fully utilized recreational facility for the boating public. Revenues arise from berth and facility rentals as well as interest earnings.

Special District Funds

Special District Funds are used to account for property tax revenues and user fees restricted by law to only support specified government services to the districts from which tax revenues and fees are derived.

The *County Service Area Fund* accounts for special district funds that provide refuse disposal, water, and lighting maintenance services to specific areas in the County. Revenues are derived from user charges and property taxes.

The *Sewer and Sanitation Fund* accounts for special district funds that support construction and maintenance of reliable sanitary sewer systems, providing sensitive sewage treatment and disposal to sewer and sanitary districts within the County. Revenues are derived from user charges and property taxes.

The *Flood Control Zone Fund* accounts for special district funds that support various flood control projects within the flood control districts. This fund is financed through property taxes, certificates of participation, and state and federal grants.

The *Lighting Districts Fund* accounts for special district funds that enhance the safety of residents and businesses by providing adequate lighting systems to street lighting districts within the County. Property taxes are the primary source of revenue.

Other Special District Funds include:

- *Highlands Landscape Maintenance District Fund*
- *Drainage Districts Fund*

Internal Service Funds

Internal Service Funds are used to account for the financing of goods and services provided by one department to other departments on a cost reimbursement basis.

The *Motor Pool Internal Service Fund* provides vehicle and equipment acquisition, replacement, maintenance, repair, and fuel services to all County agencies. Full service repair facilities are operated in Belmont and Redwood City.

The *Tower Road Construction Fund* provides quality, cost-effective maintenance, repair and renovation of County facilities to ensure a safe, accessible, efficient and attractive environment for the public and all County employees. This unit also offers remodeling and craft services beyond the scope of building maintenance to County and other government agencies; as well as capital project management, support and maintenance services to the lighting districts on a fee for service basis.

Non-County Funds

The *San Mateo County Employees' Retirement Association (SamCERA) Pension Fund*, under the control of the Board of Retirement, accumulates contributions from the County, its employees, and other participating employers, as well as earnings from investments. Disbursements are made for administrative expenses as well as retirement, disability, and death benefits based on a defined benefit formula. This Fund includes all assets of the San Mateo County Employees' Retirement Association. All assets of SamCERA are held in this fund.

The *First 5 San Mateo County (First 5) Fund* was established in March 1999 under the authority of the California Children and Families First Act of 1998 and is used to administer receipts and disbursements of California Children and Families First 5 allocations and appropriations, including administrative and overhead costs of the Commission and staff.

The *Housing Authority Trust Fund* is not maintained by the County, but financial information from the Fund has been entered into the County's budget system so that the Department of Housing's budget display provides an indication of the Department's total costs of providing housing services. The Housing Authority is a separate legal entity under state law administered by the Board of Supervisors as the Housing Authority Board of Commissioners. Funding is primarily provided by the U.S. Department of Housing (HUD) and tenants.

SHARED VISION 2025

Our Shared Vision for 2025 is for a healthy, prosperous, livable, environmentally conscious and collaborative community.

Healthy Community

Our neighborhoods are safe and provide residents with access to quality health care and seamless services.

Prosperous Community

Our economic strategy fosters innovation in all sectors, creates jobs, builds community and educational opportunities for all residents.

Livable Community

Our growth occurs near transit, promotes affordable, livable connected communities.

Environmentally Conscious Community

Our natural resources are preserved through environmental stewardship, reducing our carbon emissions, and using energy, water and land more efficiently.

Collaborative Community

Our leaders forge partnerships, promote regional solutions, with informed and engaged residents, and approach issues with fiscal accountability and concern for future impacts.

Funding adjustments prior to June 2010 Budget Hearings can be seen in the FY 2010-12 Recommended Budget. The following funding adjustments reflect budget changes from June 2010 Budget Hearings through the Adopted Budget. Final Fund Balance changes, which reflect June 30, 2010 actuals, can be seen in Section 2 of this document. Position change detail can be seen in the Authorized Position Summary beginning on page A-18.

FY 2010-11 September Revisions

1. Workforce Reduction - State Revenue

Projections for state funding have been reduced. One vacant Lead Fiscal Office Assistant position in Administration has been eliminated. In anticipation of state revenue reductions, the workload was previously reassigned to other staff in the unit.

Funding adjustments prior to June 2010 Budget Hearings can be seen in the FY 2010-12 Recommended Budget. The following funding adjustments reflect budget changes from June 2010 Budget Hearings through the Adopted Budget. Final Fund Balance changes, which reflect June 30, 2010 actuals, can be seen in Section 2 of this document. Position change detail can be seen in the Authorized Position Summary beginning on page A-18.

FY 2010-11 September Revisions

1. In-Home Support Services

A Staff Nurse position has been deleted and one Social Worker position has been added to align staffing mix to workload demands in In-Home Support Services. There is no impact to existing staff as the Staff Nurse position has been underfilled with a Social Worker for the past six months. State realignment revenue has been reduced.

FY 2010-11 September Revisions

1. Medi-Cal Federal Financial Participation

A vacant Supervising Mental Health Clinician position has been deleted and a Mental Health Program Specialist position has been added to align staffing mix with workload demands in Adult Mental Health Services. Medi-Cal Federal Financial Participation program revenue has been reduced.

2. New Esperanza Clinic for Developmentally Disabled Adults

The San Mateo Medical Center's Ron Robinson Senior Care Center is opening the Esperanza Clinic to provide medical services to developmentally disabled adults. As part of this service expansion, Behavioral Health and Recovery Services will provide partial funding for an Adult Psychiatrist position for the clinic. Medi-Cal Federal Financial Participation program revenue will offset the BHRS portion of the position cost.

FY 2010-11 September Revisions

1. SMART Program Extension

The San Mateo County Mental Assessment Referral Team (SMART) Program has been extended for one year. The current agreement with American Medical Response (AMR) who provides the transportation services for the program is extended. Aging and Adult Services and Behavioral Health and Recovery Services will reimburse Emergency Medical Services for ten months of costs, and Reserves from Health Administration will fund the additional two months of costs to cover the full year program extension.

2. Inmate Welfare Fund Reduction

As a result of revenue declines from the Inmate Welfare Fund (IWF) allocations, Correctional Health Services has reduced its IWF program budget by 25%. The reductions impact the Choices Program and Correctional Mental Health Services and include eliminating mental health services in the adult correctional facilities between the hours of 12 am to 2 am Fridays and Saturdays, and between 10 pm and 2 am Sundays through Thursdays; and eliminating contracted services for a domestic violence education program. This program will be provided in the future by Correctional Health staff. Additionally, one vacant Psychologist position has been deleted and one Marriage and Family Therapist position has been added to align staffing mix to future workload needs.

FY 2010-11 September Revisions

1. Adjustments to Revenues and Appropriations

Revenues from participation in the Medi-Cal Disproportionate Share Hospital program have been updated to reflect State projections. Adjustments in other revenues and accounts have been made to meet current level services, including moving County facility charges from a centralized account in the Medical Center to Administrative and Quality Management Services to reflect this program's allocation of facility rent and maintenance costs. The Net County Cost increase in Administrative and Quality Management is offset by adjustments in other programs in the Medical Center.

Position change detail can be seen in the Authorized Position Summary beginning on page A-18.

FY 2010-11 September Revisions

1. Clinic Subleases and Accounting and Cost Tracking Improvements

Adjustments have been made to reflect current program activities. Revenue adjustments include loss of funding from subleases in two clinics. Expenditure adjustments include County facility charges moved from a centralized account in the Medical Center to Ambulatory Services to reflect this program's allocation of facility rent and maintenance costs. Additional adjustments have also been included. The Net County Cost in this program is offset by adjustments in other programs in the Medical Center.

2. Public Health Redesign Impact on Laboratory

As a result of the Public Health Redesign, laboratory tests will be performed by the Medical Center's Laboratory Department. Contract laboratory expenditures have been moved to Ancillary and Support Services. Revenue offsetting these expenditures are budgeted in Administrative and Quality Management Program. The Net County Cost decrease is offset by adjustments in other programs in the Medical Center.

5. Esperanza Clinic for Developmentally Disabled

A new clinic is being opened at the Ron Robinson Senior Care Center to provide medical services to developmentally disabled adults. To support the new services, five positions and program operating costs have been added. The new positions include one Staff Physician, one

part-time Nurse Practitioner, one Licensed Vocational Nurse, one Patient Services Assistant II and one Adult Psychiatrist. Medical fees will offset costs. A reimbursement from Behavioral Health and Recovery Services will partially offset a portion of the cost of the Adult Psychiatrist position.

6. Clinics Staffing Mix Adjustments

One vacant part-time Staff Physician position has been deleted and one Supervising Physician has been added in the Methadone Clinic. One vacant part-time Clinical Nurse position has been increased to full-time in the Daly City Clinic. Extra Help hours have been increased for Extra Help Physicians providing HIV and Tuberculosis care services. Overtime has been reduced in the Willow and Fair Oaks clinics to help offset costs. These staffing changes will better support service delivery in these clinics.

FY 2010-11 September Revisions

1. Electronic Dental Record System Grant

A grant has been awarded to the Medical Center by Delta Dental. The grant will be used to purchase software for a dental records system module in the Medical Center's electronic medical records system, eClinical Works. The new software will allow for better communication between physicians, improve efficiencies in treatment, and shorten the cycle time in which compensation for services is received.

Funding adjustments prior to June 2010 Budget Hearings can be seen in the FY 2010-12 Recommended Budget. The following funding adjustments reflect budget changes from June 2010 Budget Hearings through the Adopted Budget. Final Fund Balance changes, which reflect June 30, 2010 actuals, can be seen in Section 2 of this document. Position change detail can be seen in the Authorized Position Summary beginning on page A-18.

FY 2010-11 September Revisions

1. Forensic Biology Unit

One full-time Criminalist position has been deleted and two half-time Criminalist positions have been added. This will allow the Laboratory to offer a flexible schedule to employees within the Forensic Biology Unit.

FY 2010-11 September Revisions

1. National Police Activities League Grants

In July 2010, the Sheriff's Office received two American Recovery and Reinvestment Act (ARRA) grants to the Sheriff's Activity League (SAL) from the National Association of Police Activities League. These grants will support community-based youth mentoring programs in Pescadero and North Coastside areas and will service between 40-50 youth. In addition, SAL received two non-ARRA grants for non-school hour youth leadership activities to reach at-risk youth ages 11-18. The grants will serve between 40-50 youth in north and central county.

2. Sequoia Healthcare District Grant

In May 2009, the Sequoia Healthcare District Board of Directors awarded a grant to the San Mateo County Sheriff's Activities League (SAL) to develop the Academicos Futbol Club, a soccer academy for youth in North Fair Oaks. The Sequoia Healthcare District Board awarded a second grant to continue the academy. The grant will serve an estimated 100 students and cover the costs of uniforms, sporting equipment, and other supplies for the Club.

Funding adjustments prior to June 2010 Budget Hearings can be seen in the FY 2010-12 Recommended Budget. The following funding adjustments reflect budget changes from June 2010 Budget Hearings through the Adopted Budget. Final Fund Balance changes, which reflect June 30, 2010 actuals, can be seen in Section 2 of this document. Position change detail can be seen in the Authorized Position Summary beginning on page A-18.

FY 2010-11 September Revisions

1. FY 2009 Bay Area Urban Area Security Initiative (UASI) Grant

The UASI is a federal Department of Homeland Security grant that provides resources for the unique equipment, training, planning, and exercise needs of 35 selected national high threat urban areas. The Bay Area UASI is one of 35 national urban areas and one of six identified in California. As with the FY 2008 UASI concept, the FY 2009 UASI is intended to build enhanced regional capabilities across a larger geographical area. Funding from the FY 2009 UASI grant will be used to link data from the west bay to the east bay, purchase equipment for the P25/RF interoperable communications project, and upgrade the Talon bomb robot with hazardous materials detection equipment.

2. California Fish and Game Grant

In July 2009, the Board of Supervisors authorized the Sheriff's Office to execute an agreement with the California Department of Fish and Game for the purchase of an oil spill response equipment trailer for use in responding to oil and other water contaminants within the San Francisco Bay area. In August 2010, the Sheriff's Office received a second state grant to update and expand the county's oil spill contingency plan and to participate in the statewide oil spill drill.

Funding adjustments prior to June 2010 Budget Hearings can be seen in the FY 2010-12 Recommended Budget. The following funding adjustments reflect budget changes from June 2010 Budget Hearings through the Adopted Budget. Final Fund Balance changes, which reflect June 30, 2010 actuals, can be seen in Section 2 of this document. Position change detail can be seen in the Authorized Position Summary beginning on page A-18.

FY 2010-11 September Revisions

1. IT Desktop Support

As part of the Departments IT infrastructure changes, an increase in ISD desktop support and relationship manager services has been added. This increase in service charges is fully offset by salary and benefit savings with the transfer of three Information Technology Analyst positions to ISD beginning October 2010. The Department will achieve long term savings through this approach.

2. Department Reorganization

As part of the Departments strategic reorganization and consolidation, the Assistant Chief Probation Officer position will be deleted effective March 2011. The four months of projected salary savings will be used to fund internal process improvements and system enhancements to obtain greater efficiencies.

3. Fiscal Services Unit Enhancement

One vacant Fiscal Office Assistant II position has been deleted and one new Accountant I position has been added. This change will allow for a career path within the unit for fiscal support staff, relief for the Financial Services Manager and Accountant II from the day to day transactions within the unit, and provide for an increased level of fiscal support for the Department.

⁽¹⁾ The annual budget submission includes a graph showing the total number of cases in which a conviction was obtained, either by a plea or verdict as well as a measure of the total number of cases filed. There will not be an exact correlation between cases filed and cases in which a conviction was obtained because of the time it takes to process cases, especially serious or violent cases. For example, some cases have been filed as long as three years prior to resolution of the case.

⁽²⁾ The data represents the dollar amount distributed on exceptionally large estates with few heirs after intensive litigation for FY 2007-08.

⁽¹⁾ Significant crimes include the following offenses: criminal homicide, forcible rape, robbery, assault, burglary, larceny - theft, arson, motor vehicle theft, and domestic violence. The figure for SMO crimes reflects actual crimes as reported to the State Department of Justice (DOJ) by law enforcement agencies. The figure for CSA #1 crimes reflects only initial reported crimes by category as called in to County 9-1-1 by citizens, prior to review and preparation of a crime report by a Sheriff's Deputy. This categorization may not reflect the final type of crime ultimately reported by the Sheriff's Office to State DOJ for a given incident.

⁽²⁾ No surveys were collected in FY 2007-08 and FY 2008-09 were for all Sheriff activities; the Sheriff's Office is working to develop CSA-1 tailored surveys for future use.

⁽³⁾ Surveys reported in FY 2007-08 and FY 2008-09 were for all Sheriff activities; the Sheriff's Office is working to develop CSA-1 tailored surveys for future use.

FY 2010-11 September Revisions

1. Math and Science Project - Teacher Training Component

The Math and Science Project promotes student academic achievement and excellence in math and science to ensure that San Mateo County youth are able to be future innovators in the County and in the Bay Area especially in the areas of biotechnology, bioscience, health care, and other technology. There are two components to the project, a teacher/student activities component and a teacher training component. In collaboration with the San Mateo County Office of Education, the Human Services Agency's Education Liaison in Workforce Development coordinates and oversees both project components. The teacher/student component was transferred to the Human Services Agency in FY 2009-10. The teacher training component has been transferred from the FY 2010-11 Memberships and Contributions budget to the Human Services Agency budget.

FY 2010-11 September Revisions

1. Electronic Data Processing Services

The California Department of Child Support Services is increasing its allocation to San Mateo County to support electronic data processing services. The increased allocation results in reduced participation in the Federal Financial Participation Program. The Department will decrease its local match dollars, which will lower the draw down of federal match dollars.

SHARED VISION 2025

Our Shared Vision for 2025 is for a healthy, prosperous, livable, environmentally conscious and collaborative community.

Healthy Community

Our neighborhoods are safe and provide residents with access to quality health care and seamless services.

Prosperous Community

Our economic strategy fosters innovation in all sectors, creates jobs, builds community and educational opportunities for all residents.

Livable Community

Our growth occurs near transit, promotes affordable, livable connected communities.

Environmentally Conscious Community

Our natural resources are preserved through environmental stewardship, reducing our carbon emissions, and using energy, water and land more efficiently.

Collaborative Community

Our leaders forge partnerships, promote regional solutions, with informed and engaged residents, and approach issues with fiscal accountability and concern for future impacts.

⁽¹⁾ This measure includes rental assistance provided by Section 8 vouchers such as Housing Choice, Project Based or other special programs in additions to Public Housing Units such as Midway Village and El Camino Village.

⁽²⁾ The data being measured reflects the number of clients that have transitioned out of rental assistance programs due to home purchase or achieving capacity to pay market rent. The change between FY 2006-07 and FY 2008-09 is because of a change in type of data included in the measure.

Percent of customer survey respondents (residents) rating road project improvements good or better ⁽²⁾	100%	100%	77%	90%	90%

⁽¹⁾ The percent of design phase and construction phase projects completed on time and within budget decreased in FY 2009-10 because when the design phase was complete for these projects, funding was not available for the construction phase. Once the construction phase funding was restored through Prop 1B and American Recovery and Reinvestment Act, the projects have to be revisited by the engineering design team, thereby driving up the cost of each project.

⁽²⁾ The percent of customer survey respondents rating road project improvements good or better decreased in FY 2009-10 because of a very small portion of residents who were unhappy with road improvements.

FY 2010-11 September Revisions

1. Daly City Clinic Maintenance

On June 1, 2010, the Department of Public Works assumed maintenance responsibilities for the Daly City Clinic. The responsibilities associated with assuming the Clinic include mechanical, electrical and plumbing maintenance, elevator maintenance, fire and life safety systems maintenance, emergency response, utility services, grounds maintenance, and light craft work. The increase in responsibilities required the addition of one new Stationary Engineer II position, tools, and construction materials to properly maintain the Clinic. The Board of Supervisors approved the additional position on June 29, 2010 and this funding adjustment adds appropriation to the budget.

FY 2010-11 September Revisions

1. Crystal Springs Dam Bridge Demolition

The existing bridge over the Crystal Springs Dam on Skyline Boulevard will be demolished. The bridge, which is structurally deficient to withstand a maximum credible earthquake, has reached the end of its useful life and must be replaced. The bridge will be removed and San Francisco Public Utilities Commission (PUC) will proceed with dam modifications to increase the capacity of the reservoir. Grant funding from the State of California will be used for the Crystal Springs Dam Bridge Demolition.

- (1) Primary roads are defined as County maintained roads that are major thoroughfares and streets or the only road servicing a particular area. Secondary roads are defined as all other roads. Pavement Management System Centerline lengths were updated in FY 2009- 10 to reflect changes made to Collier Burns Reports when road lengths were re-measured.
- (2) The Pavement Condition Index (PCI) is a standard measurement system used statewide to rate the condition of roads. All roads maintained by the County are periodically inspected using defined criteria (cracks, deteriorating pavement, etc.) and assigned a rating. Repeat inspections are regularly conducted to determine if the road condition is becoming worse, staying the same, or improving.
- (3) Actual data is not available for these Performance Measures in FY 2009-10 because the measure was accidentally deleted from the database.

⁽¹⁾ The Youth Overnight Camping area at Huddart Park is open all year long. The Youth Overnight Camping areas at Memorial and Sam McDonald Parks are closed annually from mid October through mid May because assessing these campsites in winter weather is not advisable.

⁽²⁾ A snapshot of percent of family camping utilization and youth camping utilization is taken annually during the last weekend in June and the last weekend in September.

⁽³⁾ It is measuring plastic, aluminum and paper recycling only in the parks.

⁽⁴⁾ This is measuring the amount of concrete and asphalt, construction debris, dirt and tree debris in the parks diverted from landfills.

⁽⁵⁾ A snapshot of number of youth served in youth camping is taken by counting the number of youth reserved at the youth camp annually during the last weekend on June and the last weekend in September.

2. See-It Shared Vision 2025 Performance Tracking and Community Engagement Tool

Enviance is a new vendor that will provide support for the County's See-It tool, which is a web-based program used to track Shared Vision 2025 community outcomes with opportunities for the public to provide input. Enviance will build enhancements to the program to further support enterprise-wide performance reporting and benchmarking information from both the public and private sectors. County Management Reserves will be used to fully offset the cost of this contract.

FY 2010-11 September Revisions

1. Web/E-Gov Project

The Intergovernmental and Public Affairs (IGPA) unit manages the County's Electronic Government, for the purpose of setting long-term vision for Web content management; conducting audience analysis studies to ensure the County's website provides accessible, valuable and accurate information and assures visitors to the website are provided user-friendly formats, consistent quality and simple messages and navigation; coordinates web policies; advocates for new technologies; and coordinates training for the Web Advisory Group. The position within the Information Services Department was used initially for the planning phase of the project. In FY 2009-10, the incumbent was transferred to an existing vacant Management Analyst position within IGPA to complete the implementation phase and ongoing long-term management of the project. During the May Recommended Budget, this transfer was added to the IGPA budget as a reimbursement from Non-Departmental Services. The reimbursement from Non-Departmental Services has been eliminated and the Net County Cost has been increased to reflect ongoing costs. The Net County Cost increase is fully offset by a reduction in Non-Departmental transfers to the Information Services Department

Funding adjustments prior to June 2010 Budget Hearings can be seen in the FY 2010-12 Recommended Budget. The following funding adjustments reflect budget changes from June 2010 Budget Hearings through the Adopted Budget. Final Fund Balance changes, which reflect June 30, 2010 actuals, can be seen in Section 2 of this document. Position change detail can be seen in the Authorized Position Summary beginning on page A-18.

FY 2010-11 September Revisions

1. Elimination of Non-Departmental Loan

Due to better than expected revenues, the County Clerk-Recorder's Division did not need to take a loan from Non-Departmental Services in FY 2009-10. The loan repayment has been eliminated. The increase in Net County Cost will be offset by corresponding adjustments in County Clerk-Recorder Division.

2. Decline in Value Applications and Property Assessment Appeals

Because of an increase in the amount of Decline in Value applications and property assessment appeals, one new full-time unclassified Senior Appraiser position and one new full-time unclassified Assessor Recorder Technician II have been added to assist with the increased workload and identify new property tax revenue in Appraisal Services. Net County Cost is increased to fund the two positions, prorated for nine months.

FY 2011-12 September Revisions

1. Decline in Value Applications and Property Assessment Appeals

The increase in the amount of Decline in Value applications and Assessment Appeals caused Appraisal Services to hire one new full-time unclassified Senior Appraiser position and one new full-time unclassified Assessor Recorder Technician II to assist with the increased workload and identify new property tax revenue in FY 2010-11. The cost of the new unclassified positions are annualized in FY 2011-12. Net County Cost is increased to fund the two positions.

⁽¹⁾ The number of payables processed is related to the number of elections in a given fiscal year. The Administrative and Support Division expects fewer invoices in FY 2010-11 because there will be fewer elections; and an increase in payable processed in FY 2011-12 because there will be more elections than the prior year.

⁽²⁾ A new internal information technology support process was implemented in FY 2008-09 and decreased the number of high priority requests.

⁽³⁾ The percent of information technology customer survey respondents rating services good or better decreased in FY 2009-10 because the division introduced a technological upgrade that made customers unhappy during the startup phase.

⁽⁴⁾ The amount of property transfer tax collected for taxing agencies in FY 2009-10 increased due to the unanticipated transfer tax collection from the Pacific Shores Development court settlement.

County Clerk - Recorder (1340P) General Fund

Funding adjustments prior to June 2010 Budget Hearings can be seen in the FY 2010-12 Recommended Budget. The following funding adjustments reflect budget changes from June 2010 Budget Hearings through the Adopted Budget. Final Fund Balance changes, which reflect June 30, 2010 actuals, can be seen in Section 2 of this document. Position change detail can be seen in the Authorized Position Summary beginning on page A-18.

FY 2010-11 September Revisions

1. Elimination of Non-Departmental Loan

Due to better than expected revenues, the County Clerk - Recorder's Division did not need to take a loan from Non-Departmental Services in FY 2009-10. The loan repayment has been eliminated. The decrease in Net County Cost will be offset by corresponding adjustments in the Appraisal Division.

⁽¹⁾ Each year the Program will strive to review internal controls over processes that cover 10% of the County budget. Wherever possible, priority will be given to processes with significant opportunities for improvement or high risk of errors or irregularities.

⁽²⁾ Figures for FY 2007-08 through FY 2008-09 include ERAF revenue.

⁽³⁾ No major operational audits that result in new ongoing revenue were completed during FY 2007-08 due to staff shortage. After increase in staff salaries following the completion of a salary survey / study, the Program was able to hire operational auditors during the second half of FY 2008-09. These auditors have undertaken major operational audits and reviews. Revenue enhancements and cost savings from these audits and reviews will be known once they are completed.

(4) The new revenue enhancements / cost savings targets for FY 2010-11 and FY 2011-12 are estimated at 40% of Internal Audit Program budget and will be adjusted as audits are undertaken and result in recommendations relating to revenue enhancement / cost savings that could be implemented in those fiscal years.

(5) The County targets for FY 2010-11 and FY 2011-12 are based on current data from the Benchmarking and Best Practices Survey of the Association of Local Government Auditors. Adjustments will be made as updated data becomes available.

FY 2010-11 September Revisions

1. Alignment of Budgeted Positions with Salary Ordinance

Currently a Fiscal Office Specialist is occupying a Revenue Collector II position. This change deletes the Revenue Collector II position and adds a Fiscal Office Specialist position to align the Salary Ordinance with the Division's budget. There is no Net County Cost impact.

⁽¹⁾ This measure reflects voluntary funds with a goal to maintain existing funds and attempt to gain additional participants. California state law requires certain pool participants to deposit their operating funds in the County treasury and these are defined as involuntary funds.

⁽²⁾ This measure reflects the dollar balance at the end of the fiscal year. Historically, the balance has reflected approximately 30% of total pooled funds.

⁽³⁾ The decrease in deposits is due to online payments and transactions.

⁽⁴⁾ The growth has declined due to short-term interest rates and the Lehman bankruptcy.

⁽⁵⁾ Percentages under Pool 3 yield rate vs. LAIF are net rates after fees and charges.

FY 2010-11 September Revisions

1. Retirement Board Adopted Budget

On May 25, 2010, the Retirement Board adopted an operating budget for FY 2010-11. A realignment of appropriations resulted in additional costs that have been fully offset by revenue from the Retirement Trust Fund.

Revenue/Sources	Appropriations	Intrafund Transfers	Reserves	Net County Cost	Positions

2. Fiscal and Administrative Support Positions

On May 25, 2010, the Retirement Board adopted an operating budget for FY 2010-11. Three new positions, including a Retirement Accounting Technician, an Administrative Assistant, and a Management Analyst have been added to assist with fiscal and administrative support, as well as improve communication with employees, retirees, and the public.

FY 2010-11 September Revisions

1. Customer Funded Projects

The following projects not completed in FY 2009-10 have been re-appropriated: various projects for the Human Services Agency including the Compass Project and the Harbor Building reconfiguration; Criminal Justice projects such as a cost benefit analysis to determine the value proposition of investing in Criminal Justice Information Services integration, grant match funding for the Community Oriented Policing Services (COPS) project, and the Public Safety Interoperable Communications (PSIC) project. Funding from Non-Departmental Services and Reserves will be used to offset costs.

- (1) The surge of e-mail viruses in FY 2009-10 is attributed to the efforts to exploit Windows software security vulnerabilities as well as other software vulnerabilities.
- (2) The increase in the number of spam messages blocked is due to increasing spam e-mail being sent by spammers and by the addition of a third tier of spam e-mail defense software. The number of spam messages blocked decreased from FY 2008-09 to FY 2009-10 because the spam defense software is now pre-blocking e-mail from known spamming domains before it gets evaluated as spam and therefore is not counted.
- (3) Not all PC's in the County are candidates for the PC Power Management software as some need to be available at any time i.e., Public Safety Dispatch workstations.

Non-Departmental Services (8000B) General Fund

Funding adjustments prior to June 2010 Budget Hearings can be seen in the FY 2010-12 Recommended Budget. The following funding adjustments reflect budget changes from June 2010 Budget Hearings through the Adopted Budget. Final Fund Balance changes, which reflect June 30, 2010 actuals, can be seen in Section 2 of this document. Position change detail can be seen in the Authorized Position Summary beginning on page A-18.

FY 2010-11 September Revisions

1. Collaborative Performance Management System (CPMS) Pilot

One-time funding is needed to support the CPMS Pilot project for select departments that will run through June 2011. These funds will support Learning Management System (LMS) training, coaching pilot participants in planning and goal setting, training supervisors on feedback and coaching skills, and evaluating the effectiveness of the pilot.

2. Information Services Department (ISD) Loan

A one-time loan is provided to ISD to cover funding shortfalls that arose during FY 2009-10. The Department will also borrow \$1.1 million from its departmental reserves. Payback to both sources will be made over the next five years. To relieve fiscal pressure on operating departments, the Service Charge Committee has held internal service charge rates flat the past two years. This has contributed to a structural deficit in ISD's budget. The funding shortfall is largely due to ISD's structural deficit compounded by projects that were deferred by user departments, resulting in lower than expected service fees. In the coming year ISD will develop a plan to regain sustainability.

3. E-Gov Projects - Community Outreach

The General Fund's contribution to the Information Services Department budget for countywide IT projects is reduced and a corresponding Net County Cost increase is made to the County Manager's Office to support a Management Analyst III position that is dedicated to E-Gov community outreach initiatives. This adjustment is Net County Cost neutral.

SHARED VISION 2025

Our Shared Vision for 2025 is for a healthy, prosperous, livable, environmentally conscious and collaborative community.

Healthy Community

Our neighborhoods are safe and provide residents with access to quality health care and seamless services.

Prosperous Community

Our economic strategy fosters innovation in all sectors, creates jobs, builds community and educational opportunities for all residents.

Livable Community

Our growth occurs near transit, promotes affordable, livable connected communities.

Environmentally Conscious Community

Our natural resources are preserved through environmental stewardship, reducing our carbon emissions, and using energy, water and land more efficiently.

Collaborative Community

Our leaders forge partnerships, promote regional solutions, with informed and engaged residents, and approach issues with fiscal accountability and concern for future impacts.

SHARED VISION 2025

Our Shared Vision for 2025 is for a healthy, prosperous, livable, environmentally conscious and collaborative community.

Healthy Community

Our neighborhoods are safe and provide residents with access to quality health care and seamless services.

Prosperous Community

Our economic strategy fosters innovation in all sectors, creates jobs, builds community and educational opportunities for all residents.

Livable Community

Our growth occurs near transit, promotes affordable, livable connected communities.

Environmentally Conscious Community

Our natural resources are preserved through environmental stewardship, reducing our carbon emissions, and using energy, water and land more efficiently.

Collaborative Community

Our leaders forge partnerships, promote regional solutions, with informed and engaged residents, and approach issues with fiscal accountability and concern for future impacts.

GLOSSARY OF BUDGET TERMS

Adopted Budget - The Budget that is finally adopted by the Board of Supervisors in September after the State budget is adopted and the impact of the State budget can be assessed and included in the County budget.

Appropriation - An expenditure authorization granted by the Board of Supervisors from a specific fund to a specific Budget Unit. Appropriation authority is granted at the object level: Salaries and Benefits, Services and Supplies, Other Charges, Fixed Assets, Other Financing Uses and Intrafund Transfers.

Authorized Positions (Salary Resolution) - The number of permanent full-time and permanent part-time positions authorized by the Board of Supervisors (excludes extra-help). This represents the maximum number of permanent positions which may be filled at any one time.

Balanced Budget - A budget where Total Sources, including Fund Balances, equal Total Requirements, including Reserves and Contingencies, for each appropriated fund.

Budget Unit - A distinct fiscal and organizational entity within the County budget which has a mission and/or funding source sufficiently unique to require a separate legal appropriation from the Board of Supervisors. Budget Units are generally at the department or major division level of an organization.

Budget Unit Summary - Format used in budget book to show major categories of revenues and appropriations for a budget unit.

CAFR – the Comprehensive Annual Financial Report represents the culmination of all budgeting and accounting activities engaged in by management during the prior year, covering all funds of the County, its component units and its financial transactions.

CalWORKs – California Work Opportunity and Responsibilities to Kids; California's welfare-to-work program established by the State Welfare to Work Act of 1997. The program, which replaced AFDC, makes welfare a temporary source of assistance by putting a five-year life-time limit on a receipt of benefits and mandating work requirements

Capital Project - A major one-time outlay of funds for land and/or building acquisition or construction, structural improvements or non-structural renovations to County facilities. Large-scale projects may extend over more than one fiscal year. Capital Projects may be financed from a variety of funding sources and are budgeted in the Fixed Assets expenditure category.

Contingencies – An appropriation category for economic uncertainties, emergencies and unanticipated mid-year funding losses. The minimum General Fund appropriation for contingencies required under the County Reserves Policy is three percent of General Fund net appropriations. Funds budgeted in this category can not be expended without four-fifths vote approval from the Board of Supervisors.

Departmental Reserves – An appropriation category for departments to budget funds which are unexpended in previous years and/or unobligated in the current year. The minimum Departmental Reserves requirement under the County Reserves Policy is two percent of budgeted Net Appropriations. Funds budgeted in this category can not be expended without approval from the Board of Supervisors.

Enterprise Fund - (1) A fund established to account for operations financed and operated in a manner similar to private business enterprises (e.g., water, gas and electric utilities, airports, parking garages or transit systems). In this case the governing body intends that costs (i.e., expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. (2) A fund established because the governing body has decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Expenditure - Decreases in net financial resources. Expenditures include current operating expenses requiring the present or future use of net current assets, debt service and capital outlays, and intergovernmental grants, entitlements and shared revenues.

Extra Help - Temporary employees of the County who are not included in the Salary Ordinance. These employees do not receive benefits (i.e., medical, dental, life insurance and paid vacation time).

Final Budget Change – A common description of any change made after the Recommended Budget has been submitted to the Board of Supervisors. Changes usually include corrections and updated revenue/appropriation amounts, and are brought to the Board in the form of "colored sheets" during June budget hearings and September for final budget approval.

Fiscal Year - A 12-month accounting period which differs from the calendar year. In San Mateo County, the fiscal year runs July 1 through the following June 30. During the fiscal year, revenues are realized, obligations are incurred, encumbrances are made and appropriations are expended.

Fixed Assets - Long-lived tangible assets (over the value of \$5,000) obtained or controlled as a result of past transactions, events or circumstances. Fixed assets include buildings, equipment, and improvements other than buildings and land. In the private sector, these assets are referred to most often as property, plant and equipment.

Full-Time Equivalent (FTE) - This represents the budgeted number of full-time equivalent staffing. A full-time equivalent position is equal to 2,080 hours a year (40 hours/week x 52 weeks). For example: Two full-time positions (40 hours per week), two part-time positions (20 hours per week) and one (.80) part-time position (32 hours per week), equals 3.8 FTE. However, this would represent five authorized positions in the salary resolution.

FTE Equivalent	
2 - Full-time positions (40 hours a week) =	2.0
2 - Part-time position (20 hours a week) =	1.0
1 - Part-time position (32 hours a week) =	<u>.8</u> (32/40 =.8)
TOTAL:	3.8

Fund - A fiscal and accounting entity with a self-balancing set of accounts in which cash and other financial resources, all related liabilities and residual equities, or balances, and changes therein, are recorded and segregated to carry on specific activities or attain certain objectives in accordance with special regulations, restrictions or limitations.

Fund Balance - The difference between fund assets and fund liabilities remaining at year-end. For budgetary purposes, this represents the sum of over-realized or unanticipated revenues and unspent appropriations or reserves at the end of each fiscal year.

Funding Adjustments – The section of the Program Plan and Budget that follows the Resource Allocation Summary table and describes key changes to Total Sources and Total Requirements, and the impact of those changes on a programs financial and operational performance from one budget year to the next. Types of changes include adjustments to Salaries and Benefits for negotiated increases and position changes, changes to operating levels, one-time expenditure outlays for goods or contractual services, and increased revenues from new or increased fees.

General Fund - The major County operating fund used to account for all financial sources and uses, except those required to be accounted for in another fund.

Gross Appropriations - Total authorized appropriations for a budget unit. It is the sum of Salaries and Benefits, Services and Supplies, Other Charges, Fixed Assets and Other Financing Uses.

IFAS - Integrated Fund Accounting System. Financial software that is maintained by the Controller's Office and used by the County for daily accounting purposes such as general ledger, accounts payable, job costing, purchasing and deposits, as well as budget monitoring.

Interfund Revenue - Transfers of costs between different funds; is recorded as Interfund Revenue by the organization on the receiving end of the transfer.

Intergovernmental Revenues - Revenues from other governmental jurisdictions in the form of grants, entitlements, shared revenues or payments in lieu of taxes. The County receives Intergovernmental Revenue from Federal, State and other local government agencies.

Internal Service Charge - Annual budgetary charges from servicing departments (such as Information Services, Public Works, Employee and Public Services), reimbursing costs incurred in the provision of internal County services to the departments receiving the services. For servicing organizations, the reimbursement is reflected as Intrafund Transfers offsetting their Gross Appropriation (from General Fund departments) or as Revenue (from non-General Fund departments). Services provided by these departments include technology support, telephone services, facilities maintenance and insurance.

Internal Service Funds – One or more funds that account for the goods and services provided by one department to another within government on a cost-reimbursement basis. Departments that use internal services (e.g. vehicle/fleet maintenance) would have an amount budgeted in Other Charges for such services.

Intrafund Transfers - Accounting mechanism to show expenditure transfers or reimbursements between operations *within the same fund* (the most common example is the General Fund). This mechanism is used to better reflect location of department costs. For example, the Board of Supervisors/Assessment Appeals Board receives reimbursement classified as an intrafund transfer from the Assessor-County Clerk-Recorder for processing assessment appeals.

Net Appropriations - Gross appropriations net of Intrafund Transfers. The Net Appropriation is used when summing up the County General Fund budget to eliminate double budgeting of expenditures reimbursed by other General Fund departments which are also included in Gross Appropriations.

Net County Cost – Total Requirements less Total Sources. This figure represents the part of a budget unit's appropriation that is financed by the General Fund's non-departmental revenues, such as property taxes, sales taxes and interest earnings.

One-Time Expenditures - Used to describe and differentiate non-recurring expenditures from routine ongoing costs within a given budget.

Typically, equipment purchases and capital improvement projects are one-time expenditures. This category may also include single-year appropriations for special purposes.

Other Charges - An Object Level of expenditure which reflects costs not directly provided by an operating department. Includes certain selected expense categories (e.g., telephone, data processing, radio, rent, program service providers (PSPs), support costs for juvenile court wards, welfare recipients, jail inmates or interagency payments).

Other Financing Sources – An Object Level of expenditure which reflects transfers from one Fund to another for purposes such as capital projects and debt service. The General Fund's contribution to the San Mateo Medical Center is budgeted in Other Financing Sources of the Medical Center Enterprise Fund.

Performance Measures – Indicators used to show (1) what/how much a program does – workload and effort, (2) how well the program provides services – service quality, and (3) whether anyone is better off – effectiveness and outcome of the program.

Performance Measures Summary Table – The section of the Program Plan and Budget that reflects all performance measures for the program with two years of historical data, current year estimates and performance targets for the next two fiscal years.

Program – operating unit(s) within a department that provides services to accomplish a specific outcome or purpose under the direction of a manager who plans the activities of the program, monitors its performance, and is held accountable for its success.

Recommended Budget - The Recommended Budget is submitted for approval by the County Manager to the Board of Supervisors in May of each year. Public hearings are held on the budget in June prior to the beginning of the new fiscal year on July 1. The Recommended Budget may include reductions to meet budget targets or to address revenue changes, as well as specific additional funding for proposed projects, activities or purchases.

Reserves (same as Contingencies/Department Reserves) - Those portions of fund balance that are not appropriated for expenditure or legally segregated for a specific purpose. Reserves are not appropriated for designated expenditures and require a 4/5ths vote by the Board of Supervisors to be transferred into appropriations such as Salaries and Benefits, Services and Supplies or Fixed Assets.

Revenue - Source of income to an operation from any funding source other than Fund Balance.

Salaries and Benefits - An Object Level of expenditure reflecting the County's compensation costs for employees. Salaries includes all types of cost attributable to personnel services of full-time, part-time, temporary, and extra-help employees, including overtime, vacation pay, sick leave pay and various types of premium pay. Benefits include the County's share of the costs for health, dental, life insurance, retirement, Social Security and Workers' Compensation.

Salary Ordinance - The master legal roster of all authorized positions in the County, delineated by budget unit. The ordinance is maintained by Employee and Public Services. Each year the Ordinance is completely updated to reflect budget changes. The Master Salary Ordinance as well as all amendments to the Ordinance must be adopted by the Board of Supervisors; changes can occur during the year as required.

Service Charges - Charges from servicing organizations for support services provided to a budget unit. These include: radio, telephone, auto insurance, liability insurance, rent, food services (jail and hospital), information system services and revenue collection services.

Services and Supplies - An Object Level of Expenditure reflecting purchase of goods and services. Includes a wide variety of expense categories required to support the purposes of a given activity (i.e., office supplies, travel and contract services).

Shared Vision 2025 – A community visioning process undertaken by the Board of Supervisors in 2000 to work in partnership with the community to achieve a citizen-developed vision for the future. The Outcome-Based Management (OBM) system has been implemented in all County programs and services to ensure alignment and progress toward the goals identified in the Shared Vision 2025 process.

Special Districts - An independent unit of local government organized to perform a single government function or a restricted number of related functions. Special districts usually have the power to incur debt and levy taxes; however, certain types of special districts are entirely dependent upon enterprise earnings and cannot impose taxes. Examples of special districts are water districts, drainage districts, flood control districts, hospital districts, fire protection districts and transit authorities.

Special Funds - Funds used to account for proceeds from specific revenue sources that are legally restricted as to how the revenues may be spent. The Parks Acquisition Fund is an example of this type of fund. It can only be spent for acquiring park land and developing park facilities.

Special Revenue Fund – A fund used to account for revenues legally earmarked for a particular purpose. For example, if property tax revenues are earmarked for library services, a Library Fund would account for the revenues and expenditures associated with such purposes.

Total Requirements – Reflects all expenditure appropriations, intrafund transfers and reserves.

Total Sources - Reflects all revenues and fund balance utilized to finance expenditure needs.

Trust Fund – A fund established to receive money that the local government holds on behalf of individuals or other governments; the govern-

ment holding the money has little or no discretion over it. Examples include employee pension funds and taxes collected for other governments.

Use of Money and Property - Revenue account that contains funds received from interest, rent payments or proceeds from the sale of property.
