## Defining Terms

---

**Eligible participants:** To be eligible, participants must have:

- (1) Enrolled in at least one of the following programs, with at least 24 hours (start and end dates not the same) of participation: Fresh Lifelines for Youth, Cleo Eulau Counseling Center, StarVista – Insights, Assessment Center, Family Preservation Program, Boys and Girls Club of the Peninsula, El Centro de Libertad, Peninsula Conflict Resolution Center, Pyramid – Strengthen our Youth, YMCA – School Safety Advocates, or Parenting Program.
- (2) Entered the program during the specified eligibility periods. For Assessment Center, Family Preservation Program, and Cleo Eulau this was between July 1, 2010 and June 30, 2012 (BOTH FY 10-11 and FY11-12). For all other programs, this was between July 1, 2011 and June 30, 2012 (ONLY FY 11-12). For this analysis, an additional limit was placed on enrollment dates. Because it often takes up to 6 months for a new violation to receive a final sustained/not sustained status, participants must have enrolled in a program prior to January 1, 2012, so that any new violations occurring within 12 months would have been likely to receive a final charge disposition.
- (3) Been 17 years old or less when they enrolled, so that there would be a full follow-up period of 12 months available to examine recidivism.

**Program of entry:** The first program of entry that is within the eligible program participation date range. Please note that participants will all have one program of entry, but/and could be enrolled simultaneously (or later) in other programs.

**Currently on court-ordered probation:** Participants who entered their program of entry with an active probation status of one of the following: Non-Ward Probation (725a W&I), Ward Probation, Informal Probation (654.2 WI), Deferred Entry of Judgment (790 WI), Ward Probation/241.1 WIC - Probation Lead, Ward Probation/241.1 WIC - Social Services Lead.

**Currently on NON-court-ordered probation:** Participants who entered their program of entry with an active probation status of one of the following: Victim Impact Awareness (VIA) Program, Informal Probation (654 W&I), Petty Theft Program, Victim Mediation, Intervention Contract.

**Never had justice involvement prior to program entry:** Participants who entered their program of entry with ONE of these profiles:

- (1) They had no JCMS number; OR
- (2) They had a JCMS number AND no record of referral prior to program entry AND no probation status record in case management file prior to program entry.

NOTE: A subset of cases with JCMS numbers have absolutely no referrals or probation statuses before or after program entry date. These were included as “Prior contact only,” because they likely have involvement prior to our data pull dates.

**Prior contact only:** Participants who entered their program of entry with an active probation status of one of the following: Closed-Petition Dismissed, Closed (no Court action), Closed (Referred to Traffic), Informal Probation Completed, Intervention Contract – Success, Petty Theft Program Completed, Terminated, Victim Impact Awareness (VIA) Program Completed, Victim Mediation Completed.

**New probation violation:** A new referral occurring more than one week after the start date of the participant’s program of entry that includes the following: (1) an offense description of “FAIL TO OBEY ORDER OF JUVENILE COURT;” (2) an offense description of “DEFERRED ENTRY OF JUDGMENT VIOLATION;” (3) a referral type of “VIOLATION OF PROBATION;” (4) a referral type of "WARRANT" or an offense description of "WARRANT OF ARREST;" or (5) a charge of "777(A)(2) WI" or "777(A)(1) WI."

**Sustained probation violation:** A new probation violation as defined above, with a charge status of “Sustained” (including all permutations, such as “Sustained as Amended,” etc.).

**New law violation:** A new referral occurring more than one week after the start date of the participant’s program of entry with an offense level of felony or misdemeanor.

**Sustained law violation:** A new law violation as defined above, with a charge status of “Sustained” (including all permutations, such as “Sustained as Amended,” etc.).
