

PROBATION DEPARTMENT COUNTY OF SAN MATEO

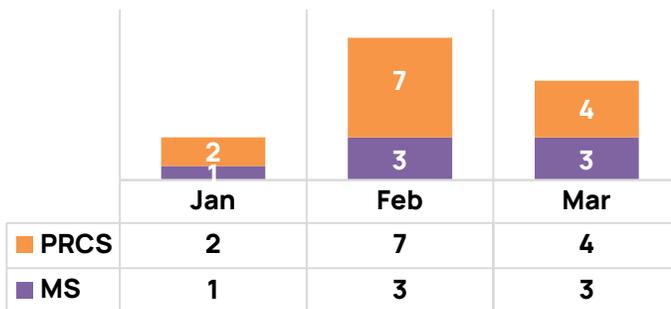

Quarterly Post-Release Community and Mandatory Supervision Update January – March 2021: 20 New Supervisees

*since realignment began in October 2011, there have been 2,532 supervisees.

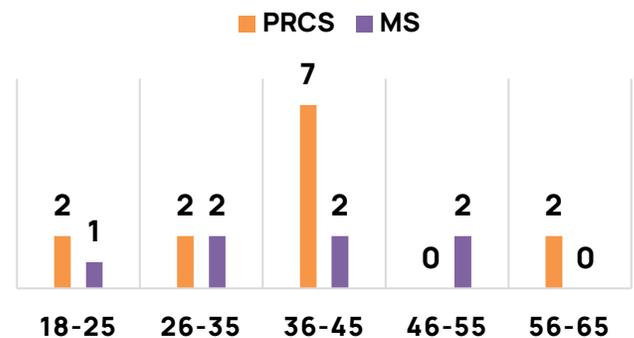

FY 2020-21 Third Quarter Highlights

|---|---|

PRCS and MS Released to SMC Supervision

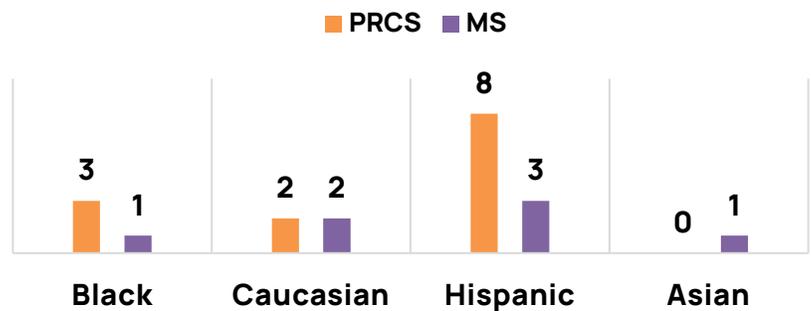

Age

Gender

Race

PRCS			
South San Francisco	4	Redwood City	2
Transient	5	Out of County	2
Total Supervisees	13		

MS			
Redwood City	1	Daly City	1
Transient	3	Out of County	2
Total Supervisees	7		

Terminations, Revocations and Flashes

There were thirty-nine (39) terminations during the reporting period. Seventy-nine percent (79%) were successful.

Total # of Supervisees Successfully Terminated		Total # of Supervisees Unsuccessfully Terminated	
PRCS – 22	MS – 9	PRCS – 7	MS – 1
<ul style="list-style-type: none"> • Early Terminations: 14 • Normal Terminations: 8 			

In the reporting period, we filed a total of thirty-two (32) revocations, with PRCS having twenty-seven (27) and MS having five (5) revocations. The breakdown by violation category is below:

Violation Type	PRCS	MS	% of Q3 Revocations
Property	1	1	6%
Drug/Alcohol	1	0	3%
Crimes Against Persons	2	0	6%
Technical	23	4	85%
Other Crimes	0	0	0%
Total	27	5	100%

Generally, the population is reoffending by committing crimes similar to those for which they are on Realignment, namely non-serious, non-violent, non-serious sex related crimes.

Eighty-five percent (85%) of revocations were for technical violations. Technical violations of supervision are filed when supervisees abscond or fail to abstain from substance use. It is important to note that the Probation Department usually files formal revocations after lower sanctions have been attempted, including flash incarcerations for PRCS cases. However, at times, officers may decide that a formal revocation is more appropriate than utilizing lower sanctions, depending on the circumstances of the violation. Fifteen percent (15%) of revocations filed were for new law violations involving crimes against persons, property, drug/alcohol related crimes as well as other crimes.

There was one (1) **flash incarceration** during this reporting period.

There were no supervisees whose charges were reduced because of **Prop 47** or **Prop 64**.

No cases were **transferred** to another county for supervision.

Recidivism Definition

San Mateo County: Arrest and/or Charges Filed within 3 years of Last Incarceration in San Mateo County, including warrant arrests, PTA/Court Sentence but **excludes** PRCS flash incarcerations/Revocation, 647/849B1 (no charges filed) or dropped charges.

Attorney General: An arrest resulting in a charge within three years of an individual's release from incarceration or placement on supervision for a previous criminal conviction

BSCC: A conviction of a new felony or misdemeanor committed within three years of release from custody or committed within three years of placement on supervision for a previous criminal conviction.

San Mateo County Quarterly Realignment Bulletin

Quarter 1: January 2021—March 2021

Executive Summary:

Offenses committed by the supervised and in-custody realignment populations in San Mateo County during January through March (Q1) continue to show that this population commits drug and property crime offenses. There is no significant involvement in serious or violent crime.

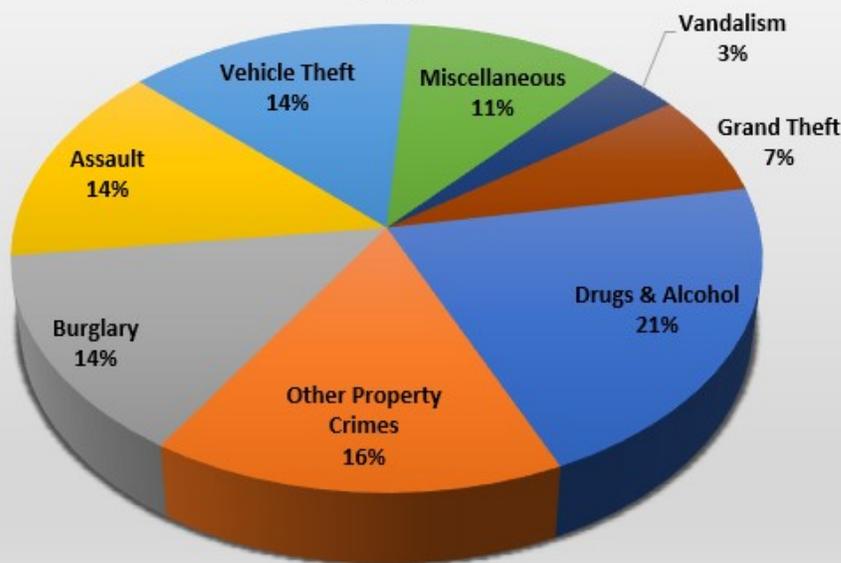

Overview:

During Q1, **Drug/Alcohol Offenses (21%)** and **Other Property Crime (16%)** were the top two committing offenses for the realignment population (new supervised cases and in-custody realignment offenders). Burglary, Assault, and Vehicle Theft tied for the third top offense with 14% each. Please note this includes the new supervised cases and in-custody realignment offenders. "Other property crime" refers to offenses such as elder theft and larceny. "Miscellaneous" refers to a number of assorted offenses that do not amount to any one category. These offenses include but are not limited to: evading, false imprisonment, conspiracy, and hit and run.

Overall, there was a decrease in the total realignment population during Q1 due to COVID-19. The decrease is the direct result of emergency measures summarily put into play to mitigate the spread of COVID-19. For example, in all criminal cases, the court had to obtain the defendant's consent to proceed remotely, inmates were released under the emergency bail order which allowed the inmates to be released from custody early, and offenders were cited out on the street (when possible) rather than brought into custody to help prevent the spread of the virus.

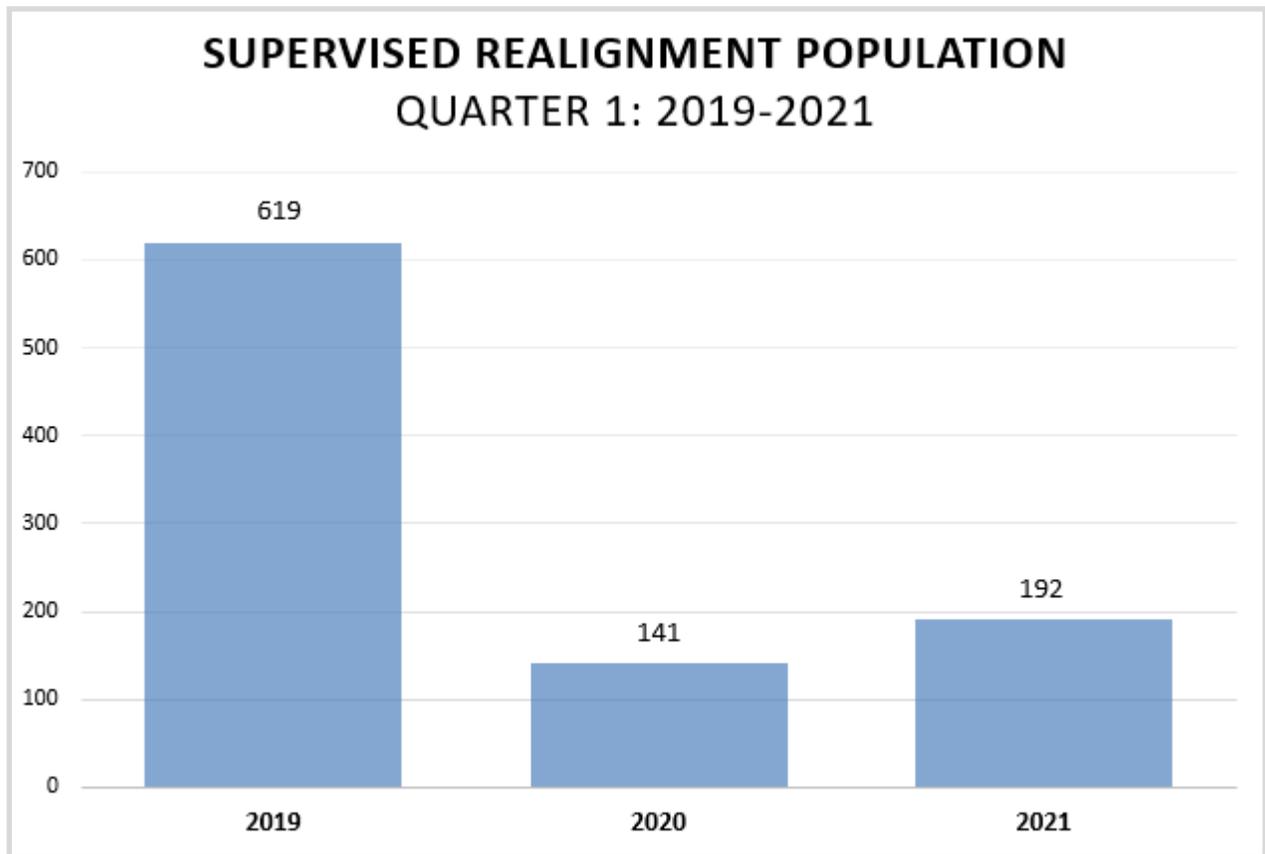

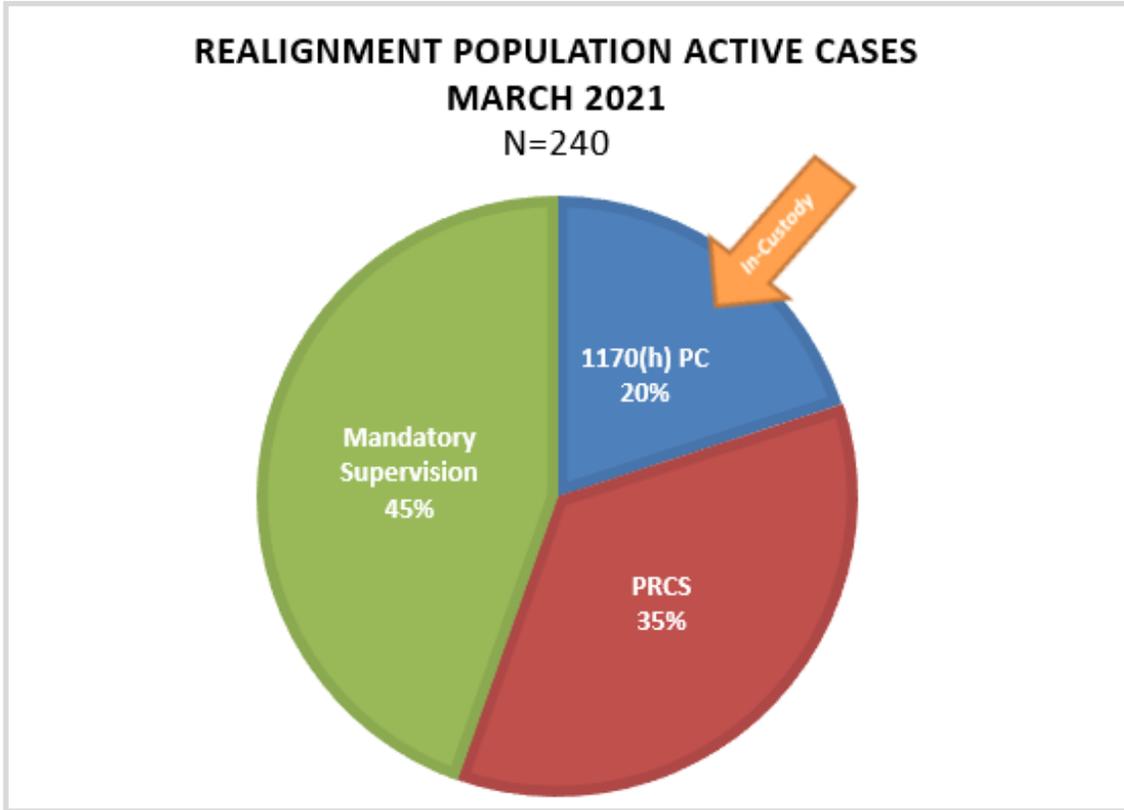

San Mateo County Realignment Population Top Committing Offenses

n=57

NOTE: The data used for this analysis was derived from information provided by the San Mateo County Probation Department and data from the San Mateo County Jail.

AB109: San Mateo County

Note: This data was obtained from different sources (probation, jail) and therefore may overlap slightly. However the preceding analysis provides a general picture of the San Mateo County realignment population.

San Mateo County: In-Custody

AB109 In-Custody Statistics

PC1170(h) New Sentenced Cases	Q1 2021	Q4 2020	Q3 2020
Number of new PC1170(h) cases	31	22	27
Total PC1170(h) Days to Serve	15,200	3,439	4,344
Number of Split Sentences	8	7	6
Number of Straight Sentences	23	15	21
Average Length of Stay (ALOS) all cases (after credits applied)	353	144	161
Average Length of Stay (ALOS) Split Sentences (after credits applied)	482	110	158
Average Length of Stay (ALOS) Straight Sentences (after credits applied)	612	165	162

Demographics of the Newly Sentenced PC1170(h) during Q1 2021:

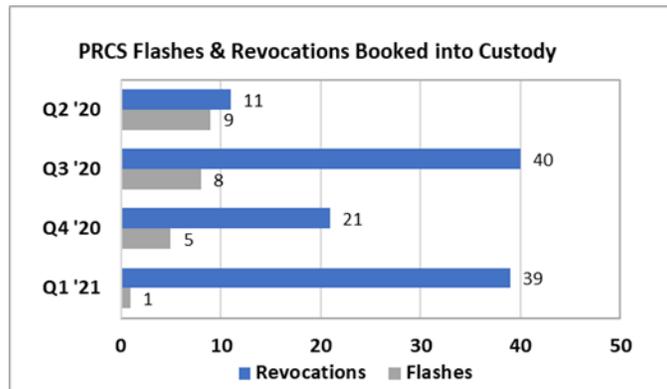

<p>Gender: Male 93.5% (29) Female 6.5% (2)</p>	<p>Median Age: 35 years old</p>	<p>Residency: 13 - Out of County 14 - In County 4 - Transient</p>
---	--	--

Mandatory Supervision Revocation (MSV):

Offenders in this population were re-arrested after being released from a PC1170(h) split sentence. Some of these offenders were ordered to serve the remainder of their original sentence and supervision was revoked; others were ordered to serve a portion of their original sentence and were reinstated on mandatory supervision.

MSV Revocation Cases	Q1 2021	Q4 2020	Q3 2020
Number of MSV Cases	2	1	5
Total MSV Days to Serve	205	138	288
Average Length of Stay	15	138	58

Parole Revocation Sentenced Cases	Q1 2021	Q4 2020	Q3 2020

Total Parole Revocation Days to Serve	754	571	376
Average Length of Stay	61	67	54

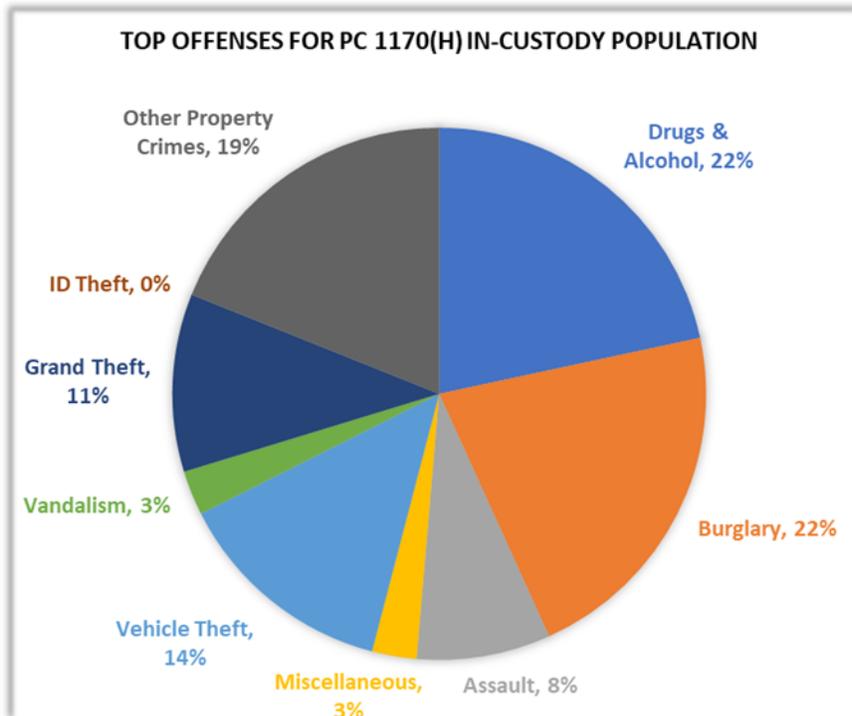

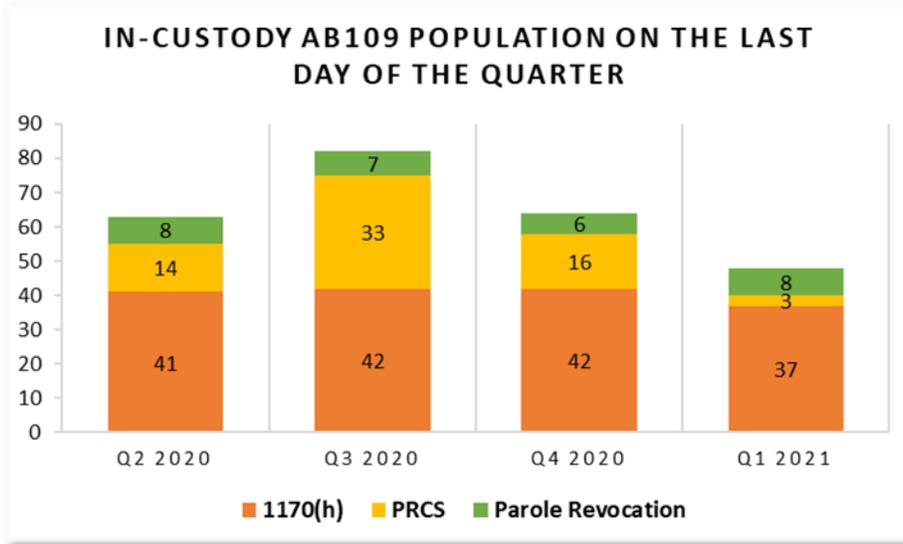

Post Release Community Supervision (In Custody) Cases	Q1 2021	Q4 2020	Q3 2020
Number of PRCS Revocation Sentences	10	17	19
Total PRCS Revocation Days to Serve	267	597	750
Average Length of Stay	25	34	39

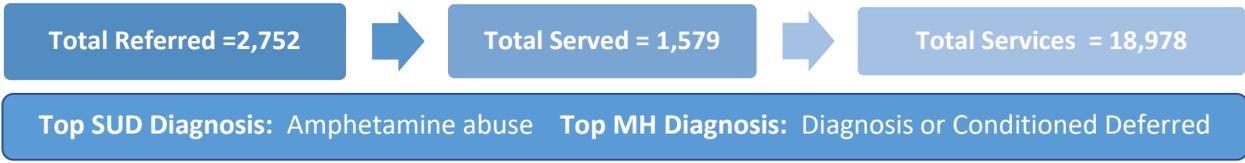

San Mateo County: *In Custody*

AB109 In-Custody on the Last Day of the Quarter:

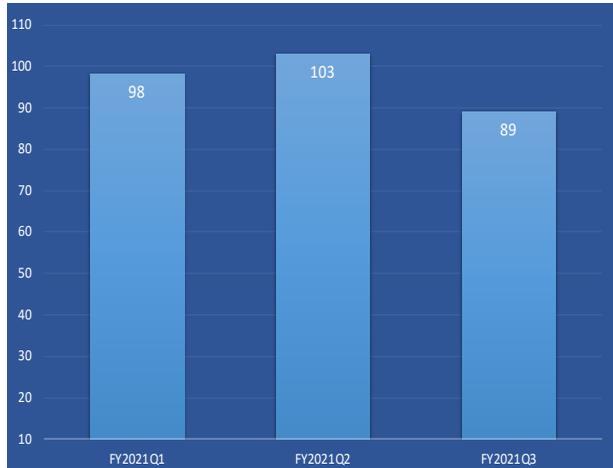

On the last day of the quarter (March 31, 2021), the total AB109 in-custody population was 6.9% (48) of the overall average daily population (698), a decrease from the prior quarter 9.1% (64).

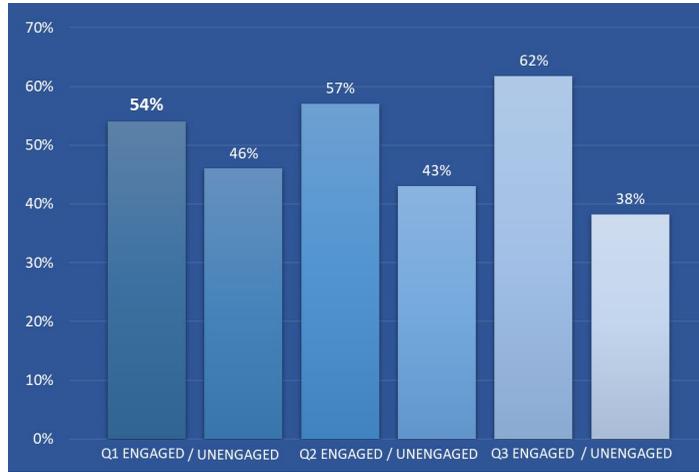

During Q1, drug/alcohol offenses, burglary and other property crimes were the top three offenses committed by the in-custody population. As mentioned on Page 1, please note that “Other Property Crimes” refers to offenses such as elder theft, embezzlement, forgery, and larceny. “Miscellaneous” refers to a number of assorted offenses that do not amount to any one category. These offenses include but are not limited to: evading, false imprisonment, stalking, and arson.

FISCAL YEAR 2020-2021 THIRD QUARTER
SUMMARY REPORT NARRATIVE

SAN MATEO COUNTY HEALTH

BEHAVIORAL HEALTH
& RECOVERY SERVICES

AT-A-GLANCE: All Time Total BHRS Referred, Served, Number of Services, or Booking Encounter

The total number of participants referred to BHRS for treatment since the inception of the Service Connect is 2,752 and of these, 1,579 entered treatment and/or recovery plans (these participants were served by BHRS and is a lower number because not all assessments result in treatment). Referred is defined as participants showing up for the first post-referral appointment and does not include those referred, but who did not follow through on the referral. This also represents the total number of services, 18,978 (both mental health and substance use treatment) provided to participants since the inception of the program. Service type detail for the third quarter is presented in the pie chart at the bottom of the dashboard.

Open Service Connect Cases with a Service

This graph represents total Service Connect participants that received at least one BHRS service. The numbers do include participants that continued from quarter to quarter, so a participant could be counted more than once in each quarter if their case was open across multiple fiscal quarters. Therefore, this graph indicates the total open cases for the first three quarters for the fiscal year. Average quarterly participation less than half of what it was in previous years due to the pandemic.

Engaged Participants with Four or More Services in a Year

“Engaged” is defined as a participant receiving four or more services, meaning the participant has returned to BHRS for multiple appointments for different services, demonstrating the participant is engaged because they actively participate. This report generally reflects consistent engagement with an upward trend and double the engagement than prior year.

Percent of Participants with Substance Abuse Recovery Plan or a Mental Health Treatment Plan

This graph presents the percentage of participants who had a mental health treatment plan or a substance abuse recovery plan. Recovery plans are typically at a rate of two to one as compared to a mental health treatment plan. AOD treatment plans are represented at a higher rate and MH plans the same as the previous year. Note that co-occurring participants are not represented.

Average Days in Treatment In and Post Custody

This graph shows the average days spent receiving treatment. FY 20/21 Third Quarter represents a significant decline in the average number of days spent on either treatment program due to facility closures due to COVID. However, these averages are higher than the previous year.

Mental Health and Alcohol & Other Drugs Services Provided by Service Connect

This pie chart reports mental health and substance abuse treatment services provided by BHRS to Service Connect participants for the FY20/21 Third Quarter. The top five services utilized in order are AOD Residential, MH Services, Outreach, MH Case Mgmt., and Sober Living.

Mobile Health Van Services

Third Quarter data was not available for the Mobile Health Van, although services were offered in the Third Quarter. These services were limited due to facility closure and the data will be updated in the Fourth Quarter with a complete accounting for the fiscal year.

Correctional Health Services

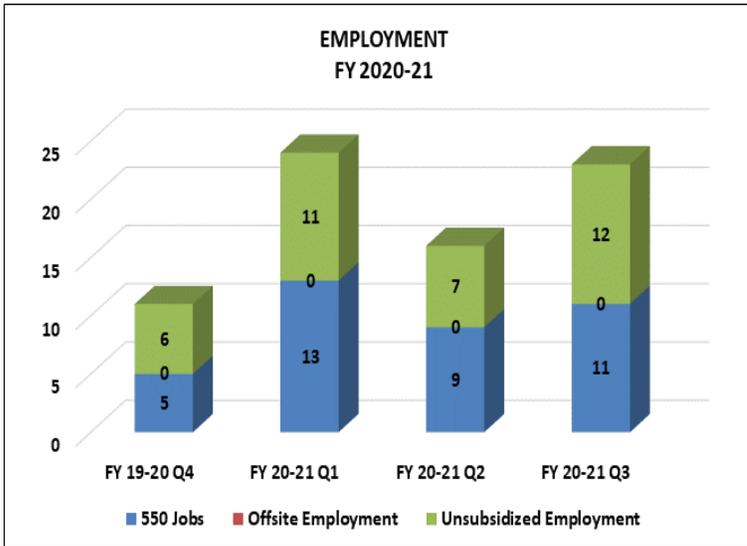

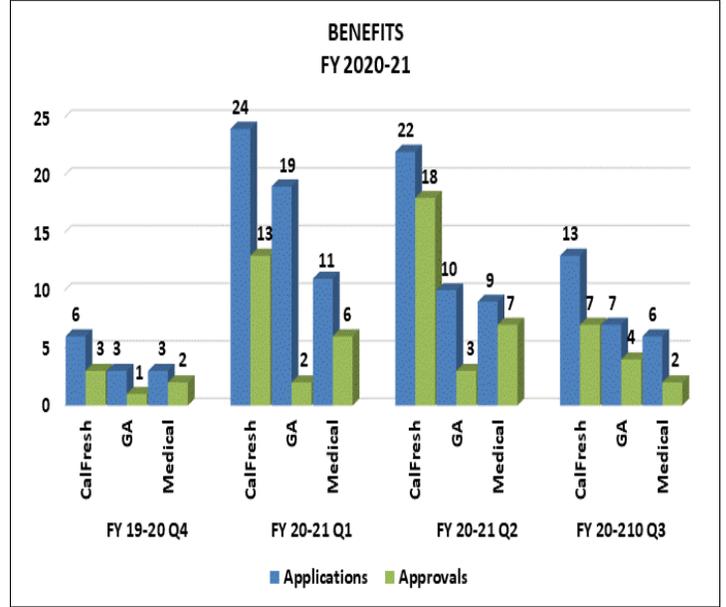

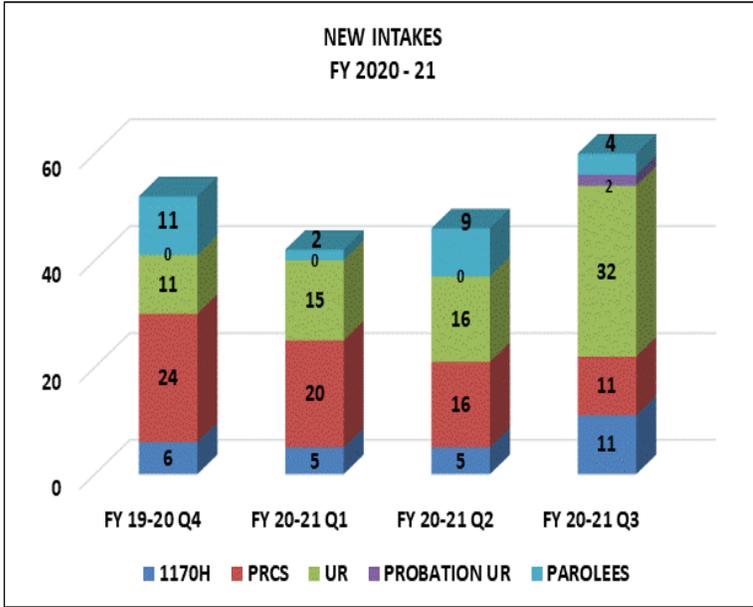

Correctional Health data presents the total participants that flow through Correctional Health in the current quarter as compared to the previous quarter, number of participants screened, number medically treated, and referred for mental illness and substance abuse treatment. FY20/21 Third Quarter represents a continued upward trend, and the numbers are higher than previous year.

Service Connect Cases with PES Counts

A Psychiatric Emergency Services (PES) count is when a Service Connect participant has presented themselves at PES. Those participants that were not admitted are shown as a “visit” and those admitted are shown as “inpatient.” Involvement with PES is only counted if enrolled in Service Connect, counts do not include episodes when subject was not a participant in Service Connect. FY 20/21 Third Quarter experienced an uptick of inpatient episodes, roughly the same as compared to the previous year.

Service Connect HSA Dashboard

FY 20-21, Q3 (January 2021 – March 2021)

Due to COVID-19 service delivery shifted from in person to primarily remote support for Service Connect clients. This shift is reflected in the narrative below.

New Intakes

- There were 60 intakes in Q3 of FY 20-21, a 30% increase from Q2.
- Intakes in Q3: 53% UR, 37% AB109, 7% Parolees, 3% Probation UR.
- UR launched with the Probation department in March 2021. Individuals that meet Unified reentry criteria on intensive supervision and are not referred while in custody (sentenced and released under 20 days) are now able to access Service Connect from Probation.
- Virtual intakes were launched in partnership with the Sheriff's Office for individuals in custody at Maple Street Correctional Center in December 2020. In Q3 of FY 20-21, 41 virtual intakes were completed in Q3 accounting for 68% of intakes.

Eligibility/Benefits

- There were 26 applications received and processed in Q3: 13 CalFresh, 7 General Assistance, and 6 Medi-Cal.
- There were 13 applications approved: 7 CalFresh, 4 General Assistance, and 2 Medi-Cal.
- A total of 10 applications were denied, top reasons for denial: failure to provide verifications and ineligibility. There was one General Assistance application that was withdrawn.

Employment Services

- In Q3, 26 clients obtained employment, an increase of 62% from Q2, of those: 46% unsubsidized employment, 42% subsidized employment, and 12% were offsite employment.
- Service Connect clients participated in offsite employment with the County vaccine clinics, earning \$20 per hour. The top 2 businesses that employed clients in Q3 were retail and services.
- The average wage per hour for unsubsidized employment in Q3 was \$20.39, an increase of \$4.77 per hour from Q2's \$15.62.
- In custody workshops resumed in March 2021, 20 workshops were provided, and 16 participants earned Certificate of Completion for completing a five-workshop cycle.

Services Provided

- The top supportive services are transportation and food assistance. In Q3: 78 Safeway gift cards, 30 Target gift cards, 94 bus passes, 204 bus tickets, 73 meal vouchers, 11 food totes, and 63 clothing vouchers were issued.
- There were 32 clients who utilized the emergency motel voucher program and 10 received shelter bed placements.
- Cell phone services were provided to 24 clients: 24 phones and 28 phone cards were issued.

Peer Support Services

- There were 40 clients who received peer support services: 48% phone check-ins, 38% administrative support and outreach, 8% provider support for housing, and 6% face-to-face meetings.
- Virtual groups are resuming in Q4 of FY 20-21, as 69% of clients surveyed are interested in participating.
