**IV. Probation Remarks – Larry Silver, Deputy Chief Probation Officer**

- Deputy Chief Silver addressed the Commission regarding his return as Deputy Chief for Institutions—he replaces Deputy Chief Brasil who will now be in charge of Realignment (Adult).

- Chairperson Swope announced that John Keene (currently the Deputy Chief Probation Officer for Alameda County) has been selected as the new Chief Probation Officer for San Mateo County—he starts on June 10.
- Chairperson Swope commented on the Peninsula Conflict Resolution Center (PCRC) project in the hall. Family group conferencing is utilized prior to a youth being released from juvenile hall—the youth's family meets with the probation officer and other service providers that the youth may need once released, and they develop a case management plan with support systems to empower the youth to be successful in their communities.

In response to a question from Vice Chairperson Ross, Deputy Chief Silver stated that Probation does not keep statistics on “time and terminate kids.” He stated that Probation loses jurisdiction once they term out, therefore, the department does not track them.

**V. Court Remarks – Judge Susan Etezadi**

None

**VI. Supervisor's Remarks – Warren Slocum**

- Chairperson Swope reported that she and Vice Chairperson Ross met with Supervisor Slocum to discuss his expectations for the JJDPC. She said that Supervisor Slocum said that his office would be open to supporting the JJDPCs convening a regional meeting of the Bay Area's JJDPCs.

In response to a question from Commissioner Barrows, Vice Chairperson Ross stated that the Supervisor entertained the possibility of allowing an intern from his office to assist the commission in visiting regional JJDCs, and seeing how they operate as a commission (i.e. what are they focusing on, how they run their meetings, etc.).

- Chairperson Swope stated that she would speak with incoming Chief Keene to see if funding is available to help host a regional meeting (i.e. Measure A money).
- Commissioner Rollins suggested a representative from the JJDC call the various Chairs in the other counties, and poll their interests and common problems.

## IX. Standing Committee Reports

### Education Advocacy (Rollins)

- Commissioner Rollins noted that Commissioners Boitano and Reynolds have done the primary work on the Education Committee in collaboration with the SMCOE.

In response to a question from Vice Chairperson Ross, Commissioner Rollins stated that he would like the Commission to go into greater depth on the expulsion issue. He also stated that once the new commissioners are in place, he would like to have more ideas to supplement, enhance or add a broadening focus on the current interests of the commission.

- Vice Chairperson Ross suggested that the committee look at the issue of incompetency. She stated that the County is dealing with incompetent youth most of whom have IEPs (Individualized Education Programs) and are being served by the education system, yet the County gets into a pattern where Probation cannot place them.

In response to a question from Commissioner Rollins on the definition of incompetent, Vice Chairperson Ross stated that these are kids that are found by the Court to not be legally competent to stand trial—there can be different reasons why (e.g. age or cognitive ability).

### Inspections (Bloomfield)

- Commissioner Barrows stated that the main responsibility as commissioners is to inspect facilities that hold County youth—police stations are inspected on behalf of the Court and group homes at the request of the Court.
- Commissioner Barrows suggested that each of the commissioners familiarize themselves with the Inspection Handbook for Juvenile Halls and Camps, Facilities Inspections Reference 2013, and the “Cheat Sheet” (General Guideline Juvenile Facilities/Police Stations).
- Commissioner Barrows polled the commissioners for questions to ask during the course of inspections that focus on the commission’s area of interest, which is programming.
- Commissioner Barrows suggested having inspections scheduled by the July meeting. Police stations and group homes inspections should be completed by the August meeting. YSC and Camp Glenwood inspections should be completed by September meeting.
- Vice Chairperson Ross commented that Excell Readiness Group Home is closing on the 31<sup>st</sup>.

On Commission consensus, the commissioners will discuss at a future meeting content that should be on the JJDPC website. Commissioner Barrows will compose a list of website content requests based on feedback from fellow commissioners.

### YSC Liaison of Committee (Miller/Ross)

- Vice Chairperson Ross stated that the committee has scheduled a tentative meeting for June 12—the intent is to meet every 60 days to follow up on any issues that come up, including education, medical services, and food.
