Jeff Morino, Director with the Probation Department, described the new Trauma-Informed and Assessment-Driven Glenwood program implemented on March 6, 2017. Youth who are committed to the Camp Glenwood program start the program at the Juvenile Hall while assessments are completed and a Community Re-entry Plan (CRP) is created. This first level is no longer than 30 days. Youth then go to Camp Glenwood for the next 8 to 11 months. The program is currently staffed for 20 youth.

Weekly Multi-disciplinary Team (MDT) meetings are held to discuss each youth’s progress and update their CRP as needed. Mandatory elements of the Camp program are individual mental health counseling, family therapy, and 16 Multi-family therapy sessions. The Multi-

family groups occur while at Camp and after returning home. Additionally, while in custody at Camp Glenwood, the boys receive a multitude of evidence-based interventions such as drug and alcohol counseling, gang intervention, anger management, pro-social thinking courses, positive relationship building classes, and cognitive therapy, as well as vocational and on-the-job training.

Privileges at camp are based on levels (1 thru 7). When a youth wants to move up a level, he completes a petition and presents it to the Multi-Disciplinary Team. When a minor reaches level 4, he starts going home during the weekends. Home passes begin at 8 hours and work their way up to a full 48 hour weekend.
