Middlefield Road Improvement Project

Department of Public Works Status / Update

North Fair Oaks Community Council Meeting June 24, 2021

Project Limits and Key Components

Roadway Improvements:

 Pacific Avenue to Fifth Avenue (0.5 mi)

Utility Undergrounding:

 MacArthur Avenue to and Fifth Avenue

Sanitary Sewer Replacement:

 Douglas Avenue to Sixth Avenue

General Layout and Elements

- New lane configuration: 1 lane in each direction
- Widened Sidewalks
- Street Lights
- Buffered Bike Lanes
- High Visibility Crosswalks
- Rectangular Rapid Flash Beacon (RRFB)

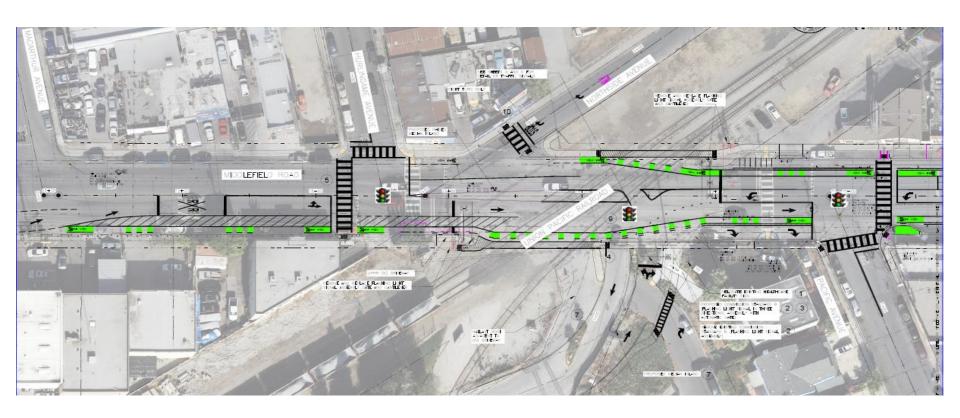

- Traffic Signals
- Street Trees
- Bike Racks, Benches
- Trash Receptacles
- Undergrounding Overhead Utilities
- Green Infrastructure/stormwater treatment features

Street View

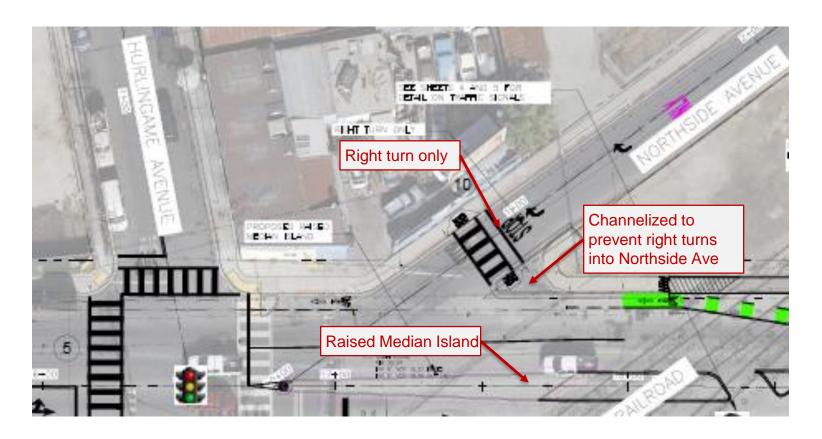

Traffic Signals and Clinic/Redwood Junction Driveway

- Three (3) new traffic signals Hurlingame Ave, Clinic/Redwood Junction driveway, and Pacific Ave
- Signals will be interconnected to the railroad crossing equipment.
- New railroad crossing equipment at Clinic/Redwood Junction driveway.

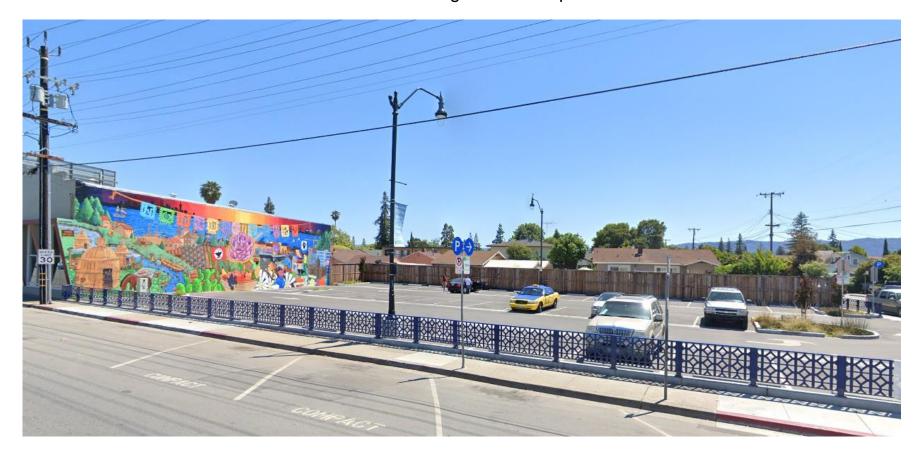

Modifications near Railroad Crossing

- Northside Avenue one way from Stanford Avenue to Middlefield Road and right turn exit only
- Median on Middlefield Road to prevent left turns from Northside Avenue to Middlefield Road

Public Parking

Middlefield Road @ 2nd Avenue Lot (**43 Parking Spaces**)
Parking Restrictions: 2 Hour parking from 7:00 am - 10:00 pm.
No Parking from 10:00 pm - 7:00 am

Public Parking

Berkshire Road @ Huntington Ave Parking Lot (16 parking spots for compact cars)

Parking Restrictions: 2 Hour parking from 7:00 am - 10:00 pm No Parking from 10:00 pm - 7:00 am

Project Schedule Updates

- Project Advertised for Bid: October 23, 2020
- Project Awarded to Granite Rock Construction:

February 2, 2021

- Construction Began: May 17, 2021
- Anticipated Completion: Winter 2022 (1.5 years)
- Website: www.middlefieldroad.org

Anticipated Construction Phasing

- Underground work Sanitary sewer pipe replacement and trenching for undergrounding of utilities
- 2. Sidewalk Construction
- 3. Road Work
- 4. Install streetlights, trees, and traffic signals
- 5. Railroad crossing equipment installed by UPRR
- 6. PG&E and other utilities to pull wires through the underground conduits
- 7. Energize underground system, remove overhead wires, and remove poles

Note: some of these items of work may be concurrent, but this provides a general phasing of work

Access During Construction

- Work performed in phases on one side of Middlefield Road in two blocks at a time
- Temporary pedestrian walkways to allow pedestrian access
- Access for delivery trucks and vehicle service to businesses will be maintained and may be controlled by flaggers at work zone entrances during construction hours
- Emergency vehicle access will be provided
- Ongoing coordination with SamTrans bus service during construction
- Typical construction work hours 8:00AM to 5:00PM Monday Friday.
 Construction updates to be posted to the website minimum 48-hour notice www.middlefieldroad.org
- Notifications to be provided throughout construction

Community Meetings

- June 24, 2021 In Person Meeting at 10:00AM-11:30AM at the Middlefield Road Mural Parking Lot (Middlefield Road & 2nd Avenue)
- June 30, 2021 Virtual Meeting at 10:00AM-11:30AM via Zoom meeting
- Presentation to be posted on our website <u>www.middlefieldroad.org</u>

PRE CONSTRUCTION BILINGUAL POSTCARD, NOTIFICATION, AND BILLBOARD

Construction Primary Notification

Middlefield Road Improvement Project

Overview: The County of San Mateo, Department of Public Works, is performing improvements in your neighborhood beginning approximately Monday, May 17, 2021, through December of 2022. They include constructing an underground joint trench, which will house overhead power and communication lines from MacArthur Avenue to 5th Avenue and sanitary sewer mainline replacement between Douglas Avenue and 6th Avenue. This project will replace the existing four (4) through-lane configuration with two (2) through-lanes in each direction, a center turn lane, bike lane, and parallel parking. Improvements to the area will include widening of the sidewalks, construction of stormwater hioretention features street trees streetlights pedestrian lights, and other site furnishings such as bike racks, trash receptacles and public benches, as well as other items and details not mentioned above.

Impacts to Business Owners: During the periods of construction, entry and exits to your business may be impacted, and these impacts will be minimized as much as possible. Any landscaping features you may have within the County right of way shall be removed/salvaged by the business owner to facilitate construction. Some parking areas will temporarily be inaccessible. These areas will be blocked off with "No Parking- Tow-Away" signs.

Notificación primaria de construcción

Proyecto de Mejora de Middlefield Road

Descripción general: El Condado de San Mateo, departamento de obras públicas, realiza mejorar su vecindario desde aproximadamente el lunes 17 de Mayo de 2021 hasta Diciembre del 2022. Esto incluye la construcción de una zanja de unión subterránea, que albergará líneas aéreas de energía y comunicación desde MacArthur Avenue hasta 5th Avenue y el reemplazo de la línea principal de alcantarillado sanitario entre Douglas Avenue y 6th Avenue. Este proyecto reemplazará la configuración existente de cuatro (4) carriles de paso con dos (2) carriles de paso en cada dirección, un carril de giro central, carril de bicicletas y estacionamiento paralelo. La área incluirá el ensanchamiento de las aceras, la construcción de elementos de biorretención de aguas pluviales, árboles en las calles, alumbrado público, luces para peatones y otros muebles del sitio, como portabicicletas, basureros y bancos públicos, y otros elementos y detalles no mencionados arriba.

Impactos para los propietarios de negocios: durante los períodos de construcción, las entradas y salidas de su negocio pueden verse afectadas y estos impactos se minimizarán tanto como sea posible. Cualquier característica de jardinería que pueda tener dentro del derecho de paso del condado deberá ser removida / rescatada por el dueño del negocio para facilitar la construcción. Algunas áreas de estacionamiento serán temporalmente inaccesibles: estas

Information Packet For Business Owners

FACT SHEET:

Middlefield Road Improvement Project

WHAT: this roadway improvement project will move all overhead utility lines underground, replace sanitary sewer lines, and will change the roadway configuration to 3-lanes (one travel lane in each direction and a center turn lane between Pacific and 5th Avenue) with parallel parking, bike lanes and wider sidewalks. It will also include installation of amenities such as benches, street trees and landscaping, streetlights, trash recentacles, bike racks, street art, and public WiFi along the project corridor. Improvements will also be made at the Fair Oaks Clinic/Redwood Junction driveway at the railroad crossing including the installation of traffic signals.

WHERE: Middlefield Road from south of Douglas Avenue to north of 6th Avenue. WHEN: construction began May 2021 and is expected to be completed winter 2022.

BACKGROUND: This project was originally included in the North Fair Oaks

Community Plan ("Plan") approved in 2011 and included extensive community input. The Plan describes the goals for the development of the community over the next 30 years, including land use, circulation and parking, infrastructure, health and wellness, housing, design standards, and economic

Hoja de información: Proyecto de Mejora de Middlefield Road

QUÉ; Este provecto de mejora colocará los cables aéreos de servicios públicos bajo tierra, reemplazará el lcantarillado sanitario, y cambiará la configuración de la calle a tres carriles (un carril de circulación en cada dirección y un carril de giro central entre Pacific y 5th Avenue) con estacionamiento paralelo, carriles para bicicletas y aceras más anchas. También incluirá comodidades de la calle incluyendo bancos, árboles y jardines, farolas, recipientes de basura, estacionamiento para bicicletas, arte callejero, y WiFi público a lo largo del corredor del proyecto. También se realizarán mejoras en el punto de acceso de la clínica Fair TEMPORARY PEDESTR Oaks/Redwood Junction en las vias del ferrocarril, incluyendo instalación de una nueva red de señales de working. Access will all tránsito.

OFF-STREET PARKING : <u>DÓNDE</u>: al norte de Middlefield Road desde Douglas Avenue, y al sur de 6th Avenue

INFORMACIÓN DE CONTEXTO: Este Proyecto originalmente fue incluido en el plan comunitaria de North Fair Oaks ("Plan") aprobado en 2011 y incluyo participación de la comunidad. El Plan describe las metas para el desarrollo de la comunidad por los próximos 30 años, incluyendo uso de: tierra, circulación y estacionamiento, infraestructura, salud y bienestar, vivienda, estándares de diseño, y desarrollo

DESVÍOS TEMPORALES PARA PEATONES Y VEHÍCULOS se pueden ser establecidos mientras las cuadrillas están trabajando. Siempre se proporcionará acceso a los negocios.

SE PROPORCIONARÁ ESTACIONAMIENTO FUERA DE LA CALLE DURANTE CONSTRUCCION EN Middlefield Rd y 2nd Ave y en Berkshire Ave & Huntington.
