San Mateo County Growers:

We are gathering information from San Mateo County's agricultural producers to prepare the 2022 Crop Report. Our Department of Agriculture/Weights & Measures seeks your firsthand production data to create a factual representation of our local agricultural economy. The statistics formed from grouping individual operations into agricultural commodity groups may be used to shape policy and assess damage for disaster designation. For the 2022 production year, we are also seeking information on losses due to drought. **All information provided is confidential and by law cannot be disclosed to any other government agency or private entity.**

Please complete the following information and return by March 13, 2023, using the enclosed self-addressed, stamped envelope. If preferred, you may download and complete this form electronically at smcgov.org/agwm/cropsurveys and email to smateoag@smcgov.org. Please use "Crop Report Survey" in email subject line.
