The Department manages parks, trails, and historic sites to preserve public lands and provide opportunities for education and recreation. The system’s properties include parks, preserves, trails, and historic sites located throughout the County and encompassing more than 17,000 acres.

The parks represent our region’s wondrously diverse natural settings, from rugged tidepools, lush mountain forests, and remote campsites to Bayfront shoreline, sunny picnic areas, and popular playgrounds.

The Department sells annual passes, offering unlimited entrances to all County Parks for a year.

Support your parks
You can volunteer to help rangers protect and improve parklands and serve park visitors.

The San Mateo County Parks Foundation raises funds to improve the quality of County Parks for our community. For information, visit www.SupportParks.org.

The Volunteer Horse Patrol (smcvhp.org) promotes protection and enjoyment of these parks.

Sam McDonald County Park
Pescadero Creek County Park

Sam McDonald and Pescadero Creek County Parks, together with Memorial County Park and Heritage Grove, make up the 8,020-acre Pescadero Creek Park Complex in southern San Mateo County. The ranger station at Memorial Park serves as headquarters for all four parks.

These parks include some of the Santa Cruz Mountain’s most stunning redwood forests. The parks offer plenty of campsites and an extensive trail network, and are favorites with campers, backpackers, hikers, cyclists, and equestrians.

The complex is contiguous with Portola Redwoods State Park, and easily accessible from Highways 1 or 84.

Trail use
- Hikers, runners, bicyclists, and equestrians share these trails. Please be alert and courteous to all trail users.
- Always yield to equestrians by stepping to the edge of the path.
- Bicyclists always yield to other trail users.
- Weather conditions may cause seasonal trail closures.

For more trail information and routes, visit www.SMCoParks.org.

Sam McDonald County Park

Sam McDonald County Park offers magnificent redwood forests and a ridge with vistas of the Pacific Ocean. The Park, some 850 acres, includes youth camps, an equestrian camp, and a hiker’s hut.

Adjacent to McDonald, Heritage Grove is a stunning 37-acre preserve of old-growth redwood forest.

Natural features

Much of Sam McDonald Park is very steep. Ferns and other shade-loving plants are found in lower elevations; the higher-elevation knolls are covered each spring with colorful wildflowers such as sticky monkeyflower, wood rose, and sun cup.

The forests, dominated by coast redwood, also include Douglas-fir, madrone, California laurel, buckeye, big leaf maple, and oak trees.

Common wildlife in Sam McDonald includes black-tailed deer, raccoons, opossums, foxes, bobcats, woodpeckers, Steller’s jays, garter and gopher snakes, and banana slugs. Heritage Grove offers visitors an opportunity to experience the stunning beauty of old-growth coast redwoods.

Activites and facilities

Several miles of trails for hikers, cyclists, and equestrians include connections to adjacent parks.

Trails in Heritage Grove wind through the redwoods. Heritage Grove Trail, open only to hikers, connects with other trails in the complex. The Grove can also be admired from the parking lot off Alpine Road, accessible from Pescadero Road.

The Sierra Club Hiker’s Hut may be reserved by calling the Sierra Club at 650-390-8411 x393. Groups may reserve any of several youth camps or the Jack Brook Horse Camp (seasonally). Make reservations for these camps at www.SMCoParks.org or 650-363-4021.

Hikers, runners, bicyclists, and equestrians share these trails. Please be alert and courteous to all trail users.

Activities and facilities

This park is largely undeveloped wilderness. Hikers, cyclists, and equestrians can access an extensive inter-park trail network from the Sam McDonald Ranger Station, Portola Trailhead, Portola Redwoods State Park, and at the Old Haul Road and Tarwater Trailheads. Cyclists may use a service road, Old Haul Road, which crosses the Park.

Trail camps at Shaw Flat and Tarwater Flat are available for a fee on a drop-in basis for backpackers and cyclists who register with the ranger at Memorial Park. No water is available at trail camps. Backpack stoves are permitted in trail camps.

Pescadero Creek County Park

With 5,860 acres, Pescadero is by far the County’s largest park. Its wilderness includes miles of trails for hikers and equestrians. Pescadero Creek Park shares its eastern boundary and a number of trails with Portola Redwoods State Park. The trail network also connects to Big Basin Redwoods State Park, offering the opportunity for long hikes through multiple parks.

Natural features

Pescadero Creek County Park includes a diversity of trees including coast redwood, Douglas-fir, Santa Cruz cypress, California wax myrtle, tanoak, madrone, California laurel, big leaf maple, canyon live oak, coast live oak, and knobcone pine.

The Park sits atop a deposit of oil and natural gas. Crude oil pools up in Tarwater Creek and seeps into Jones Gulch Creek, staining the rocks.

Pescadero and Alpine Creeks both provide spawning habitat for endangered steelhead; Pescadero Creek also has a small run of endangered Coho salmon.

The endangered marbled murrelet, a small and secretive seabird, nests in the Park. More easily seen are black-tailed deer, raccoons, western gray squirrels, and the occasional coyote and mountain lion.
