This is in regards to San Mateo County's notification letter dated May 3 with subject "Consideration of a proposed Minor Modification to an approved Resource Management (RM) Permit (PLN2006-00357) for the development of Lots 5, 6, 7, and 8 (BLD2016-00161 through BLD2016-00164), in the San Mateo Highlands Area."

Because of the significant impact this construction project will have to the hillside open space along Ticonderoga Drive, **which includes a possible increased risk of a landslide in the area**, I demand that the County give the Highlands community an additional 45 days beyond May 17 to review and respond to the lengthy 289-page project addendum document.

County government must be transparent and accountable to residents/voters.
