

A red Toyota pickup truck is parked on the left side of the paved area. The license plate is visible and reads "4 3131L".

Two rows of red and white striped construction barriers are positioned across the paved area, blocking the path forward.

A small area on the right side of the paved area is cordoned off with yellow caution tape and four orange traffic cones. A sign on the barrier reads "NO ENTRY".

Deep tire tracks are visible on the paved surface, indicating heavy machinery or a large vehicle has recently passed through the area.

Several dark, circular spots are scattered on the paved surface, possibly from oil or other fluids.
