May 7, 2019

To: LAFCo Commissioners
From: Martha Poyatos, Executive Officer *M. Poyatos*
Subject: Consideration of Revised Schedule of Processing Fees

Recommendations

1. Open the public hearing on the Revised Schedule of Processing Fees and receive public comment.
2. Consider and adopt the Recommended Final Appropriations Budget of \$610,766 for the 2019-20 Fiscal Year and Final Work Plan with any desired changes and direct the Executive Officer to distribute it to the County, cities, and independent special districts.

Summary

The Cortese-Knox-Hertzberg (CKH) Act governing LAFCo operations authorizes the Commission to establish a schedule of fees for processing applications and provides that the fees shall not exceed the estimated reasonable cost of providing the service. Processing fees must be adopted by resolution following a noticed public hearing as part of a regularly scheduled meeting. LAFCo's fees were last revised in 2014.

San Mateo LAFCo's fee schedule categories include acreage and type of reorganization proposal. Fees are based on level of complexity of applications, County salary and benefit increases, and other service cost increases such as rent and County Counsel charges.

The Proposed Revised Schedule of Processing Fees was unanimously recommended for approval by the Commission at the March 20, 2019 meeting. Public notices were circulated in the San Mateo County Times and to affected agencies.

Update

Recommended revisions to the fee schedule include an update to the annexation/detachment fees, updates to other action fees, clarification of state fees, and adding fees for services that have been charged at cost, but were not explicitly shown on the fee schedule fees.

The update to the annexation/detachment fees take into account an increase in salary and benefits, the addition of a full time Management Analyst and shared secretarial position, and are

COMMISSIONERS: ANN DRAPER, CHAIR, PUBLIC ▪ JOSHUA COSGROVE, VICE CHAIR, SPECIAL DISTRICT ▪ RICH GARBARINO, CITY ▪ DON HORSLEY, COUNTY ▪ MIKE O'NEILL, CITY ▪ WARREN SLOCUM, COUNTY ▪ RIC LOHMAN, SPECIAL DISTRICT

ALTERNATES: KATI MARTIN, SPECIAL DISTRICT ▪ HARVEY RARBACK, CITY ▪ JAMES O'NEILL, PUBLIC ▪ DAVE PINE, COUNTY

STAFF: MARTHA POYATOS, EXECUTIVE OFFICER ▪ REBECCA ARCHER, LEGAL COUNSEL ▪ ROB BARTOLI, MANAGEMENT ANALYST

based on the varying complexity and requirements related to processing different types of applications. These fees were calculated based on an estimate of time to process the application by staff and the hourly rate for each staff person and activity. On average, the fees for minor annexations are proposed to be increased 29%, with major application fees increased by 28%.

Annexations and Outside Service Agreements that are less than 5 acres in size are the most common type of application received by LAFCo. Highest proposed application fee for this application would be a major application fee of \$4,006. This application fee is less than the lowest annexation application fee for Alameda, Marin, Napa, Orange, Santa Clara, and Sonoma LAFCos. The proposed San Mateo LAFCo fees are similar to fees charged by Contra Costa, Los Angeles, San Diego, and Ventura LAFCos.

For comparison of application fees paid to LAFCo, for 2018, the total amount of fee revenue for 13 applications was \$19,100. If the 2019 fees were applied to these same applications, the total fee amount would be \$26,448, a 38% percent increase and an additional \$7,348.

Fees for other types of actions either have remained at an actual cost basis or are proposed to be increased. For fees with a cost established, the fees are proposed to be increased 16%, to reflect increase in salary and benefits, additions in LAFCo staffing, and the change in expenditures since the fees were last increased in 2014.

In addition to these changes, after reviewing fees schedules of similar LAFCos, the LAFCo fee schedule is updated with fees for services including request for time extension for an application, request to hold a special meeting, fees for outside or special legal counsel, petition verification by the San Mateo County Registration & Elections Division, and requests for copies of meeting videos.

Regarding State fees, both Fish and Wildlife CEQA filing fees and State Board of Equalization Fees are subject to change on a yearly basis. In order to provide the most current fee information possible for applicants, the LAFCo fee schedule refers applicants to the two agencies for their fees.

The Commission has historically adopted fees with the goal of recovering processing costs for individual proposals while not discouraging boundary change applications.

On March 5, 2019, the Budget Committee recommended approval of the revised fee schedule. The Committee also recommended that the Commission adopt a policy of reviewing and updating the LAFCo fee schedule on a biennial basis, with the next review occurring in 2021.

State law requires the Commission to adopt processing fees by resolution. If approved, the new fee schedule would be applicable to proposals on July 15, 2019, 60 days after adoption by LAFCo.

Recommended Action:

1. Open the public hearing and accept public comment,
2. By resolution, adopt the attached 2019 LAFCo Processing Fee Schedule.
