

# PROBATION DEPARTMENT COUNTY OF SAN MATEO

## Quarterly Post-Release Community and Mandatory Supervision Update January – March 2023: 56 New Supervisees

\*since realignment began in October 2011, there have been 2,872 supervisees.

### FY 2022-2023 Third Quarter Highlights

- 56 new supervisees
- 40 new PRCS supervisees; 16 new MS supervisees
- 32% of new supervisees live out of county
- 30% of new supervisees were transient
- 55 revocations were filed
- 45% of violations were technical violations
- 15% of violations were drug/alcohol crimes
- 37% of terminations were successful

### PRCS and MS Released to SMC Supervision

	12	12	16
	7	5	4
	Jan	Feb	Mar
PRCS	12	12	16
MS	7	5	4

### Age

### Gender

### Race

PRCS			
San Mateo	4	Daly City	2
East Palo Alto	4	Pacifica	1
South San Francisco	3	Belmont	1
Redwood City	2	Foster City	1
Half Moon Bay	2		
Transient	14	Out of County	6
<b>Total Supervisees</b>	<b>40</b>		

MS			
San Mateo	1		
Transient	3	Out of County	12
<b>Total Supervisees</b>	<b>16</b>		

## Terminations, Revocations and Flashes

There were thirty-five (35) terminations during the reporting period. Thirty-seven percent (37%) were successful.

Total # of Supervisees Successfully Terminated		Total # of Supervisees Unsuccessfully Terminated	
<b>PRCS – 8</b>	<b>MS – 5</b>	<b>PRCS – 10</b>	<b>MS – 12</b>
<ul style="list-style-type: none"> <li>• Early Terminations: 6</li> <li>• Normal Terminations: 2</li> </ul>			

In the reporting period, we filed a total of fifty-five (55) revocations, with PRCS having forty-one (41) and MS having fourteen (14) revocations. The breakdown by violation category is below:

Violation Type	PRCS	MS	% of Q3 Revocations
Property	4	1	9%
Drug/Alcohol	8	0	15%
Crimes Against Persons	9	2	20%
Technical	16	9	45%
Other Crimes	4	2	11%
<b>Total</b>	<b>41</b>	<b>14</b>	<b>100%</b>

Generally, the population is reoffending by committing crimes similar to those for which they are on Realignment, namely non-serious, non-violent, non-serious sex related crimes.

Forty-five percent (45%) of revocations were for technical violations. Technical violations of supervision are filed when supervisees abscond or fail to abstain from substance use. It is important to note that the Probation Department usually files formal revocations after lower sanctions have been attempted, including flash incarcerations for PRCS cases. However, at times, officers may decide that a formal revocation is more appropriate than utilizing lower sanctions, depending on the circumstances of the violation. Fifty-five percent (55%) of revocations filed were for new law violations involving crimes against persons, property, drug/alcohol related crimes as well as other crimes.

There were ten (10) **flash incarcerations** during this reporting period.

Five (5) cases were **transferred** to another county for supervision.

---

### **Recidivism Definition**

**San Mateo County:** Arrest and/or Charges Filed within 3 years of Last Incarceration in San Mateo County, including warrant arrests, PTA/Court Sentence but ***excludes*** PRCS flash incarcerations/Revocation, 647/849B1 (no charges filed) or dropped charges.

**Attorney General:** An arrest resulting in a charge within three years of an individual's release from incarceration or placement on supervision for a previous criminal conviction

**BSCC:** A conviction of a new felony or misdemeanor committed within three years of release from custody or committed within three years of placement on supervision for a previous criminal conviction.

## REALIGNMENT BULLETIN CY Q1: January 2023 — March 2023

### Executive Summary:

Offenses committed by the supervised and in-custody realignment populations in San Mateo County during January through March (Q1) continue to show that this population commits drug and property crime offenses. However, we continue to see assault and weapons related offenses.

### Overview:

During Q1, vehicle theft (19%), drug and alcohol offenses (18%), and grand theft (10%) were the top committing offenses for the realignment population (this includes the new supervised cases and in-custody realignment offenders). Please note, "miscellaneous" refers to a number of assorted offenses that do not amount to any one category. These offenses include but are not limited to: elder abuse, violating court orders, and various sex crimes.

Average Length of Stay	41	71	50

**AB109 In-Custody on the Last Day of the Quarter:**

On the last day of the quarter (March 31, 2023), the total AB109 in-custody population was 10.3% (103) of the overall average daily population (1,004), a significant increase from the prior quarter 8.2% (84) with an ADP of 1,019.

During Q1 CY2023, vehicle theft, identity theft, and other property crimes comprised the top new charges committed by the in-custody population. Please note that the category "Other Property Crimes" refers to offenses such as elder theft, receiving stolen property, embezzlement, forgery, and larceny. "Miscellaneous" refers to a number of assorted offenses that do not amount to any one category. These offenses include but are not limited to: evading, false imprisonment, stalking, and arson.

# Service Connect BHRS Dashboard

FISCAL YEAR 2022-23 SECOND QUARTER  
SUMMARY REPORT NARRATIVE

SAN MATEO COUNTY HEALTH  
**BEHAVIORAL HEALTH  
& RECOVERY SERVICES**

*Please Note: The BHRS Service Connect Dashboard is presented one quarter in arrears in order to present accurate data because submission deadlines are too soon after the quarter close.*

## AT-A-GLANCE: All Time Total BHRS Referred, Served, Number of Services, or Booking Encounter

The total number of participants referred to BHRS for treatment since July 1, 2017, is 3,090 (increase of 48 over Q1) and of these, 1,789 (increase of 34 over Q1) entered treatment and/or recovery plans (participants served by BHRS and is a lower number because not all assessments result in treatment). Referred is defined as participants showing up for the first post-referral appointment and does not include those referred, but who did not follow through on the referral. This also represents the total number of services, 24,503 (both mental health and substance use treatment) provided to participants since the inception of the program (increase of 1,219). Services provided participants has increased as compared to previous quarters.

## Open Service Connect Cases with a Service

This graph represents total Service Connect participants that received at least one BHRS service. The numbers do include participants that continued from quarter to quarter, so a participant could be counted more than once in each quarter if their case was open across multiple fiscal quarters. The Q2 count is 102, which is consistent with previous quarters, but is the highest count over the last four quarters.

## Engaged Participants with Four or More Services in a Year

“Engaged” is defined as a participant receiving four or more services, meaning the participant has returned to BHRS for multiple appointments for different services, demonstrating the participant is engaged because they actively participate. Engagement increased by 4% over last quarter and is consistent with the historical counts for engaged.

## Percent of Participants with Substance Abuse Recovery Plan or a Mental Health Treatment Plan

This graph presents the percentage of participants who had a mental health treatment plan or a substance abuse recovery plan. Recovery plans are typically at a rate of two to one as compared to a mental health treatment plan which was not the case in Q1. However, in Q2 the number of substance use recovery plans increased and is consistent with a typical quarter.

## Living Situation Upon Program Admission and Discharge

This graph shows the living situations of participants at the time the participant was admitted to

the program and then the living situation when discharged from the program. The purpose of this measure is to monitor the service impact on improvement of the living situation of the participant, with outstanding improvement in Q2. 9 homeless were moved to housing and 3 incarcerated moved to housing or supportive housing, while 4 non-homeless moved into a homeless situation.

## Total Individuals Referred to Service Connect and Total Admitted for Services

Not all individuals referred to the program meet the assessment criteria for admission to the program, so this graph measures the difference between the number of persons referred and the number that are admitted and served for each quarter. The results for Q2 demonstrate a decrease in referrals, but consistency in the number served.

## Social Orientation and Gender Identity (SOGI) Data

BHRS collects SOGI data in five categories at admissions and across the life of a case to inform other levels of government of the needs of all populations. Q2 displays only Sexual Orientation and Pronouns and continues the growth in “Other” to 13%.

## Correctional Health Services

Correctional Health data presents the total participants that flow through Correctional Health by quarter. The counts represent the participants who were screened, medically treated, and referred for mental illness and substance abuse treatment. Q2 shows significant increase in referrals, most of which are AOD referrals.

## Service Connect Cases with PES Counts

A Psychiatric Emergency Services (PES) count is when a Service Connect participant has presented themselves at PES. Those participants that were not admitted are shown as a “visit” and those admitted are shown as “inpatient.” Involvement with PES is only counted if enrolled in Service Connect—counts do not include episodes when subject was not a participant in Service Connect. Q2 shows a significant decrease in PES visits and is a third of the average of 25.

*FY 22-23, Q3 (January 2023 – March 2023)*

## New Intakes

- There were 77 intakes in Q3.
- Intakes in Q3 by program type: 41% UR, 35% AB109, 12% Probation UR, 12% Parolees.
- Under the virtual intake pilot program initiated in coordination with Sheriff's Office, 27 virtual intakes were completed in Q3 accounting for 35% of intakes.

## Eligibility/Benefits

- There were 18 applications received and processed in Q3: 15 CalFresh, 2 General Assistance, 1 Medi-Cal.
- There were 11 applications approved in Q3: 9 CalFresh, 1 General Assistance, 1 Medi-Cal.
- Denied applications totaled 16: 9 CalFresh, 7 General Assistance. Reasons for denial were failed to provide verifications, failed to keep appointment, and living with parents.
- There was one CalFresh withdrawal. Individual was in an assisted care facility with food.

## Employment Services

- In Q3, 32 individuals obtained employment. Subsidized employment comprised 66% and unsubsidized employment 34%.
- Retail, services, and hotel & food were the top 3 businesses that employed individuals in Q3.
- Average wage per hour for unsubsidized employment was \$19.54.
- There were 59 in-custody employment workshops conducted in Q3 with graduates earning a Certificate of Completion. There were 69 graduates who completed a five-workshop cycle and 9 graduates who completed three five-workshop cycles.

## Services Provided

- Transportation and communication were the most requested service in Q3: 105 monthly bus passes, 51 bus tickets, 39 phones, and 46 phone cards were issued serving an average of 66 individuals per month.
- Food assistance was the second most requested service: 248 meal vouchers, 94 Safeway cards, 29 food totes were issued serving an average of 47 individuals per month.
- Other services provided were personal supportive items. Individuals were provided with 87 Target cards, 77 clothing vouchers, 38 hygiene kits.
- In Q3, there were 41 individuals who utilized the motel voucher program and 7 individuals provided with shelter bed placement.

## Peer Support Services

- There were 36 individuals who received peer support services in Q3: 41% face-to-face meetings, 20% provider support, 17% phone check-ins, 14% transportation, 4% motel visits, 2% administrative support, and 2% warm hand-off.
- Iron Sharpens Iron support group had 19 participants over 11 meetings and provides a platform to discuss various barriers to successful reentry.
- There were 18 who have participated in the Enneagram Prison Project, a training program that builds on self-awareness for personal growth and development, since it started in November 2022.
