

COUNTY OF
SAN MATEO

Supplier Diversity Study

The County of San Mateo is seeking your feedback to better understand and find solutions to remove barriers for local, micro, small, and diverse businesses to access the County's procurement opportunities.

The County is hosting four (4) virtual meetings to provide local vendors, contractors, consultants, and suppliers various opportunities to participate and provide feedback to inform the Supplier Diversity Study.

The Study is a tool that will help us understand how local, micro, small, and diverse businesses work with the County and your insights will help guide policies and procedures to improve the participation of underrepresented businesses in future County contracting opportunities.

The virtual meetings will provide an overview of the Supplier Diversity Study, outline how the public can be involved throughout the study period, and include an opportunity to provide feedback during the meeting.
