****IMPORTANT MEETING****

CSA 11 WATER RATES

Dear County Service Area No. 11 (CSA 11 – Pescadero Water System) Customers and Property Owners:

The County of San Mateo Department of Public Works (Department) will hold a public meeting to discuss proposed CSA 11 water rate increases on:

Wednesday, October 29, 2025, 6:30 P.M.

at the

**Pescadero Middle/High School
Cafeteria/Multi-Purpose Room
350 Butano Cutoff
Pescadero, CA 94060**

At the meeting the Department will provide an overview of the CSA 11 water system and its operation, what the rates need to support, and the process to implement new rates.

CSA 11 water rates have not been adjusted since 2012. The current water rates are insufficient to adequately support the costs of operating the CSA 11 water system and at the same time establish a fund reserve for necessary repairs or emergencies.

The Department is moving forward with the rate setting process such that CSA 11 can collect sufficient revenue to support:

- Operation and maintenance of the pump and well systems
- Operation and maintenance of the storage tanks and distribution system
- Repair and replacement of the fire hydrants, pipes, fittings and valves when needed
- Backflow prevention assembly certification and minor repairs
- Emergency response and repairs
- Compliance with local, state and federal health, safety and environmental protection regulations

- Meter reading, billing, administration, and customer service
- Establishing a prudent fund reserve for unanticipated costs

Additional information about your Service Area, presentation, and the timeline for rate setting can be found on our website:
