Subject: **Notification of Upcoming Asphalt Paving Work for the Slip-Out Repair and Bank Stabilization Project at 1780 Higgins Canyon Road, Half Moon Bay CA {County Project # 08H17}**

Dear Recipient:

As the Higgins Canyon Road Slip-Out Repair and Bank Stabilization Project draws to a close, we would like to notify residents of upcoming asphalt paving operations scheduled for **Monday, 11/02/26.**

These paving operations represent one of the final major phases of construction and will involve asphalt placement and compaction.

A full road closure will be in effect for the duration of the paving operations on Monday, 11/02/26.

During this time, traffic will not be permitted, and residents should plan accordingly and make alternative travel arrangements.

Detour signage will be installed to guide motorists along designated alternative routes.

We encourage residents to plan ahead and allow additional travel time to minimize disruptions to their daily schedules.

As we approach completion of the project, we would like to thank the local community for its continued patience, understanding, and cooperation throughout construction.

We apologize for any inconvenience caused by this temporary road closure and appreciate your support as we work toward completing the project.

Sincerely,

Kevin Brady
Project Manager
